*Accounting: Business Reporting for Decision Making, 7th Edition* Jacqueline Birt, Keryn Chalmers, Suzanne Maloney, Albie Brooks, Judy Oliver, David Bond, 2020-01-21 The seventh edition of Birt's Accounting textbook is designed for the core accounting unit in a business or commerce degree. Many students who plan to major in soft side disciplines such as marketing or human resource management need a clear and accessible text that emphasises the relevance of accounting to business. The Accounting interactive e-text features a range of instructional media content designed to provide students with an engaging learning experience. This includes practitioner videos from Ernst Young, animated work problems and questions with immediate feedback. Birt's unique resource can also form the basis of a blended learning solution for lecturers.

Accounting Information Systems for Decision Making Daniela Mancini, Eddy H. J. Vaassen, Renata Paola Dameri, 2013-04-18 This book contains a collection of research papers on accounting information systems including their strategic role in decision processes within and between companies. An accounting system is a complex system composed of a mix of strictly interrelated elements such as data, information, human resources, IT tool, accounting models and procedures. Accounting information systems are often considered the instrument by default for accounting automation. This book aims to sketch a clear picture of the current state of AIS research including design, acceptance and reliance, value added, decision making, interorganizational links and process improvements. The contributions in this volume emphasize that AIS has grown into a powerful strategic tool. The book provides evidence for this observation by examining a wide range of current issues ranging from theory development in AIS to practical applications of accounting information systems. In particular, it focuses on themes of growing interest in the realm of XBRL and Financial Reporting Management Information Systems, IT IS Audit and IT IS Compliance. The book will be of interest to financial and managerial accountants and IT IS practitioners including information systems managers and consultants.

**Understanding Healthcare Financial Management, Seventh Edition** Louis C. Gapenski, PhD, George H. Pink, PhD, 2015-03-01 Instructor Resources, New test bank, PowerPoint slides, chapter problem solutions, minicase solutions and a transition guide to the new edition. In today's healthcare environment, financial issues are paramount and managers must be prepared to deal with these issues as they strive to improve the delivery of health services. *Understanding Healthcare Financial Management, Seventh Edition* blends theory with the nuts and bolts tools managers need for real world decision making. The authors emphasize practical application through self-test questions, key concepts, glossary, terms, learning objectives and spreadsheet problems featured throughout the book, allowing students to make educated financial decisions in even the most complex provider settings.
