A Season of Mixed Blessings- Faith on Trail Series. Patti Chiappa,2015-04-17 Patti Chiappa will leave your heart feeling warm and your soul singing as you read about the lives of the people that live in Teardrop Falls Patti Chiappa has done it again she has written a masterpiece that is not only timely but will leave you feeling thankful for every blessing in your life James Anderson is only five years old when he loses his parents in tragic car crash On the night he loses his parents he meets a little boy named Emmanuel But there is something very different about Emmanuel James is the only one that can see him When a nurse hears James talking to no one She grows concerned that James has suffered a mental breakdown after losing his parents The boy is labeled as crazy but when a well respected doctor starts believing in Emmanuel also the town is turned upside down The faith of James and the Doctor is put on trial for the entire world to examine Will both of them be labeled as crazy Will their faith be enough to see them through the trail Will the good doctor have the courage to stand up for his faith even though he might lose everything Will Emmanuel reveal himself to the non believers Follow James as his faith in Emmanuel is tested through out his life as he battles in WW2 falls in love loses people he loves becomes a P O W and more I challenge everyone to read this book and not be moved This book will be loved by Christians and Non Christians alike

Mixed Blessings Amanda Whiting,Carolyn Evans,2006-05-01 The essays in this volume explore some of the diverse and contradictory ways that the lives of women in the Asia Pacific region are shaped by two powerful regimes religion and law and by the interactions between them They show that for women laws customary colonial post independence and international and religions indigenous or introduced Buddhism Christianity Islam and Confucianism have been a mixed blessing These diverse legal systems and religious doctrines and institutions have variously denied women authority and the capacity to participate fully in the public organization of social political and religious life they have furthermore constructed gender and familial relations in ways that subordinate women Yet they have also offered promises of women s empowerment and provided rules and procedures norms values and interpretations of sacred traditions to deliver those emancipatory promises Each chapter is devoted to a single state first the history and current framework of the national legal system is introduced then the place of religion in the state is explained and finally by means of precise and detailed case studies or examples each author explores how these sometimes competing sometimes colluding regimes constructed women and how women interpreted this positioning and sought to resituate themselves
