May, 2022-08-09 In a previous volume *State and Society in Papua New Guinea The First Twenty Five Years 2001* reprinted by ANU E Press in 2004 a collection of papers by the author published between 1971 and 2001 was put together to mark Papua New Guinea's first 25 years as an independent state This volume presents a collection of papers written between 2001 and 2021 which update the story of political and social development in Papua New Guinea in the first two decades of the twenty first century The chapters cover a range of topics from an evaluation of proposals for political reform in the early 2000s a review of the discussion of failing states in the island Pacific and the shift to limited preferential voting in 2007 to a detailed account of political developments from the move against Sir Michael Somare in 2011 to the election of Prime Minister Marape and his performance to 2022 There are also chapters on language policy external and internal security religious fundamentalism and national identity and the sustainability of economic growth *Photographing Papua* Max Quanchi, 2009-03-26 *Photographing Papua* is a study of photography in the public domain in the late nineteenth and early twentieth centuries It argues that southeastern New Guinea known as British New Guinea and then as Papua when it became an Australian colony was created as a geographical place through visual representation in illustrated magazines and newspapers lavishly illustrated travelogues and mission hagiography serial encyclopedia lantern slides and postcards Readers knew Papua because many thousands of black and white photographs of Papuans villages and material culture rapidly swamped the reading public once the process of halftone newsprint reproduction became possible In an innovative and breakthrough fashion *Photographing Papua* switches attention from a few well known prints in museums and archives in some cases repeatedly reproduced but mostly rarely seen outside of scientific and scholarly circles It deals instead with thousands of photographs often used in ways not intended when the photograph was taken but which editors and publishers and subsequent photographers gradually made conform to an iconographic imperative a sort of abbreviated visual gallery of natives and a quick access pathway to the actual and imagined lives of Papuans in the last Unknown as New Guinea was titled It is a study of representation colonialism cross cultural encounters and the early world of illustrated media and photo journalism **Payback** G. W. Trompf, 1994-07-14 In this ambitious study the first monograph on religion and the logic of retribution Professor Trompf shows how various aspects of payback both negative and positive provide the best indices to an understanding of Melanesian views of life The book explores the reasons why people pay back and opens up a whole new dimension in the cross cultural study of human consciousness The author conducts his readers through the most complex anthropological pageant on earth illustrating his arguments from western New Guinea to Fiji *Accounting Education for the 21st Century* Jane O. Burns, Belverd E. Needles, 2014-06-28 Accounting practice whether in business or government is more dynamic more complex and addresses a

wider array of issues than it did as little as five years ago Significant and rapid social political technological and economic changes are taking place in the world economy and it is increasingly recognised that accountants in all countries play a key role in the process of economic development Accounting education is undergoing a thorough review on a worldwide basis and major developments are taking place to produce quality accounting education that can keep pace with dramatic world change This book provides an up to date view of the state of accounting education throughout the world and focusses on the global challenges facing accounting education as we approach the millenium

The Neglected War Hermann Hiery,1995-12-01 In the summer of 1914 Germany s Pacific colonies were a quiet backwater of its empire But the shots of Sarajevo shattered the Pacific as well as Europe Within weeks of the outbreak of World war I Western Samoa German territory to be taken in the war New Guinea and the Micronesian lands were occupied by Australian New Zealand and Japanese forces Current historiography claims that World War I made little difference to the indigenous populations of the Pacific and that this change in colonial masters had little effect on those they ruled The Neglected War challenges this interpretation World War I and its aftermath Hermann Hiery claims had a tremendous effect on the Pacific Islands Hiery details the policies pursued by Australia New Zealand and Japan showing how each viewed and treated the indigenous populations Administered by military officers with little civil oversight the new colonial regimes employed the mandates they had received at the Paris Peace Conference with impunity Hiery s scrupulous review of the evidence gathered from largely unknown primary sources has uncovered a story of masquerades and coverups negligence and duplicity leading in some cases to full blown atrocities Most of all he tells the story of Pacific Islanders how they coped with the dramatic changes brought about by the war and how they tried to influence its consequences Many Islanders were fully aware that their political destiny was to be redefined after the war and a few even saw it as an opportunity to achieve independence This is also the story of their failure Behind the evidence gathered here lie fundamental questions How important are the differences in the nature of particular colonial regimes and what effect do such differences have on indigenous peoples How do indigenous peoples interpret disparities in colonial rule This revisionist work addresses these issues while shedding light on a crucial time in the history of the Pacific
