

The background of the cover is a scenic landscape. In the foreground, a dark silhouette of a cowboy wearing a hat and a long coat is visible, looking out over a field. A horse is also silhouetted in the foreground, facing left. In the middle ground, there is a grassy field with a fence line. In the background, there are rolling hills, a line of evergreen trees, and a small building under a hazy, sunset or sunrise sky. The title text is overlaid on the upper half of the image.

Description of the Picture. The Departure of the Israelites Out of Egypt. Open at the Diorama from 9 O'clock 'till Dusk .. ,183? **Buddy Saves the Day** Kamri Alexis Hoffman,2010-05 Come along and enjoy the many adventures of Shawn and his dog Buddy He is always by Shawn s side to lend a helping paw especially when there is danger By Right of Conquest; Or, With Cortez in Mexico G. A. Henty,2016-12-15 The conquest of Mexico an extensive empire with a numerous and warlike population by a mere handful of Spaniards is one of the romances of history Indeed a writer of fiction would scarcely have dared to invent so improbable a story Even the bravery of the Spaniards and the advantage of superior arms would not have sufficed to give them the victory had it not been that Mexico was ripe for disruption The Aztecs instead of conciliating by wise and gentle government the peoples they had conquered treated them with such despotic harshness that they were ready to ally themselves with the invaders and to join with them heartily against the central power so that instead of battling against an empire single handed the Spaniards had really only to war with a great city and were assisted by a vast army of auxiliaries Fortunately the details of the extraordinary expedition of Cortez were fully related by contemporary writers several of whom were eyewitnesses of the scenes they described It was not necessary for me however to revert to these as Prescott in his admirable work on the conquest of Mexico has given a summary of them and has drawn a most vivid picture of the events of the campaign The book far surpasses in interest any volume of fiction and I should strongly recommend my readers to take the first opportunity that occurs of perusing the whole story of which I have only been able to touch upon the principal events While history is silent as to the voyage of the Swan it is recorded by the Spaniards that an English ship did in 1517 or 1518 appear off the port of San Domingo and was fired at by them and chased from the islands but it was not until some twenty or thirty years later that the English buccaneers openly sailed to challenge the supremacy of the Spaniards among the Western Islands and to dispute their pretensions to exclude all other flags but their own from those waters It may however be well believed that the ship spoken of was not the only English craft that entered the Spanish main and that the adventurous traders of the West country more than once dispatched ships to carry on an illicit trade there Such enterprises would necessarily be conducted with great secrecy until the relations between Spain and England changed and religious differences broke up the alliance that existed between them during the early days of Henry the 8th *Correspondence, respecting the Cholera Epidemic in Egypt: 1883* ,1883 The Complete Works of G.
