**European Union Intergovernmental Conferences** Paul W. Thurner, Franz

Urban Pappi, 2009-05-07 Provides an empirical investigation of foreign policy decision making in the EU 15 The authors examine collective decision making within national governments and in intergovernmental negotiations **Europe United**

Sebastian Rosato, 2010-12-16 The construction of the European Community EC has widely been understood as the product of either economic self interest or dissatisfaction with the nation state system In Europe United Sebastian Rosato challenges these conventional explanations arguing that the Community came into being because of balance of power concerns France and the Federal Republic of Germany the two key protagonists in the story established the EC at the height of the cold war as a means to balance against the Soviet Union and one another More generally Rosato argues that international institutions whether military or economic largely reflect the balance of power In his view states establish institutions in order to maintain or increase their share of world power and the shape of those institutions reflects the wishes of their most powerful members Rosato applies this balance of power theory of cooperation to several other cooperative ventures since 1789 including various alliances and trade pacts the unifications of Italy and Germany and the founding of the United States Rosato concludes by arguing that the demise of the Soviet Union has deprived the EC of its fundamental purpose As a result further moves toward political and military integration are improbable and the economic community is likely to unravel to the point where it becomes a shadow of its former self **Reconstructing the Cold War** Ted Hopf, 2012-04-12 This title explores how the early years of the Cold War were marked by contradictions and conflict It looks at how the turn from Stalin's discourse of danger to the discourse of difference under his successors explains the abrupt changes in relations with Eastern Europe China the decolonizing world and the West **Back to Basics** Martha Finnemore, Judith Goldstein, 2013-04-25 Edited by Martha Finnemore and Judith Goldstein Back to Basics asks scholars to reflect on the role power plays in contemporary politics and how a power politics approach is influential today *Routledge Handbook of Populism and Foreign Policy* David Cadier, Angelos Chrysosgelos, Sandra Destradi, 2025-06-20 This handbook provides a methodical comprehensive and unifying overview of the vibrant yet disparate scholarship on populism and foreign policy By mapping the debates and existing findings as well as presenting the different conceptual and theoretical lenses the handbook provides new insights as to how whether and to what extent populism influences foreign policy Carefully selected international contributors connect their own work to others to offer a thorough theoretically informed and empirically tested academic treatment of the topic across a number of cases where populist actors are or have been in power Divided into four parts Concepts and Theories Factors and Processes Actors and Structures Issues and Policy Areas the diverse and comprehensive insights on the global cross regional and transnational dimensions of populism will be of interest to scholars and students of international relations political science public policy foreign policy political theory populism and area studies This text will also be of interest to those working from the perspectives of Sociology Law and History as well as to the practitioners of international politics **EU and US Foreign Economic Policy Responses to China** Joachim Schild, Dirk Schmidt, 2023-12-19 This book examines EU

and US bilateral trade and investment relations with China their attempts to level the economic playing field and to narrow the reciprocity gap in market openness It explores the extent of EU and US policy change the underlying factors accounting for this change and compares EU and US foreign economic policy answers to an adversary increasingly perceived as an unfair economic competitor and as a systemic rival The book covers a broad range of policy areas from trade wars trade defense instruments their reform and use investment screening and export control to industrial policies It makes eclectic use of different strands of International Relations International Political Economy and Policy Analysis theorizing to account for the extent of and differences in the EU and US responses The People's Republic of China's stellar economic and political rise combined with the resilience of its unfair trade practices its reinforced authoritarian repression at home and its ever more assertive foreign economic policy has triggered a shift in perceptions of China followed by equally profound policy change in the European Union and the US This book expertly charts and explains this significant shift in stance This book will be of key interest to scholars students and practitioners in the fields of EU trade policymaking US foreign foreign economic policy EU China US economic relations European political economy and more broadly to European studies Asian studies International Relations International Political Economy and transatlantic relations

#### **The United States and International Law**

Lucrecia García Iommi, Richard W Maass, 2022-07-26 The United States spearheaded the creation of many international organizations and treaties after World War II and maintains a strong record of compliance across several issue areas yet it also refuses to ratify major international conventions like the UN Convention on the Law of the Sea and the Convention on the Elimination of All Forms of Discrimination Against Women Why does the United States often seem to support international law in one way while neglecting or even violating it in another The United States and International Law Paradoxes of Support across Contemporary Issues analyzes the seemingly inconsistent U S relationship with international law by identifying five types of state support for international law leadership consent internalization compliance and enforcement Each follows different logics and entails unique costs and incentives Accordingly the fact that a state engages in one form of support does not presuppose that it will do so across the board The contributors to this volume examine how and why the United States has engaged in each form of support across twelve issue areas that are central to twentieth and twenty first century U S foreign policy conquest world courts war nuclear proliferation trade human rights war crimes torture targeted killing maritime law the environment and cybersecurity In addition to offering rich substantive discussions of U S foreign policy in each of these areas their findings reveal patterns across the U S relationship with international law that shed light on behavior that often seems paradoxical at best hypocritical at worst The results help us understand why the United States engages with international law as it does the legacies of the Trump administration and what we should expect from the United States under the Biden administration and beyond

The Foreign Policies of European Union Member States Ian Manners, Richard Whitman, 2000 This comparative analysis of the foreign policies of European Union member

states includes comprehensive coverage of the post Maastricht period and the three newest members of the EU In the only comparative study of its kind since 1976 the book analyzes the dual impact of the Maastricht Treaty on the European Union and the post Cold War environment on the foreign policy processes of the EU s member states The book argues for a new approach to the foreign policy analysis of EU states that recognizes the fundamental changes that membership brings after the Cold War but also acknowledges the diverse role of policies which states seek to retain or advance as being special
