Johnson,2021-12-27 Poets have long given us poems as portals into the stunning event and astonishing affirmation at the core of Christian faith the Eternal Word has taken on flesh in Jesus of Nazareth This is the mystery and message this collection of poems explores The Latin word for poetry is carmen Over time carmen formed into our English word charm These are Christmas carmen for the believer and doubter the joyful and sorrowful and the seeker longing for the experience of God with us They are for opening the heart widening the imagination and shaping the soul They are for remembering and beholding the mystery of the Incarnation in everyday life all year long **Seeking the God Beyond** J. Williams,2019-07-29 Apophatic theology or negative theology attempts to describe God the Divine Good by negation to speak only in terms of what may not be said about the perfect goodness that is God It is a way of coming to an understanding of who God is which has played a significant role across centuries of Christian tradition but is very often treated with suspicion by those engaging in theological study today This book seeks to introduce students to this oft misunderstood form of spirituality Beginning by placing apophatic spirituality within its biblical roots the book later considers the key pioneers of apophatic faith and a diverse range of thinkers including C S Lewis and Keats to inform us in our negative theological journey A final section explores what difference a negative theological approach might make to our practice and our liturgy

Science and Literature in Cormac McCarthy's Expanding Worlds Bryan Giemza,2023-05-04 Bryan Giemza challenges the myth of the solitary genius both in scientific and humanistic endeavors and demonstrates how Cormac McCarthy is the exceptional figure whose work allows and encourages us to interrogate the marriage of the sciences and humanities Drawing from previously unsurfaced archival connections as well as a range of primary sources and interview subjects including those close to McCarthy Giemza places McCarthy s work within contemporary scientific discourse and literary criticism Timely and

innovative in both content and structure the volume includes a biographical examination of the writer's love of science and the path that led him to the Santa Fe Institute and offers a rare look behind its closed doors The book probes the STEM subjects with chapters focused on technology engineering and math within and throughout McCarthy's fictional universe and biography The final chapter explores McCarthy's friendship with Guy Davenport and their shared interest in creating a unified aesthetic theory alongside McCarthy's essays and most recent literary projects The Passenger and Stella Maris In arguing that science and art are connected by aesthetics Giemza confirms the profound truth of McCarthy's unwavering belief that There's a beauty to science and a language of human understanding that transcends words Finding God in a Tangled World Juris Rubenis, Maris Subacs, 2007 A unique conversation about faith between a Protestant pastor and a Roman Catholic artist in the heart of post communist Europe offers pithy observations about the world conveying people who stand at all times before a gracious presence that empowers them to do what they could not do by themselves *When Poets Pray* Marilyn McEntyre, 2019-05-28 Two dozen select prayer poems to learn from and live with Poetry and prayer are closely related We often look to poets to give language to our deepest hopes fears losses and prayers Poets slow us down They teach us to stop and go in before we go on They play at the edges of mystery holding a tension between line and sentence between sense and reason between the transcendent and the deeply comfortingly familiar When Poets Pray contains thoughtful meditations by Marilyn McEntyre on choice poems prayers and poems about prayer Her beautifully written reflections are contemplative exercises not scholarly analyses meant more as invitation than instruction Here McEntyre shares gifts that she herself has received from poets who pray or who reflect on prayer believing that they have other gifts to offer readers seeking spiritual companionship along our pilgrim way POETS DISCUSSED IN THIS BOOK Hildegard of Bingen Lucille Clifton Walter Chalmers Smith Robert Frost Wendell Berry Joy Harjo John Donne Gerard Manley Hopkins Said Marilyn McEntyre George Herbert Thomas Merton Denise Levertov Scott Cairns Mary Oliver Marin Sorescu T S Eliot Richard Wilbur Francisco X Alarcon Anna Kamienska Michael Chitwood Psalm 139 1 12 Poesia sempre , 2008 **Selected Poems** Anna Achmatova, 1976 Selected Poems , 1969 *Selected Poems* Anna Andreevna Akhmatova, 2016 *Selected Poems* Anna Achmatova (pseud. van Anna Andreevna Gorenko), 1969
