Accountability For Criminal Justice Selected Essays:

Accountability for Criminal Justice Philip C. Stenning, 1995-01-01 Accountability the idea that people governments and business should be held publicly accountable is a central preoccupation of our time Criminal justice already a system for achieving public accountability for illegal and antisocial activities is no exception to this preoccupation and accountability for criminal justice therefore takes on a special significance Seventeen original essays most commissioned for this volume have been collected to summarize and assess what has been happening in the area of accountability for criminal justice in English speaking democracies with common law traditions during the last fifteen years Looking at the issue from a variety of disciplines the authors intent is to explore accountability with respect to all phases of the criminal justice system from policing to parole

Accountability for Criminal Justice Philip C. Stenning, 1995 Accountability the idea that people governments and business should be held publicly accountable is a central preoccupation of our time Criminal justice already a system for achieving public accountability for illegal and antisocial activities is no exception to this preoccupation and accountability for criminal justice therefore takes on a special significance Seventeen original essays most commissioned for this volume have been collected to summarize and assess what has been happening in the area of accountability for criminal justice in English speaking democracies with common law traditions during the last fifteen years Looking at the issue from a variety of disciplines the authors intent is to explore accountability with respect to all phases of the criminal justice system from policing to parole

The Oxford Handbook of Sentencing and Corrections Joan Petersilia, Kevin R. Reitz, 2015 This handbook surveys American sentencing and corrections from global and historical views from theoretical and policy perspectives and with attention to a number of problem specific issues

Criminal justice and accountability in Africa: Regional and national developments Rashida Manjoo, Dominique Mystris, Mashood Baderin, 2022-10-01 Historically Africa has suffered from numerous conflicts which are typically addressed through international criminal law mechanisms and courts but the need for a broader approach is both evident and demanded This book pulls together the debates originating from the conference Criminal Justice and Accountability in Africa National and Regional Developments and highlights the different approaches and mechanisms used to date and what can be taken from them to advance justice and accountability across the African continent

Handbook of Policing Tim Newburn, 2012-08-21 This new edition of the Handbook of Policing updates and expands the highly successful first edition and now includes a completely new chapter on policing and forensics It provides a comprehensive but highly readable overview of policing in the UK and is an essential reference point combining the expertise of leading academic experts on policing and policing practitioners themselves

Federal Probation, 1998

Accountability for International Humanitarian Law Violations: The Case of Rwanda and East Timor Mohamed Othman, 2005-12-10 The main objective of this book is to make available to an informed audience a legal and policy oriented study on accountability for serious human rights and international humanitarian law violations It is an attempt to share the

lessons learnt in accountability for atrocity crimes as conducted by the International Criminal Tribunal for Rwanda ICTR and the United Nations Transitional Administration in East Timor UNTAET. The former established subsequent to egregious atrocities that took place in 1994 and the latter following the massive outburst of violence in 1999. The book is based on two cases: Rwanda and East Timor. It is expected that it will serve as reference literature to both the legal community and policy makers on accountability for heinous international crimes. As the international community and States following serious human rights and international humanitarian law violations have painfully come to terms with their obligations to bring to justice persons in high offices or leadership positions de jure or de facto alleged to have committed such crimes, it has also become imperative that beginners' mistakes be avoided. When the International Criminal Tribunal for the Former Yugoslavia ICTY was established in 1993 and the ICTR in 1994 and commenced their pioneering mandates, there was no template on which the prosecution of individuals most responsible or with the greatest responsibility could be cast. Accountability had to be experimental.

Rule of Law Reform and Development M. J. Trebilcock, Ronald J. Daniels, 2009-01-01

Rule of Law Reform and Development stands out as an important contribution. Michael Trebilcock and Ronald Daniels have produced an ambitious, comprehensive and persuasive book that will be of interest to both rule of law practitioners and academics. The book's overall strengths as a near encyclopaedic appraisal of law and development will ensure its standing as a key resource for this still rapidly evolving field.

Irina Cerić Canadian Journal of Law and Society

This book offers a sophisticated yet pragmatic account of the proper purposes of rule of law reform, the obstacles to achieving it, and the role that the international community can play. The procedural conception of the rule of law offers an appealing alternative to both one size fits all universalism on the one hand and unconstrained relativism on the other.

Kevin Davis New York University School of Law US

This is the book that I have been waiting for. Even though rule of law has become the new mantra in development, its meaning remains elusive and its operational content unclear. This book helps us think systematically about it. Grounded in a procedural conceptualization of the rule of law and supported by detailed case studies, Trebilcock and Daniels' analysis lays out a theoretically sophisticated yet practical agenda for making progress with rule of law reforms.

Dani Rodrik Harvard University US

This is a book on the role of legal institutions in economic development that is rich in institutional analysis and nuanced in terms of sensitivity to social, historical and political economy issues that arise in the implementation of the rule of law. I particularly value its major focus on the need for balance between independence and accountability that afflict any rule of law reform, a balance which is missing in more one-sided accounts in the literature. I believe the book will be widely read and appreciated.

Pranab Bardhan University of California Berkeley US

Within the law and development literature, it is the most knowledgeable and comprehensive book on legal reform. I think that it will find a grateful readership among people working in development agencies, humanitarian organizations and among scholars and students of development studies.

Hans Bernd Schfer University of Hamburg Germany

By identifying the key politico-economic reasons why rule of law

reforms in developing countries have faltered and drawing out the implications for future strategy this book is of immense importance and should be widely read Anthony Ogus CBE FBA University of Manchester UK This important book addresses a number of key issues regarding the relationship between the rule of law and development It presents a deep and insightful inquiry into the current orthodoxy that the rule of law is the panacea for the world's problems The authors chart the precarious progress of law reforms both in overall terms and in specific policy areas such as the judiciary the police tax administration and access to justice among others They accept that the rule of law is necessarily tied to the success of development although they propose a set of procedural values to enlighten this institutional approach The authors also recognize that states face difficulties in implementing this institutional structures and identify the probable impediments before proposing a rethink of law reform strategies and offering some conclusions about the role of the international community in the rule of law reform Reviewing the progress in the rule of law reform in developing countries specifically four regions Latin America Africa Central and Eastern Europe and Asia this book makes a significant contribution to the literature It will be of great interest to scholars and advanced students as well as practitioners in the field including international and bilateral aid agencies working on rule of law reform projects and international and regional non governmental organiza

Imagining Security Jennifer Wood, Clifford Shearing, 2013-01-11 This book considers how the issue of security is shaped by a range of actors and agencies in the public private and nongovernmental sectors The book has two key themes that governance is now no longer simply shaped by thinking within the state sphere but also within business and community spheres and that these developments have implications for the future of democratic values as assumptions about the traditional role of government are increasingly challenged **When Justice Is a Game** MaDonna

Maidment, 2021-01-10T00:00:00Z All too often the police do not get the right person Wrongful convictions are framed as mistakes or failures of the justice system However many of the wrongfully convicted are from among the poor and visible minority groups The law then becomes an ideological mask relieving us of the responsibility of engaging with the real issues that underscore wrongful convictions MaDonna Maidment illustrates how the desire to get a conviction and paint the police and the courts in a positive light often means that false evidence and court decisions based on prejudice and racism lead to innocent people being convicted The official version of the law says Maidment despite its claims of impartiality neutrality and objectivity is a tool of the state and its elite club members designed to maintain the illegitimate domination of society Turning back to the very system that got it wrong in the first place therefore should be a non starter **Handbook on Prisons**

Yvonne Jewkes, 2012-08-21 This is the most comprehensive and ambitious book on prisons to have been published a key text for anybody studying the subject and an essential work of reference for practitioners working in prisons and other parts of the criminal justice system It is especially timely in view of the many changes and debates about the role of prisons and their future organisation and management as part of the National Offender Management Service A key aim of the book is to

explore a wide range of historical and contemporary issues relating to prisons imprisonment and prison management and to chart likely future trends Chapters in the book are written by leading scholars in the field and reflect the range and depth of prison research and scholarship Like the Handbook of Policing and Handbook of Crime Prevention and Community Safety the Handbook on Prisons will be the essential book on the subject Encyclopedia of Criminal Justice Ethics Bruce A.

Arrigo,2014-07-17 Federal state county and municipal police forces all have their own codes of conduct yet the ethics of being a police officer remain perplexing and are often difficult to apply in dynamic situations The police misconduct statistics are staggering and indicate that excessive use of force comprises almost a quarter of misconduct cases with sexual harassment fraud theft and false arrest being the next most prevalent factors The ethical issues and dilemmas in criminal justice also reach deep into the legal professions the structure and administration of justice in society and the personal characteristics of those in the criminal justice professions The Encyclopedia of Criminal Justice Ethics includes A to Z entries by experts in the field that explore the scope of ethical decision making and behaviors within the spheres of criminal justice systems including policing corrections courts forensic science and policy analysis and research This two volume set is available in both print and electronic formats Features Entries are authored and signed by experts in the field and conclude with references and further readings as well as cross references to related entries that guide readers to the next steps in their research journeys A Reader s Guide groups related entries by broad topic areas and themes making it easy for readers to quickly identify related entries A Chronology highlights the development of the field and places material into historical context a Glossary defines key terms from the fields of law and ethics and a Resource Guide provides lists of classic books academic journals websites and associations focused on criminal justice ethics Reports and statistics from such sources as the FBI the United Nations and the International Criminal Court are included in an appendix In the electronic version the Reader s Guide index and cross references combine to provide effective search and browse capabilities The Encyclopedia of Criminal Justice Ethics provides a general non technical yet comprehensive resource for students who wish to understand the complexities of criminal justice ethics Judging the Judges, Judging Ourselves David Dyzenhaus,1998-10-19 5 Trial or Inquiry

Civilian Oversight of Policing Andrew Goldsmith,Colleen Lewis,2000-10-22 As the issue of police conduct in both industrialized and non industrialized countries has reached several international agendas contributors from the social sciences justice and human rights examine recent experiences with and prospects for civilian oversight and how the relatively new method of accountability has been interpreted and implemented in a wide range of jurisdictions around the world Distributed in the US by ISBS c Book News Inc *Advanced Introduction to Substantive Criminal Law* Stephen J. Morse,2023-06-01 This Advanced Introduction to Substantive Criminal Law explores the doctrines issues and controversies in the substantive field of criminal law Chapters cover important theoretical and doctrinal topics including the justifications for state blame and punishment the foundations for criminalization the prima facie case affirmative defences of justification

and excuse and sentencing Stephen J Morse uses copious concrete examples drawn from cases statutes and extended case studies including the intricate grading of homicide to enliven the discussion *Wrongs and Crimes* Victor Tadros,2016 Offering a philosophical investigation of the relationship between moral wrongdoing and criminalization this book provides an account of the nature of moral wrongdoing the sources of moral wrongdoing why wrongdoing is the central target of criminal law and the ways in which criminalization of non wrongful conduct might be permissible *Permutations of Responsibility in International Law* ,2019-02-11 In *Permutations of Responsibility in International Law* the concept of responsibility in international law is tackled from a multitude of angles The various contributions which emerged from the proceedings of the ILA Hellenic Branch Regional Conference 2012 examine both classical and modern issues relating to the nature of responsibility both as responsibility for unlawful acts and liability for lawful acts the multifariousness of actors whose actions or omissions may give rise to responsibility and finally the plethora of responsibility related issues that have emerged in different areas of international law be it international law of the sea trade and investment or human rights law

Forensic Psychologists Casebook Laurence Alison,2013-07-23 This book aims to demonstrate how forensic psychology contributes to police investigations providing practical information about the type of reports provided by psychologists and behavioural advisors and set within a broader theoretical context It asks the question What do practitioners actually do when they provide advice for the police and the courts and how do they do it The contributors to the book are all experts in the field of offender profiling and behavioural investigative advice The chapters provide valuable insights into particular case details the ethical and legal consequences of advice coverage of the relevant theoretical context explanations for conclusions drawn practical difficulties in preparing reports potential pitfalls and an account of how cases are resolved *Dictionary of Policing* Tim Newburn,Peter Neyroud,2013-06-17 Contemporary policing is developing rapidly and is becoming increasingly professionalized For practitioners National Occupational Standards Skills for Justice and the the new PDLP Police Development and Learning Programme have brought a new emphasis on skills standards and knowledge Training for police officers and civilian staff working in policing is being significantly upgraded At the same time it has become more rigorous with universities and other higher educational institutions playing an increasingly important part in police training as well as expanding the range of policing courses for undergraduate and postgraduate students Key features approximately 300 entries of between 500 and 1500 words on key terms and concepts arranged alphabetically designed to meet the needs of both students and practitioners entries include summary definition main text and key texts and sources takes full account of emerging occupational and Skills for Justice criteria edited by the UK s leading academic expert on policing and the Chief Executive of the National Policing Improvement Agency Entries contributed by leading academic and practitioners in policing

Revisiting the Question of Imputation in Corporate Criminal Law Constantine N. Nana,2010-02-19 It is now trite knowledge that corporate criminal liability is laced with a large number of contradictions that seriously threaten its

legitimacy This book demonstrates that these contradictions may be avoided if courts consistently refer to an adequate mechanism of imputation It proposes parameters for evaluating mechanisms of imputation and shows how an adequate mechanism may be determined This distinctive book provides students and practitioners with an exposition of the current substantive and procedural corporate criminal law and considers other ways of regulating the activities of corporations than using the criminal law It also addresses the distinction between internal knowledge and external knowledge with reference to pedigreed and non pedigreed rules and shows how the concept of discursive dilemma may be employed to aggregate the acts and intents of agents for the purposes of imputing these acts and intents to accused corporations and holding them liable This book is highly recommended for students of criminology law and business It should also be of interest to defence counsels prosecutors and regulatory agencies that either represent and advise corporate defendants or seek to hold corporations accountable for the breach of criminal law standards
