as charity but as God sent succor to our brothers and sisters who have been overwhelmed by some mighty convulsion of the forces of nature *A Story of the Red Cross* Clara Barton, 2020-07-30 Reproduction of the original A Story of the Red Cross by Clara Barton **A Story of the Red Cross Glimpses of Field Work** Barton Clara, 2016-06-23 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **STORY OF THE RED CROSS** CLARA. BARTON, 2018 **Clara Barton, Professional Angel** Elizabeth Brown Pryor, 2011-06-29 Widely known today as the Angel of the Battlefield Clara Barton s personal life has always been shrouded in mystery In Clara Barton Professional Angel Elizabeth Brown Pryor presents a biography of Barton that strips away the heroic exterior and reveals a complex and often trying woman Based on the papers Clara Barton carefully saved over her lifetime this biography is the first one to draw on these recorded thoughts Besides her own voluminous correspondence it reflects the letters and reminiscences of lovers a grandniece who probed her aunt s venerable facade and doctors who treated her nervous disorders She emerges as a vividly human figure Continually struggling to cope with her insecure family background and a society that offered much less than she had to give she chose achievement as the vehicle for gaining the love and recognition that frequently eluded her during her long life Not always altruistic her accomplishments were nonetheless extraordinary On the battlefields of the Civil War in securing American participation in the International Red Cross in promoting peacetime disaster relief and in fighting for women s rights Clara Barton made an unparalleled contribution to American social progress Yet the true measure of her life must be made from this perspective she dared to offend a society whose acceptance she treasured and she put all of her energy into patching up the lives of those around her when her own was rent and frayed

The American Red Cross Marian Moser Jones, 2021-04-27 The iconic relief organization s activities over a half century of history through wars epidemics and other disasters Well researched fascinating Julia F Irwin Bulletin of the History of Medicine In dark skirts and bloodied boots Clara Barton fearlessly ventured onto Civil War battlefields to tend to wounded soldiers She later worked with civilians in Europe during the Franco Prussian War lobbied legislators to ratify the Geneva conventions and founded and ran the American Red Cross The American Red Cross from Clara Barton to the New Deal tells the story of the charitable organization from its start in 1881 through its humanitarian aid during wars natural disasters and the Depression to its relief efforts of the 1930s Marian Moser Jones illustrates the tension between the organization s founding principles of humanity and neutrality and the political economic and moral pressures that sometimes caused it to favor one group at the expense of another This book tells the stories of U S natural disasters such as the Jacksonville yellow fever epidemic of 1888 the Sea Islands hurricane of 1893 and the 1906 San Francisco earthquake crises abroad including the

1892 Russian famine and the Armenian massacres of 1895-96 efforts to help civilians affected by the civil war in Cuba power struggles within the American Red Cross leadership and subsequent alliances with the American government the organization's expansion during World War I race riots and massacres in East St Louis Chicago and Tulsa between 1917 and 1921 help for African American and white Southerners after the Mississippi flood of 1927 relief projects during the Dust Bowl and after the New Deal An epilogue relates the history of the American Red Cross since the beginning of World War II and illuminates the organization's current practices and international reputation **Making the World Safe** Julia

Irwin, 2013-05-23 In *Making the World Safe* historian Julia Irwin offers an insightful account of the American Red Cross from its founding in 1881 by Clara Barton to its rise as the government's official voluntary aid agency Equally important Irwin shows that the story of the Red Cross is simultaneously a story of how Americans first began to see foreign aid as a key element in their relations with the world As the American Century dawned more and more Americans saw the need to engage in world affairs and to make the world a safer place not by military action but through humanitarian aid It was a time perfectly suited for the rise of the ARC Irwin shows how the early and vigorous support of William H Taft who was honorary president of the ARC even as he served as President of the United States gave the Red Cross invaluable connections with the federal government eventually making it the official agency to administer aid both at home and abroad Irwin describes how during World War I the ARC grew at an explosive rate and extended its relief work for European civilians into a humanitarian undertaking of massive proportions an effort that was also a major propaganda coup Irwin also shows how in the interwar years the ARC's mission meshed well with presidential diplomatic styles and how with the coming of World War II the ARC once again grew exponentially becoming a powerful part of government efforts to bring aid to war-torn parts of the world The belief in the value of foreign aid remains a central pillar of U.S. foreign relations *Making the World Safe* reveals how this belief took hold in America and the role of the American Red Cross in promoting it [Suffrage snapshots](#) Ida Husted

Harper, 2021-05-20 In *Suffrage Snapshots* Ida Husted Harper compiles a series of poignant essays and vignettes that capture the essence of the women's suffrage movement in late 19th and early 20th century America Utilizing a rich narrative prose style interspersed with historical photographs Harper brings to life the struggles triumphs and everyday moments of women who fought for their right to vote The work serves as both a historical document and a passionate call to action encapsulating the societal tensions and cultural shifts surrounding feminism and electoral reform during a transformative era in American history Ida Husted Harper an esteemed journalist and biographer was deeply embedded in the movement having served as a close associate of prominent figures such as Susan B Anthony Her extensive involvement with the suffrage movement coupled with her journalistic acumen enabled her to document the voices of those who contributed to this pivotal struggle providing a unique insider perspective that enriches the narrative's authenticity and depth This book is essential for anyone seeking to understand the nuances of the suffrage movement and its historical significance Harper's insightful reflections

and vivid snapshots offer readers both inspiration and a deeper appreciation for the sacrifices made towards achieving gender equality in America

The Story of the Red Cross, 1935 *Above the Fray* Shai M. Dromi, 2020-01-24 From Lake Chad to Iraq nongovernmental organizations NGOs provide relief around the globe and their scope is growing every year Policy makers and activists often assume that humanitarian aid is best provided by these organizations which are generally seen as impartial and neutral In *Above the Fray* Shai M Dromi investigates why the international community overwhelmingly trusts humanitarian NGOs by looking at the historical development of their culture With a particular focus on the Red Cross Dromi reveals that NGOs arose because of the efforts of orthodox Calvinists demonstrating for the first time the origins of the unusual moral culture that has supported NGOs for the past 150 years Drawing on archival research Dromi traces the genesis of the Red Cross to a Calvinist movement working in mid nineteenth

century Geneva He shows how global humanitarian policies emerged from the Red Cross founding members faith that an international volunteer program not beholden to the state was the only ethical way to provide relief to victims of armed conflict By illustrating how Calvinism shaped the humanitarian field Dromi argues for the key role belief systems play in establishing social fields and institutions Ultimately Dromi shows the immeasurable social good that NGOs have achieved but also points to their limitations and suggests that alternative models of humanitarian relief need to be considered The Great Sea Island Storm of 1893 Bill Marscher, Fran Marscher, 2004 The Great Sea Island Storm of 1893 details human courage and perseverance in the face of the second most fatal hurricane in US history **A Companion to Women's Military History**, 2012-08-17 Military institutions have everywhere and always shaped the course of history but women's near universal participation in them has largely gone unnoticed This volume addresses the changing relationships between women and armed forces from antiquity to the present The eight chapters in Part I present broad scholarly reviews of the existing literature to provide a clear understanding of where we stand An extended picture essay documents visually women's military work since the sixteenth century The book's second part comprises eight exemplary articles more narrowly focused than the survey articles but illustrating some of their major themes Military history will benefit from acknowledging women's participation as will women's history from recognizing military institutions as major factors in molding women's lives Contributors include Jorit Wintjes Mary Elizabeth Ailes John A Lynn Barton C Hacker Kimberly Jensen Margaret Vining D Ann M Campbell Carol B Stevens Jan Noel Elizabeth Prelinger Donna Alvah Karen Hagemann Yehudit Kol Inbar Dorotea Gucciardo and Megan Howatt and Judith Hicks Stiehm **Clara Barton National Historic Site: Developmental history** Elizabeth Jo Lampl, 2004 Hurricane Jim Crow Caroline Grego, 2022-10-03 On an August night in 1893 the deadliest hurricane in South Carolina history struck the Lowcountry killing thousands almost all African American But the devastating storm is only the beginning of this story The hurricane's long effects intermingled with ongoing processes of economic downturn racial oppression resistance and environmental change In the Lowcountry the political economic and social conditions of Jim Crow were inextricable from its environmental dimensions This narrative history of a monumental disaster and its aftermath uncovers how Black workers and politicians white landowners and former enslavers northern interlocutors and humanitarians all met on the flooded ground of the coast and fought to realize very different visions for the region's future Through a telescoping series of narratives in which no one's actions were ever fully triumphant or utterly futile Hurricane Jim Crow explores with nuance this painful and contradictory history and shows how environmental change political repression and communal traditions of resistance survival and care converged **Clara Barton National Historic Site, Maryland** United States. National Park Service, 2023-10-28 The book Clara Barton National Historic Site Maryland dives into the rich history and significance of the site dedicated to the life and work of Clara Barton the founder of the American Red Cross Written with a combination of historical facts and personal anecdotes the book provides a detailed
