Rural History of Soviet Central Asia: Land Reform and Agricultural Change in Early Soviet Uzbekistan Beatrice Penati, 2024-12-02 In the mid 1920s Uzbekistan's countryside experienced a land reform which aimed at solving rural poverty and satisfying radical fringes among peasants and Party while sustaining agricultural output especially for cotton This book analyses the decision making process underpinning the reform its implementation and economic and social effects The reform must be understood against the background of the wreckage caused by war and revolution and linked to subsequent policies of land organisation and regime sponsored class struggle Overall this is the first comprehensive account of early Soviet policy in Central Asia's agricultural heartland encompassing land rights irrigation credit resettlement and the

co operative system Soviet Central Asia: 1917 966 Richard Austin Pierce,1966 Veiled Empire Douglas T. Northrop,2016-06-08 Drawing on extensive research in the archives of Russia and Uzbekistan Douglas Northrop here reconstructs the turbulent history of a Soviet campaign that sought to end the seclusion of Muslim women In Uzbekistan it focused above all on a massive effort to eliminate the heavy horsehair and cotton veils worn by many women and girls This campaign against the veil was in Northrop s view emblematic of the larger Soviet attempt to bring the proletarian revolution to Muslim Central Asia a region Bolsheviks saw as primitive and backward The Soviets focused on women and the family in an effort to forge a new liberated social order This unveiling campaign however took place in the context of a half century of Russian colonization and the long standing suspicion of rural Muslim peasants toward an urban colonial state Widespread resistance to the idea of unveiling quickly appeared and developed into a broader anti Soviet animosity among Uzbeks of both sexes Over the next quarter century a bitter and often violent confrontation ensued with battles being waged over indigenous practices of veiling and seclusion New local and national identities coalesced around these very practices that had been placed under attack Veils became powerful anticolonial symbols for the Uzbek nation as well as important markers of Muslim propriety Bolshevik leaders who had seen this campaign as an excellent way to enlist allies while proving their own European credentials as enlightened reformers thus inadvertently strengthened the seclusion of Uzbek women precisely the reverse of what they set out to do Northrop s fascinating and evocative book shows both the fluidity of Central Asian cultural practices and the real limits that existed on Stalinist authority even during the ostensibly totalitarian 1930s **Homosexual Desire in Revolutionary Russia** Dan Healey,2012-04-26 The first full length study of same sex love in any period of Russian or Soviet history Homosexual Desire in Revolutionary Russia investigates the private worlds of sexual dissidents during the pivotal decades before and after the 1917 Bolshevik Revolution Using records and archives available to researchers only since the fall of Communism Dan Healey revisits the rich homosexual subcultures of St Petersburg and Moscow illustrating the ambiguous attitude of the late Tsarist regime and revolutionary rulers toward gay men and lesbians Homosexual Desire in Revolutionary Russia reveals a world of ordinary Russians who lived extraordinary lives and records the voices of a long silenced minority **Daily Report, Foreign Radio Broadcasts** United States. History of civilizations of Central Asia Adle, Chahryar,UNESCO,2005-10-03 This major six volume project co published with Macmillan covers the historical experience of the peoples and societies of the Caribbean region from the earliest times to the present day The sixth volume brings this series to an end as it takes in the whole of the modern period from colonial conquest and domination to decolonization the Cold War from start to finish the disintegration of the Soviet Union and the renewed instability in certain areas Not only did the colonial regimes lay a new patina over the region but nationalism remoulded all old identities into a series of new ones That process of the twentieth century was perhaps the most transformative of all after the colonial subjugation of the nineteenth While it has been the basis of remarkable stability in vast

stretches of the region it has been a fertile source of tension and even wars in other parts The impact and the results of such changes have been astonishingly variable despite the proximity of these states to each other and their being subject to or driven by virtually the same compulsions

Islam and Political Legitimacy Shahram Akbarzadeh, Abdullah Saeed, 2003-09-02 Akbarzadeh and Saeed explore one of the most challenging issues facing the Muslim world the Islamisation of political power They present a comparative analysis of Muslim societies in West South Central and South East Asia and highlight the immediacy of the challenge for the political leadership in those societies Islam and Political Legitimacy contends that the growing reliance on Islamic symbolism across the Muslim world even in states that have had a strained relationship with Islam has contributed to the evolution of Islam as a social and cultural factor to an entrenched political force The geographic breadth of this book offers readers a nuanced appraisal of political Islam that transcends parochial eccentricities Contributors to this volume examine the evolving relationship between Islam and political power in Bangladesh Indonesia Iran Malaysia Pakistan Saudi Arabia and Uzbekistan Researchers and students of political Islam and radicalism in the Muslim world will find Islam and Political Legitimacy of special interest This is a welcome addition to the rich literature on the politics of the contemporary Muslim world

Tashkent Paul Michael Stronski,2010-09-19 Paul Stronski tells the fascinating story of Tashkent an ethnically diverse primarily Muslim city that became the prototype for the Soviet era reimagining of urban centers in Central Asia Based on extensive research in Russian and Uzbek archives Stronski shows us how Soviet officials planners and architects strived to integrate local ethnic traditions and socialist ideology into a newly constructed urban space and propaganda showcase The Soviets planned to transform Tashkent from a feudal city of the tsarist era into a flourishing garden replete with fountains a lakeside resort modern roadways schools hospitals apartment buildings and of course factories The city was intended to be a shining example to the world of the successful assimilation of a distinctly non Russian city and its citizens through the catalyst of socialism As Stronski reveals the physical building of this Soviet city was not an end in itself but rather a means to change the people and their society Stronski analyzes how the local population of Tashkent reacted to resisted and eventually acquiesced to the city s socialist transformation He records their experiences of the Great Terror World War II Stalin s death and the developments of the Krushchev and Brezhnev eras up until the earthquake of 1966 which leveled large parts of the city Stronski finds that the Soviets established a legitimacy that transformed Tashkent and its people into one of the more stalwart supporters of the regime through years of political and cultural changes and finally during the upheavals of glasnost
