**A Taste of God** T. van den Hoogen, 2011 In the course of the 20th century a new worldview has arisen in Western society and culture that is defined in this book as immanent mysticism Several major philosophers are sensitive to such a sense of immanent mysticism The same sensitivity is noticeable in the works of poets painters and other artists It expresses the desire for transforming the way to meaningful living A Taste of God shows that theological research programs are innovated by insights from aesthetics and studies of spirituality The book's research indicates that contemporary Western culture requires a reframing of foundational theology Series Nijmegen Studies in Theology Vol 3
