## **Accounting People Think They Hate:**

*Accounting for People Who Think They Hate Accounting* Anurag Singal, 2015-12-02 Financial statements serve as a report card for a business through which managers and entrepreneurs can know their exact financial positions. These financial statements are prepared only through financial accounting. The main purpose of financial accounting is to help entrepreneurs exercise control over their business activities by controlling total costs incurred so that they are able to earn higher profits. So in order to understand where exactly the business stands financially, knowledge of financial accounting is imperative. What is financial accounting? Why do I need to understand it? How will it help me in my business? Why is it important to me? Or is it important to me? These are some of the questions that surface in the minds of young and aspiring entrepreneurs when they start their business or are on the verge of starting one. This book aims to answer them in the most practical and comprehensible manner possible so that accounting is no longer a nightmare for them. Managing on Purpose: A

Framework for Guiding Success in the Workplace James P. Hall, 2016-06-06 Great management is difficult. It requires patience, empathy, courage, flexibility, and an understanding of how everybody's efforts contribute to the greater goal. You may possess some of these qualities, but few of us excel at all of them at least not right out of the gate. *Managing on Purpose* is a concise, comprehensive overview that provides you with the tools you need to achieve results in an organization. You will learn how to communicate effectively with the people you manage, prioritize competing demands on your time, and energy, anticipate problems and deal with them proactively, maintain your equilibrium in the midst of chaos, and much more. Vermunt, 2017-03-14 Rousing bullshit-free advice for aspiring career changers. What is a careergasm? Does it feel as good as it sounds? You bet your ass it does. A Careergasm happens when your work feels good. Really good. Like a groovin' Marvin Gaye song. Like you and your work belong together and you can't help coming back for more. But how do you get your mojo back when you're in a passionless relationship with your job? In *Careergasm*, Sarah Vermunt leads the way. This playful, empowering book for wannabe career changers is a rallying cry, a shot of courage, and a road map charting the course to meaningful work. Filled with real stories about brave people making great stuff happen, this how-to book will help you step out of your career rut and into action. It is written with love and punctuated with laughter, the snorting kind. And the occasional F-bomb. It's a warm hug and a kick in the ass delivered by a straight-talking spitfire who walks the talk and has hundreds of thousands of people sharing her work online. It's time to feel good again. **Question Everything: Advice for Students and Graduates**
