A Small Corner Of Hell Dispatches From Chechnya:

A Small Corner of Hell Anna Politkovskaya, 2007-04-15 Chechnya a 6 000 square mile corner of the northern Caucasus has struggled under Russian domination for centuries The region declared its independence in 1991 leading to a brutal war Russian withdrawal and subsequent governance by bandits and warlords A series of apartment building attacks in Moscow in 1999 allegedly orchestrated by a rebel faction reignited the war which continues to rage today Russia has gone to great lengths to keep journalists from reporting on the conflict consequently few people outside the region understand its scale and the atrocities described by eyewitnesses as comparable to those discovered in Bosnia committed there Anna Politkovskaya a correspondent for the liberal Moscow newspaper Novaya gazeta was the only journalist to have constant access to the region Her international stature and reputation for honesty among the Chechens allowed her to continue to report to the world the brutal tactics of Russia s leaders used to quell the uprisings *A Small Corner of Hell Dispatches from Chechnya* is her second book on this bloody and prolonged war More than a collection of articles and columns *A Small Corner of Hell* offers a rare insider s view of life in Chechnya over the past years Centered on stories of those caught literally in the crossfire of the conflict her book recounts the horrors of living in the midst of the war examines how the war has affected Russian society and takes a hard look at how people on both sides are profiting from it from the guards who accept bribes from Chechens out after curfew to the United Nations Politkovskaya s unflinching honesty and her courage in speaking truth to power combine here to produce a powerful account of what is acknowledged as one of the most dangerous and least understood conflicts on the planet Anna Politkovskaya was assassinated in Moscow on October 7 2006 The murder of the journalist Anna Politkovskaya leaves a terrible silence in Russia and an information void about a dark realm that we need to know more about No one else reported as she did on the Russian north Caucasus and the abuse of human rights there Her reports made for difficult reading and Politkovskaya only got where she did by being one of life s difficult people Thomas de Waal Guardian

Terror in Chechnya Emma Gilligan, 2013-12-01 A riveting history of Russia s crimes in Chechnya *Terror in Chechnya* is the definitive account of Russian war crimes in Chechnya Emma Gilligan provides a comprehensive history of the second Chechen conflict of 1999 to 2005 revealing one of the most appalling human rights catastrophes of the modern era one that has yet to be fully acknowledged by the international community Drawing upon eyewitness testimony and interviews with refugees and key political and humanitarian figures Gilligan tells for the first time the full story of the Russian military s systematic use of torture disappearances executions and other punitive tactics against the Chechen population In *Terror in Chechnya* Gilligan challenges Russian claims that civilian casualties in Chechnya were an unavoidable consequence of civil war She argues that racism and nationalism were substantial factors in Russia s second war against the Chechens and the resulting refugee crisis She does not ignore the war crimes committed by Chechen separatists and pro Moscow forces Gilligan traces the radicalization of Chechen fighters and sheds light on the Dubrovka and Beslan hostage crises

demonstrating how they undermined the separatist movement and in turn contributed to racial hatred against Chechens in Moscow A haunting testament of modern day crimes against humanity Terror in Chechnya also looks at the international response to the conflict focusing on Europe's humanitarian and human rights efforts inside Chechnya **Inferno in Chechnya** Brian Glyn Williams,2015-10-06 The history of the Chechen wars and the origins of terrorism in Russia and beyond **Politics In Russia: A Reader** Joel M. Shia To understand this divide and its modern resonances we need to revisit its origins which go back to the death of the Prophet Muhammad in 632 the accidental coup that set aside the claims of his son Ali and the slaughter of Ali's own son Husayn at Karbala These events known to every Muslim have created a slender faultline in the Middle East The House Divided follows these narratives from the first Sunni and Shia caliphates through the medieval empires of the Arabs Persians and Ottomans to the contemporary Middle East It shows how a complex range of identities and rivalries religious ethnic and national have shaped the region jolted by the seismic shift of the Iranian Revolution of 1979 Rogerson's original approach takes the modern chessboard of nation states and looks at each through its particular history of empires and occupiers minorities and resources sheikhs and imams The result is wide ranging empathy understanding and insight a book that is vital for anyone wishing to understand many of the current tensions in the Middle East today **National Will to Fight** McNerney, Connable, Zimmerman, Lander, Posard, Castillo, Madden, Blum, Frank, Fernandes, Seol, Paul, Parasiliti, 2018-09-07 In this report RAND researchers explore the factors contexts and mechanisms that shape a national government's decision to continue or end military and other operations during a conflict i.e. national will to fight To help U.S. leaders better understand and influence will to fight the researchers propose an exploratory model of 15 variables that can be tailored and applied to a wide set of conflict scenarios Gender, Nationalism, and War Matthew Evangelista, 2011-02-24 Virginia Woolf famously wrote as a woman I have no country suggesting that women had little stake in defending countries where they are considered second class citizens and should instead be forces for peace Yet women have been perpetrators as well as victims of violence in nationalist conflicts This unique book generates insights into the role of gender in nationalist violence by examining feature films from a range of conflict zones In The Battle of Algiers female bombers destroy civilians while men dress in women's clothes to prevent the French army from capturing and torturing them Prisoner of the Mountains shows a Chechen girl falling in love with her Russian captive as his mother tries to rescue him Providing historical and political context to these and other films Matthew Evangelista identifies the key role that economic decline plays in threatening masculine identity and provoking the misogynistic violence that often accompanies nationalist wars **Multiple Moralities and Religions in Post-Soviet Russia** Jarrett Zigon, 2011-09-01 In the post Soviet period morality became a debatable concept open to a multitude of expressions and performances From Russian Orthodoxy to Islam from shamanism to Protestantism religions of various kinds provided some of the first possible alternative moral discourses and practices after the end of the Soviet system This influence remains strong today Within the Russian context religion and morality intersect in such social domains as the relief of social suffering the interpretation of history the construction and reconstruction of traditions individual and social health and business practices The influence of religion is also apparent in the way in which the Russian Orthodox Church increasingly acts as the moral voice of the government The wide ranging topics in this ethnographically based volume show the broad religious influence on both discursive and everyday moralities The contributors reveal that

although religion is a significant aspect of the various assemblages of morality much like in other parts of the world religion in postsocialist Russia cannot be separated from the political or economic or transnational institutional aspects of morality
