Active Ageing Perspectives From Europe On A Vaunted Topic:

Active Ageing? Perspectives from Europe on a Vaunted Topic Maria Luisa Gomez Jimenez, 2014-04 **Human Growth and Development in Adults** Parker, Jonathan, Ashencaen Crabtree, Sara, 2020-05-20 Uniquely wide ranging in its coverage of key concepts themes and issues relating to human growth and development in adults this textbook explores the crucial challenges and transitions that adults negotiate in their lives It examines key topics and issues within professional practice with adults and their families covering a wide range of practice areas and fusing essential theory and research with practical application Drawing on insights and debates from across sociology psychology criminology and aligned disciplines this textbook is thoughtfully structured to provide an accessible and supportive resource Key features include chapter by chapter summaries case studies and practice examples active learning activities to consolidate knowledge a broad range of tools to develop critical thinking and reflective practice With a companion volume that addresses children and young people this is an essential tool for students and a valuable refresher resource for experienced practitioners Islam and Social Work Crabtree, Sara Ashencaen, Husain, Fatima, Basia Spalek, 2016-12-07 Social services have typically addressed equality and diversity issues through the lens of race and ethnicity while the faith identities of minority ethnic communities have been largely bypassed But in our contemporary world there is a strong need for policies and services that are sensitive to faith in general and to Islam in particular This unique book enables social work practitioners to gain a deeper understanding of how Islamic principles inform and influence the lives of Muslim populations Designed to support work with families and faith communities it examines religious precepts cosmologies philosophies and daily practices while acknowledging cultural variants and population heterogeneity The second edition includes a comprehensive update of the research literature detailed description and explanation of contemporary social work practice with Muslim service users using an updated and expanded collection of international case studies and new sections on religious extremism aging and end of life care The only book specifically addressing social work with Muslim communities **Islam and Social Work** provides an essential toolkit for culturally sensitive social work practice **Social Work Practice with Adults** Sally Lee, Louise Oliver, 2023-04-19 An accessible introduction to social work practice with adults written in collaboration with service users carers and practitioners

Social Work with Disadvantaged and Marginalised People Jonathan Parker, Sara Ashencaen Crabtree, 2017-10-30 Social workers whatever their specialism practise with people at the margins of society It is therefore essential that all social work students not only understand the powers and processes that lead to disadvantage and marginalisation but develop the knowledge and skills needed to bring about change and uphold social justice in all aspects of their professional practice Split into three parts this book considers what is meant by disadvantage and marginalisation how this can come about and the impact this may have on lives before unpicking the key knowledge and skills needed to practice effectively with individuals and groups It then goes on to show what good ethical and reflective practice looks like going step by step through the ins and

outs of using the law and policy to bring about change before considering key ethical dilemmas in practice Ciudades
circulares y viviendas saludables María Luisa Gómez Jiménez, 2022-10-19 La obra que se presenta aborda la necesidad de
atender el examen de la sostenibilidad desde la perspectiva de la inteligencia territorial pero en confluencia con la necesidad
de atención a la emergencia climática y a la singularidad tecnológica como elementos clave que nos permiten aprehender la
respuesta que los operadores públicos deben dar para adecuar las premisas urbanas de nuestras ciudades a los nuevos retos
que ha revelado los recientes escenarios sociales que atravesamos La emergencia sanitaria y la crisis económica energética
derivada de los escenarios de confrontación internacional nos han situado ante la constatación de una necesidad de cambio en
la gestión de los recursos públicos y una atención a la economía circular en las ciudades en la definición de procesos
productivos y en la misma definición de los parámetros de salud pública que el diseño urbano debe incorporar Así el texto que
ahora tiene la oportunidad de leerse desde una proyección interdisciplinar un aporte sólido coherente y original que
apuesta por la búsqueda de un novedoso concepto el de las ciudades circulares entendidas como aquellas que nos hacen
sentir saludables eficientes sostenibles y seguros Aquellas que proporcionan espacios habitables para nuestros mayores
integrando los servicios socio sanitarios y el enfoque tecnológico de partida y que utilizan el diseño de la inteligencia
territorial con un fin de abordar los nuevos retos de la movilidad el desarrollo urbano y la utilización del espacio por las
comunidades resilientes en la era post COVID Las ciudades inteligentes deben ser pues circulares y eficientes en la gestión y
uso de los recursos entre ellos el uso de la energía Le invitamos a que se adentre pues en el tema desde el caleidoscopio que
muestra la conexión entre los aspectos vinculados a las smart cities el cambio climático la inteligencia artificial las nuevas
tipologías de vivienda saludables y adaptadas o las soluciones basadas en la naturaleza entre otros temas abordados
Elementos que permitirán perfilar una propuesta de ciudad circular y resiliente huérfana aún de una atención normativa
integradora Esta obra emana del trabajo sólido del grupo de Investigación PASOS SEJ 650 y de las actividades desarrolladas
en sinergia desde la Red Temática de Excelencia en Investigación de Inteligencia Artificial aplicada a la Salud REDIAS Acción
