then focus on refining the available data points and filling in missing data points that are essential to the analysis Another important bottleneck to scaling up TCA is the issue of harmonization which the paper argues is impeded by the number of approaches available As future steps for scaling up TCA harmonization by integrating methodologies and adopting shared principles ideas and requirements is thus recommended *Charter*, 1990 *International Legal Books in Print, 1990-1991* Bowker-Saur, 1990
