## **A Separate God The Christian Origins Of Gnosticism:**

*A Separate God* Simone Pétrement,1990      The Emergence of the Christian Religion Birger A. Pearson,2012-11-08 In this book Birger Pearson argues for the study of Christianity as one of the religions of the world He proposes that the study of the New Testament and the other early Christian literature be moved out of the realm of theology and into the area of comparative research of religion The book therefore addresses the problematic of Christian origins that is the historical process by which a new religion Christianity emerges out of an older one Second Temple Judaism Included are studies ranging from the prehistory of Christianity Jesus together with an illuminating lengthy and detailed critical analysis of the work of the Jesus Seminar and the trends in current North American gospel research it reflects into the New Testament and up to the fourth century A concluding chapter presents the author s reflections on scholarly methods used in the study of the Christian religion      **Gnostic Truth and Christian Heresy** A. H. B. Logan,1996-01-01      A Companion to Second-Century Christian 'Heretics' Antti Marjanen,Petri Luomanen,2008 The book deals with thinkers and movements that were embraced by many second century religious seekers but which are now largely forgotten or known only as heretics Basilides Sethianism Valentinus school Marcion Tatian Bardaisan Montanists Cerinthus Ebionites Nazarenes Jewish Christianity of the Pseudo Clementines and Elchasites      **Encyclopedia of Early Christianity** Everett Ferguson,2013-10-08 First published in 1997 What s new in the Second Edition Some 250 new entries twenty five percent more than in the first edition plus twenty five new expert contributors Bibliographies are greatly expanded and updated throughout More focus on biblical books and philosophical schools their influence on early Christianity and their use by patristic writers More information about the Jewish and pagan environment of early Christianity Greatly enlarged coverage of the eastern expansion of the faith throughout Asia including persons and literature More extensive treatment of saints monasticism worship practices and modern scholars Greater emphasis on social history and more theme articles More illustrations maps and plans Additional articles on geographical regions Expanded chronological table Also includes maps      **Backgrounds of Early Christianity** Everett Ferguson,2003-08-19 Having long served as a standard introduction to the world of the early church Everett Ferguson s *Backgrounds of Early Christianity* has been expanded and updated in this third edition The book explores and unpacks the Roman Greek and Jewish political social religious and philosophical backgrounds necessary for a good historical understanding of the New Testament and the early church New to this edition are revisions of Ferguson s original material updated bibliographies and fresh discussions of first century social life of Gnosticism and of the Dead Sea Scrolls and other Jewish literature      **What is Gnosticism?** Karen L. King,2003 A study of gnosticism examines the various ways early Christians strove to define themselves in a pluralistic Roman society while questioning the traditional ideas of heresy and orthodoxy that have previously influenced historians      *The Use of Scripture in the Apocryphon of John* David Creech,2017-08-01 David Creech explores at length the Apocryphon of John s ambivalent treatment of the Jewish and

Christian scriptures Although Moses is explicitly corrected at five points in the text Genesis account of creation is nonetheless the basis for the Apocryphon's cosmogony and anthropogony Its uneven treatment of the biblical text is the result of a dispute between the authors of the Apocryphon and other early Catholics At the earliest stage of the text the Christians who wrote and read the Apocryphon worshiped alongside other early catholic Christians without any sense of contradiction or inconsistency The key shift in the Apocryphon occurred after Irenaeus of Lyons' assault on Knowledge Falsely So Called In response to his concerted effort to bring the church under the authority of early catholic bishops the framers inserted corrections to Moses The corrections are primarily rhetorical and used to refute early catholic identity markers

**Simon Magus: The First Gnostic?** Stephen Haar, 2012-10-24 This latest comprehensive work on Simon Magus lends new impetus to the investigation of Early Christianity and questions surrounding the origin and nature of Gnosticism Major contributions of this study include 1 a departure from the traditional exegesis of Acts 8:5-24 the first narrative source of Simon and the later following reports of ancient Christian writers 2 an overview of the literature of Graeco Roman antiquity to determine the contribution of magic and the Magoi in the development of perceptions and descriptions of Simon and 3 the inclusion of social science explanation models and modern estimations of identity in a creative approach to questions surrounding the phenomenon of Simon

*The Acts of John* Pieter J. Lalleman, 1998 This study was defended as a dissertation in Groningen 1998 The first monograph in the series it studies the Acts of John in its second century context and sheds new light on the text which was probably written in Asia Minor before the year 150 AD Lalleman shows that both the Gnostic and the non Gnostic sections of the Acts of John owe much more to the canonical books of the New Testament than has been assumed The enigma of the Gnostic section is solved by the discovery that it forms the second stage of initiation into a Gnostic form of Christianity Read in this way both sections of the Acts of John turn out to be important steps on the trajectory from the Fourth Gospel to Gnosticism Penetrating investigations of the Christology and the attitude towards asceticism in the Acts of John complete the book

The Aesthetics of Antichrist John Parker, 2018-07-05 In Dr Faustus Christopher Marlowe wrote a profoundly religious drama despite the theater s newfound secularism and his own reputation for anti Christian irreverence The Aesthetics of Antichrist explores this apparent paradox by suggesting that long before Marlowe Christian drama and ritual performance had reveled in staging the collapse of Christianity into its historical opponents paganism Judaism worldliness heresy By embracing this tradition Marlowe s work would at once demonstrate the theatricality inhering in Christian worship and unexpectedly resacralize the commercial theater The Antichrist myth in particular tells of an impostor turned prophet performing Christ s life he reduces the godhead to a special effect yet in so doing foretells the real second coming Medieval audiences as well as Marlowe s could evidently enjoy the constant confusion between true Christianity and its empty look alikes for that very reason mimetic degradation anticipated some final as yet deferred revelation Mere theater was a necessary prelude to redemption The versions of the myth we find in Marlowe and earlier drama actually approximate John Parker argues a premodern theory of the redemptive effect of dramatic representation itself Crossing the divide between medieval and Renaissance theater while drawing heavily on New Testament scholarship Patristics and research into the apocrypha The Aesthetics of Antichrist proposes a wholesale rereading of pre Shakespearean drama **Images of Rebirth**

Hugo Lundhaug, 2010-08-09 This book offers fresh readings of the Gospel of Philip NHC II 3 and the Exegesis on the Soul NHC II 6 from new theoretical and historical perspectives Eschewing the category of Gnosticism and challenging common categorisations the book analyses the preserved Coptic texts as coherent Christian compositions contemporary with the production and use of the Nag Hammadi Codices A methodological framework based on Cognitive Poetics is outlined and applied to illuminate how the texts present a soteriology of transformation through religious rituals and practices using complex conceptual and intertextual blends with important polemical and paraenetic functions The analysis highlights the use of metaphors and allusions in re interpretations of authoritative Scripture ritual and dogma Complete Coptic texts and translations are included **Ways of Reading Scripture** Frances Young, 2018-05-03 This volume consists of previously published articles by Frances Young a scholar of early Christianity well known for her work Biblical Exegesis and the Formation of Christian Culture together with a few newly composed additions The studies collected here are concerned with the New Testament but their approach is often not in the modern historico critical mode Rather they bring new insight

through being informed by the author's patristic specialism by methodological enquiries by her interest in doctrinal and theological reading and by exploration of the very nature and function of sacred scriptures The significance of this volume lies in the way it exemplifies the extraordinarily interesting changes which have taken place in biblical hermeneutics during the last 50-60 years Many of the essays could be useful not only to research specialists but to advanced undergraduates as well as clergy and preachers      The Oxford Handbook of Early Christian Studies Susan Ashbrook Harvey, David G.

Hunter, 2008-09-04 Provides an introduction to the academic study of early Christianity c 100-600 AD and examines the vast geographical area impacted by the early church in Western and Eastern late antiquity from publisher description

*Encyclopedia of Catholicism* Frank K. Flinn, 2007 Covers the key people movements institutions practices and doctrines of Roman Catholicism from its earliest origins R sum de l diteur      Shaman and Sage Michael Horton, 2024-05-28 The first volume of Michael Horton's magisterial intellectual history of spiritual but not religious as a phenomenon in Western culture Discussions of the rapidly increasing number of people identifying as spiritual but not religious tend to focus on the past century But the SBNR phenomenon and the values that underlie it may be older than Christianity itself Michael Horton reveals that the hallmarks of modern spirituality autonomy individualism utopianism and more have their foundations in Greek philosophical religion Horton makes the case that the development of the shaman figure in the Axial Age particularly its iteration among Orphists represented a divine self One must realize the divinity within the self to break free from physicality and become one with a panentheistic unity Time and time again this tradition of divinity hiding in nature has arisen as an alternative to monotheistic submission to a god who intervenes in creation This first volume traces the development of a utopian view of the human individual a divine soul longing to break free from all limits of body history and the social and natural world When the second and third volumes are complete students and scholars will consult *The Divine Self* as the authoritative guide to the spiritual but not religious tendency as a recurring theme in Western culture from antiquity to the present      **Jews and Christians in the First and Second Centuries: The Interbellum 70–132 CE**

Joshua J. Schwartz, Peter J. Tomson, 2017-10-02 This volume discusses crucial aspects of the period between the two revolts against Rome in Judaea that saw the rise of rabbinic Judaism and of the separation between Judaism and Christianity Most contributors no longer support the maximalist claim that around 100 CE a powerful rabbinic regime was already in place Rather the evidence points to the appearance of the rabbinic movement as a group with a regional power base and with limited influence The period is best seen as one of transition from the multiform Judaism revolving around the Second Temple in Jerusalem to a Judaism that was organized around synagogue Tora and sages and that parted ways with Christianity      **2 Peter and the Apocalypse of Peter: Towards a New Perspective** Jörg Frey, Matthijs Dulk, den, Jan van der Watt, 2019-07-15 In the 2016 Radboud Prestige Lectures published in this volume Jörg Frey develops a new perspective on 2 Peter by arguing that the letter is dependent on the Apocalypse of Peter Frey argues that reading 2 Peter against the

backdrop of the Apocalypse of Peter sheds new light on many longstanding interpretative questions and offers fresh insights into the history of second century Christianity Frey s lectures are followed by responses from leading scholars in the field who discuss Frey s proposal in ways both critical and constructive Contributors include Richard Bauckham Jan Bremmer Terrance Callan Paul Foster Jeremy Hultin Tobias Nicklas David Nienhuis and Martin Ruf
