at War examines the effects of these controls in wars such as the Crimean South African and Vietnam wars Accounting at War also emphasizes how accounting has provided the means to rationalize and normalize violence which has often contributed to the acceleration and expansion of war Aimed at researchers and academics in the fields of accounting accounting history political management and sociology Accounting at War represents a unique and critical perspective to this cutting edge research field

Forgotten Americans Isabel Sawhill, 2018-09-25 A sobering account of a disenfranchised American working class and important policy solutions to the nation's economic inequalities One of the country's leading scholars on economics and social policy Isabel Sawhill addresses the enormous divisions in American society economic cultural and political and what might be done to bridge them Widening inequality and the loss of jobs to trade and technology has left a significant portion of the American workforce disenfranchised and skeptical of governments and corporations alike And yet both have a role to play in improving the country for all Sawhill argues for a policy agenda based on mainstream values such as family education and work While many have lost faith in government programs designed to help them there are still trusted institutions on both the local and federal level that can deliver better job opportunities and higher wages to those who have been left behind At the same time the private sector needs to reexamine how it trains and rewards employees This book provides a clear headed and middle way path to a better functioning society in which personal responsibility is honored and inclusive capitalism and more broadly shared growth are once more the norm

Yesterday, Today, and Tomorrow Roslyn Arlin Mickelson, Stephen Samuel Smith, Amy Hawn Nelson, 2017-11-14 Yesterday Today and Tomorrow provides a compelling analysis of the forces and choices that have shaped the trend toward the resegregation of public schools By assembling a wide range of contributors historians sociologists economists and education scholars the editors provide a comprehensive view of a community's experience with desegregation and economic development Here we see resegregation through the lens of Charlotte North Carolina once a national model of successful desegregation and home of the landmark Swann desegregation case which gave rise to school busing This book recounts the last forty years of Charlotte's desegregation and resegregation putting education reform in political and economic context Within a decade of the Swann case the district had developed one of the nation's most successful desegregation plans measured by racial balance and improved academic outcomes for both black and white students However beginning in the 1990s this plan was gradually dismantled Today the level of resegregation in Charlotte has almost returned to what it was prior to 1971 At the core of Charlotte's story is the relationship between social structure and human agency with an emphasis on how yesterday's

decisions and actions define today's choices Code of Federal Regulations, Title 48, Federal Acquisition Regulations System, Chapter 2 (PT. 201-299), Revised as of October 1, 2012 U S Office of the Federal Register,2013-01-28 **Ministry of Defence main estimates 2011-12** Great Britain: Parliament: House of Commons: Defence Committee,2011-07-28 The Ministry of Defence MoD must put into the public domain the full cost of military operations in Afghanistan This report notes that although there are obvious standing expenses the Afghan deployment brings with it additional costs in terms of training opportunities cancelled or deferred and equipment wear and tear that will eventually have to be met The Committee is also disappointed by the Department's inability to provide the detailed information requested about expected write offs such as Nimrod and the Type 22 Frigate The MoD was not clear but the Committee deduce that some of the 2010-11 provision for depreciation and write offs will be carried forward to 2011-12 or even later years There is also concern that the voluntary redundancy programme has been over subscribed and that applications or even resignations have been received from individuals who might have achieved high command and asks the MoD to show how it will ensure that the voluntary redundancy process does not impact on the future leadership capability and effectiveness of the Armed Services
