again available to you Enjoy this classic work today These selected paragraphs distill the contents and give you a quick look inside *A Voyage to Arcturus* What amazes me she half whispered after ten minutes of graceful hollow conversation is if you must know it not so much the manifestation itself though that will surely be wonderful as your assurance that it will take place The star which to the naked eye appeared as a single yellow point of light now became clearly split into two bright but minute suns the larger of which was still yellow while its smaller companion was a beautiful blue Nightspore's eyes wandered about the room finally seeming to linger upon a glass fronted wall cupboard which contained a few old bottles on one of the shelves and nothing else Nightspore seemed unwilling to answer but finding Maskull's eyes still fixed on him he brought out Unless light pulled as well as pushed how would flowers contrive to twist their heads around after the sun While he was still talking with his hand on the smaller bottle the other which was lying on its side accidentally rolled over in such a manner that the metal caught against the table

Books in Print ,1977 *A Voyage to Arcturus* David Lindsay,2021-03-31 The story takes place in Tormance This is an imaginary planet that orbits the star Arcturus In the novel but not actually it is a binary star system made up of Branchspell a large yellow solar star and Alppain a smaller star The novel says that it is 100 light years from Earth
