A Short History Of World War I

A. F. Pollard

A Short History Of World War I:

World War One Norman Stone, 2008-03-27 The First World War was the overwhelming disaster from which everything else in the twentieth century stemmed Fourteen million combatants died a further twenty million were wounded four empires were destroyed and even the victors empires were fatally damaged The sheer complexity and scale of the war have encouraged historians to write books on a similar scale But now Norman Stone one of Britain's greatest historians has achieved the almost impossible task of writing a terse brilliantly written opinionated and witty short history of the conflict In only 140 pages he distils a lifetime of teaching arguing and thinking into what will be one of the most talked about history books of years to come

World War I Tammy M. Proctor, 2017-10-05 A lively engaging history of The Great War written for a new generation of readers In recent years scholarship on World War I has turned from a fairly narrow focus on military tactics weaponry and diplomacy to incorporate considerations of empire globalism and social and cultural history This concise history of the first modern global war helps to further broaden the focus typically provided in World War I surveys by challenging popular myths and stereotypes to provide a new engaging account of The Great War The conventional World War I narrative that has evolved over the past century is that of an inevitable but useless war where men were needlessly slaughtered due to poor decisions by hidebound officers This characterization developed out of a narrow focus on the Western Front promulgated mainly by British historians In this book Professor Proctor provides a broader more multifaceted historical narrative including perspectives from other fronts and spheres of interest and a wider range of participants She also draws on recent scholarship to consider the gendered aspect of war and the ways in which social class religion and cultural factors shaped experiences and memories of the war Structured chronologically to help convey a sense of how the conflict evolved Each chapter considers a key interpretive question encouraging readers to examine the extent to which the war was total modern and global Challenges outdated stereotypes created through a focus on the Western Front Considers the war in light of recent scholarship on empire global history gender and culture Explores ways in which the war and the terms of peace shaped the course of the 20th century World War I A Short History is sure to become required reading in undergraduate survey courses on WWI as well as courses in military history the 20th century world or the era of the World Wars

A Short History of World War I James L. Stokesbury, 2024-03-19 A concise history covering the causes and the battles of the world's first global conflict the war to end all wars World War I was a bloodletting so vast and unprecedented that for a generation it was known simply as the Great War Casualty lists reached unimagined proportions as the same ground places like Ypres and the Somme was fought over again and again Other major bloody battles remain vivid in memory to this day Gallipoli and the Battle of Jutland are but two examples Europe was at war with itself and the effect on Western civilization was profound its repercussions felt even today World War I saw the introduction of modern technology into the military arena The tank airplane machine gun submarine and most lethal of all poison gas all received their first widespread

use Professor James L Stokesbury analyzes these technological innovations and the war's complex military campaigns in lucid detail At the same time he discusses the great political events that unfolded during the war such as the Russian Revolution and the end of the Hapsburg dynasty putting the social and political side of the war into the context of modern European history Includes Maps **A Short History of the Great War** A. F. Pollard, 2023-09-18 Reproduction of the original The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision **A Short History of World War II.** James L. Stokesbury, 1982 World War Two Norman Stone, 2013-01-08 A pacy compelling and penetrating account from Wolfson Prize winning author Norman Stone that shows World War Two in a fresh new light The Second World War is the nightmare that sits at the heart of the modern era a total refutation of any notion of human progress and a conflict which still haunts us seventy years on Norman Stone's gripping new book aims to tell the narrative of the war in as brief a compass as possible making a sometimes familiar story utterly fresh and arresting As with his highly acclaimed World War One A Short History there is a compelling sense of a terrible story unfolding of a sceptical and humorous intelligence at work and a wish to convey to an audience who may well have no memory of the conflict just how high the stakes were This is a beautifully written clever and imaginative attempt to convey what can almost not be conveyed About the author Norman Stone is one of Britain's greatest historians His major works include The Eastern Front 1914-1917 winner of the Wolfson Prize and published by Penguin Europe Transformed and The Atlantic and Its Enemies published by Penguin He has taught at the universities of Cambridge Oxford and Bilkent where he is now Director of the Turkish Russian Centre He lives in Ankara Reviews Professor Norman Stone has achieved the impossible he has somehow written a comprehensive history of the Second World War in just under 200 pages summarising the entire conflict while leaving out nothing of importance and bringing his lifetime of study of the subject to bear in a witty incisive and immensely readable way Norman Stone has proved yet again that he is one of the most original witty and powerful British historians writing today Andrew Roberts Standpoint The joy and strength of this compact history besides its trenchancy and in the publishers words the sceptical and humorous intelligence at work is its narrative clarity a book to clear the mind after the grand tour of the big volumes Allan Mallinson The Times Novices will receive a painless introduction but educated readers should not pass up the highly opinionated prologue and epilogue and the author's trademark acerbic commentary throughout Readers of all stripes will find plenty to ponder Kirkus Reviews **A Short History of the Great World War** F. Maynard Bridge, 2018-02-19 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and

Short History of the First World War Gary Sheffield,2014-09-04 The First World War was a watershed in world history Tragic but far from futile its origins events and legacy have roused impassioned debate creating multiple interpretations and confusion for those encountering the period for the first time Synthesising the latest scholarship acclaimed historian Gary Sheffield cuts to the heart of the conflict He explores such key issues as the causes of war the great battles on land sea and in the air the search for the peace and peace settlements the political social and economic consequences the impact of total war on the belligerents and the individual and the place of the Great War in the history of warfare Accessible and authoritative this is the ultimate introduction for anyone wanting a clear understanding of what happened and why

A Short History of World War I James E. Edmonds (Brigadier-General Sir.), **A Short History of the Great World War** Frederick Maynard Bridge,1920 **A Short History of World War I** James E. Edmonds,1951 *A Short History of the Twentieth Century* John Lukacs,2013-10-07 The great themes woven through John Lukacs s spirited concise history of the twentieth century are inseparable from the author s own intellectual preoccupations the fading of liberalism the rise of populism and nationalism the achievements and dangers of technology the continuing democratization of the globe and the limitations of knowledge

A Short History of Nuclear Regulation, 1946-1990 J. Samuel Walker,1993 **World War I** Michael J. Lyons,1994 Explores the origins course and effects of the First World War Offers a synthesis of various interpretations of the many controversies of the war as well as analysis of the peace settlement and the political and economic disruption that developed in the conflict s wake Includes maps and biograp

A Short History of Ireland, 1500-2000 John Gibney,2018-01-09 A brisk concise and readable overview of Irish history from the Protestant Reformation to the dawn of the twenty first century Five centuries of Irish history are explored in this informative and accessible volume Beginning with Ireland s modern period at the dawn of the sixteenth century John Gibney continues through to virtually the present day offering an integrated overview of the island nation s cultural political and socioeconomic evolution This succinct scholarly study covers important historical events including the Cromwellian conquest and settlement the Great Famine and the struggle for Irish independence Along the way it explores major themes such as Ireland s often contentious relationship with Britain the impact of the Protestant Reformation the ongoing religious tensions it inspired and the global reach of the Irish diaspora This unique wide ranging work assimilates the most recent scholarship on a wide range of historical controversies making it an essential addition to the library of any student of Irish studies

A Short History of American Industrial Policies William R. Nester,2016-07-27 For nearly four centuries Americans have debated the

government's proper role in developing the economy. Some argue that the economy develops the best when government intervenes the least. Others counter that the economy best develops when government and business work together to that end. *A Short History of American Industrial Policies* analyzes the ideological, political, and industrial policy struggle from the colonial era to the 1990s. To give a complete understanding both the chronology and process of America's industrial policymaking and policies are explored in depth throughout. *A Short History of Opera* Donald Jay Grout, Hermine Weigel Williams, 2003. The fourth edition incorporates new scholarship that traces the most important developments in the evolution of musical drama. After surveying anticipations of the operatic form in the lyric theater of the Greeks, medieval dramatic music, and other forerunners, the book reveals the genre's beginnings in the seventeenth century and follows its progress to the present day. Jacket. *Modern England, 1901-1984* Alfred F. Havighurst, 2004-07-08. The most comprehensive bibliography of printed books, articles, and standard texts on twentieth-century England. **A Short History of World War I. Compiled by James E. Edmonds** James E. Edmonds, 1951. **A Short History of World War I. Reprinted** James E. Edmonds, 1988.
