A Souls Ransom A Novel Of The 14th Century:

Moved by the Dead Michael Amoruso, 2025-04-14 In the sprawling city of S o Paulo a weekly practice known as devotion to souls devo o s almas draws devotees to Catholic churches cemeteries and other sites associated with tragic or unjust deaths The living pray and light candles for the souls of the dead remembering events and circumstances in a rite of collective suffering Yet contemporary devotion to souls is not confined to Catholic adherents or fixed to specific locations The practice is also linked to popular tours of haunted sites in the city and it moves within an urban environment routinely marked by violence and death While based in Catholic traditions devotion to souls is as complex and multifaceted as religion itself in Brazil where African Portuguese and other cultural forms have blended and evolved over centuries Michael Amoruso s insightful work uses the methods of ethnography religious studies and urban studies to consider how devotion to souls embodies adapts and challenges conventional ideas of religion as tethered to specific sites and practices Examining devotees varied ways of ascribing meaning to their actions Amoruso argues that devotion to souls acts as a form of what he calls mnemonic repair tying the living to the dead in a struggle against the forces of forgetting

The Idea of the Labyrinth from Classical Antiquity through the Middle Ages Penelope Reed Doob, 2019-03-15 Ancient and medieval labyrinths embody paradox according to Penelope Reed Doob Their structure allows a double perspective the baffling fragmented prospect confronting the maze treader within and the comprehensive vision available to those without Mazes simultaneously assert order and chaos artistry and confusion articulated clarity and bewildering complexity perfected pattern and hesitant process In this handsomely illustrated book Doob reconstructs from a variety of literary and visual sources the idea of the labyrinth from the classical period through the Middle Ages Doob first examines several complementary traditions of the maze topos showing how ancient historical and geographical writings generate metaphors in which the labyrinth signifies admirable complexity while poetic texts tend to suggest that the labyrinth is a sign of moral duplicity She then describes two common models of the labyrinth and explores their formal implications the unicursal model with no false turnings found almost universally in the visual arts and the multicursal model with blind alleys and dead ends characteristic of literary texts This paradigmatic clash between the labyrinths of art and of literature becomes a key to the metaphorical potential of the maze as Doob s examination of a vast array of materials from the classical period through the Middle Ages suggests She concludes with linked readings of four labyrinths of words Virgil s Aeneid Boethius Consolation of Philosophy Dante s Divine Comedy and Chaucer s House of Fame each of which plays with and transforms received ideas of the labyrinth as well as reflecting and responding to aspects of the texts that influenced it Doob not only provides fresh theoretical and historical perspectives on the labyrinth tradition but also portrays a complex medieval aesthetic that helps us to approach structurally elaborate early works Readers in such fields as Classical literature Medieval Studies Renaissance Studies comparative literature literary theory art history and intellectual history will welcome this wide ranging and illuminating book

Schaarwächter, 2015-02-27 Die britische Sinfonik ist erst in jüngster Zeit ins allgemeine Interesse gerückt Ein Überblick über die sinfonische Entwicklung im Vereinigten Königreich seit den Anfängen im 18. Jahrhundert bis ins 20. Jahrhundert blieb aber bis heute ein Desideratum Der hier vorgelegte Überblick zeigt wie sich die Identität einer britischen Sinfonik über mehr als hundert Jahre entwickelte geprägt durch Einflüsse vom europäischen Kontinent und von dem Bedürfnis eigene Wege zu finden Gegen Ende des 19. Jahrhunderts nahm das sinfonische Schaffen in Großbritannien stark zu brachte jedoch erst mit Edward Elgar einen prominenten Vertreter von internationalem Rang hervor Ein besonderer Schwerpunkt dieser Publikation liegt auf jenen Werken die zu einem gewissen Grade von anderen überschattet wurden unveröffentlicht oder unaufgeführt blieben Das Ergebnis ist das Bild einer vielgestaltigen sinfonischen Landschaft Großbritanniens das die ästhetischen Perspektiven der einzelnen Komponisten wie auch ihre soziokulturellen Kontexte erhellt Ein umfangreiches Verzeichnis aller bekannten Werke und eine ausführliche Bibliographie laden zu weiterer Erkundung des Sujets ein Only in relatively recent times has any real attention been given to British symphonies So a comprehensive survey showing what exists and how the situation in the United Kingdom developed from the beginnings in the 18th century until well into the 20th century is long overdue The preliminary survey presented here shows how a British symphonic identity gradually took shape over more than a century through influences from abroad and at home enterprising attempts to find new ways of expression By the end of the 19th century British symphonists had produced an impressive body of work yet only with the appearance of Elgar's two symphonies in the following decade did this flourishing school find a champion of international renown In this publication light is shone on those works that have to some extent been overshadowed as well as on those that have remained unpublished or unperformed The result is a multifaceted panorama of British symphonism offering many insights into the composers' thinking and their socio-cultural contexts A comprehensive catalogue of all known works and an extensive bibliography invite readers to delve further into the subject **The Book of Memory** Mary J. Carruthers, 1992-05-14 The

Jeff Nicoll,2023-05-09 The history of Christianity includes many doctrines adopted and actions taken to meet immediate problems but which had unintended consequences they are bad fruit Matt 7 15 20 The oldest is antisemitism which arose from the competition of the early church with early Judaism It was built into the New Testament and was developed by the church fathers Having learned to dehumanize it was easy to apply the same techniques to other groups the church became complicit with enslavement misogyny and other forms of oppression One response to the bad fruit is to reject religion in the manner of Christopher Hitchens However the dogmas are part of our culture even if in secular form If the roots of marginalization are not understood they cannot be eliminated This work uses a range of critics and defenders of traditional Western Christianity to identify poisonous fruits and detoxify them The critical voices do not create a consensus Nevertheless a core can be perceived what Erasmus called the few truths Grounded in the religious tradition they can be shared with secular people as a basis for an ethical merciful and respectful society Although the history of Christianity is bloody there are ways to go forward *The Publisher* ,1903 [The Hidden History of the Tibetan Book of the Dead](#) Bryan J.
