Astoria Or Anecdotes Of An Enterprise Beyond The Rocky Mountains:

Astoria Washington Irving, 2015-01-08 In 1811 a group of American traders built a fort at the mouth of the Columbia River named Fort Astoria in honor of its financier John Jacob Astor Envisioned as the spur of a fur trading empire by 1813 the project was a business failure and the fort was surrendered to the British But in its short life Astoria rendered incalculable benefits to public understanding of the Great Northwest The exploration of trade routes the description of various Indian tribes and their customs and an American claim on the Northwest coast were among many of its legacies Astor never relinquished his pride in the enterprise and insisted that the West would one day be a dominating factor in national politics To drive his point home he asked Washington Irving the country's most renowned and respected author to transform the papers of Fort Astoria into a unified and readable history Irving accepted the offer and published *Astoria* in 1836 From its first appearance when it was hailed by no less a reviewer than Edgar Allan Poe to the present day *Astoria* has been read as a vivid and fascinating history comparable indeed to the finest of romances but rooted in the rough and hardy life of trapping hunting and exploration

Astoria, Or, Enterprise Beyond the Rocky Mountains Washington Irving, 1836 The first English edition was issued simultaneously with the American John Jacob Astor persuaded Irving to undertake this story of his ill fated enterprise at the mouth of the Columbia River in 1834 Irving had the use of all of Astor's notes and manuscripts as well as the original journals of such key participants as Robert Stuart Wilson Price Hunt and Ramsey Crooks The resulting work is a classic an indispensable resource for students of the American West It is considered to be the classic account of the first American attempt at settlement on the Pacific coast 1811 initial action towards substantiating our claim to Oregon including the earliest extended relation of Wilson P Hunt's overland expedition from St Louis to that settlement Howes

The Works of Washington Irving Washington Irving, 2015-07-17 Excerpt from The Works of Washington Irving *Astoria* About two years ago not long after my return from a tour upon the prairies of the far West I had a conversation with my friend Mr John Jacob Astor relative to that portion of our country and to the adventurous traders to Santa Fe and the Columbia This led him to advert to a great enterprise set on foot and conducted by him between twenty and thirty years since having for its object to carry the fur trade across the Rocky Mountains and to sweep the shores of the Pacific Finding that I took an interest in the subject he expressed a regret that the true nature and extent of his enterprise and its national character and importance had never been understood and a wish that I would undertake to give an account of it The suggestion struck upon the chord of early associations already vibrating in my mind It occurred to me that a work of this kind might comprise a variety of those curious details so interesting to me illustrative of the fur trade of its remote and adventurous enterprises and of the various people and tribes and castes and characters civilized and savage affected by its

operations The journals and letters also of the adventurers by sea and land employed by Mr Astor in his comprehensive project might throw light upon portions of our country quite out of the track of ordinary travel and as yet but little known I therefore felt disposed to undertake the task provided documents of sufficient extent and minuteness could be furnished to me All the papers relative to the enterprise was accordingly submitted to my inspection Among them were journals and letters narrating expeditions by sea and journeys to and fro across the Rocky Mountains by routes before untravelled together with documents illustrative of savage and colonial life on the borders of the Pacific With such material in hand I undertook the work About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
