Accounting Grade 12 June 2014 Memorandum:

Accounting at War Warwick Funnell, Michele Chwastiak, 2015-03-24 Accounting is frequently portrayed as a value free mechanism for allocating resources and ensuring they are employed in the most efficient manner. Contrary to this popular opinion, the research presented in *Accounting at War* demonstrates that accounting for military forces is primarily a political practice. Throughout history, military force has been so pervasive that no community of any degree of complexity has succeeded in. Through to the present day, for all nation states, accounting for the military and its operations has primarily served broader political purposes. From the Crimean War to the War on Terror, accounting has been used to assert civilian control over the military, instill rational business practices on war, and create the visibilities and invisibilities necessary to legitimize the use of force. *Accounting at War* emphasizes the significant power that financial and accounting controls gave to political elites and the impact of these controls on military performance. *Accounting at War* examines the effects of these controls in wars such as the Crimean, South African, and Vietnam wars. *Accounting at War* also emphasizes how accounting has provided the means to rationalize and normalize violence, which has often contributed to the acceleration and expansion of war. Aimed at researchers and academics in the fields of accounting, accounting history, political management, and sociology, *Accounting at War* represents a unique and critical perspective to this cutting edge research field. *QuickBooks 2014 on Demand* Gail Perry CPA, Michelle Long, 2014-04-11 Need answers quickly? *QuickBooks 2014 on Demand* provides those answers in a visual step by step format. Ministry of Defence main estimates 2011-12 Great Britain: Parliament: House of Commons: Defence Committee, 2011-07-28 The Ministry of Defence MoD must put into the public domain the full cost of military operations in Afghanistan This report notes that although there are obvious standing expenses the Afghan deployment brings with it additional costs in terms of training opportunities cancelled or deferred and equipment wear and tear that will eventually have to be met The Committee is also disappointed by the Department's inability to provide the detailed information requested about expected write offs such as Nimrod and the Type 22 Frigate The MoD was not clear but the Committee deduce that some of the 2010-11 provision for depreciation and write offs will be carried forward to 2011-12 or even later years There is also concern that the voluntary redundancy programme has been over subscribed and that applications or even resignations have been received from individuals who might have achieved high command and asks the MoD to show how it will ensure that the voluntary redundancy process does not impact on the future leadership capability and effectiveness of the Armed Services
