Angelo Corlett,2010-01-01 *Walking in the Prophetic Tradition* Jason A. Bembry,2018-10-31 Contrary to popular belief the biblical prophets do far more than predict the future They speak truth to power they tell the truth about the uncomfortable past they indict empty religiosity they advocate for poor people and working people while seeking justice all at tremendous risk to themselves In *Walking in the Prophetic Tradition* Jason Bembry argues that the prophets have too often been domesticated by cultural impulses that reduce the prophetic message to prediction about Jesus or the end times This book highlights themes addressed by the Old Testament prophets and connects each theme to modern people who exemplify passion for those same ideals In this sense the prophetic tradition comes to life in the lived testimony of Martin Luther King Jr Dorothy Day Myles Horton Cesar Chavez and Cornel West moderns who stand courageously in this tradition This book is a guide for all who seek a fuller understanding of the Old Testament prophets and who want to continue their work in the present *The Ambivalence of Good* Jan Eckel,2019 The 20th century was marked by the emergence of human rights and their power to transform international relations but not everyone who claimed human rights wanted to make the world a better place while sometimes the benefits of human rights were unintended Eckel recounts a history that is complex polycentric and does not provide easy lessons *The Only Alternative* Alan Nelson,John Malkin,2008-06-15 The radical message of Jesus is that there is only one alternative to the common method of confronting violence with more violence *The Only Alternative* Christian Nonviolent Peacemakers in America explores the spiritually active practice of compassionate nonviolence Here is a journey through the lives of seven courageous American peacemakers who have embodied Christian nonviolence and dedicated their lives to addressing the suffering caused by racial discrimination slavery poverty militarism nuclear weapons prisons environmental degradation and the psychology of fear and hatred Here are highlights from the inspirational ideas and actions of Martin Luther King Jr Dorothy Day Thomas Merton Rufus Jones Thomas Kelly Jim Douglass and Kathy Kelly They remind us that to be Christian is to use the power of love to transform spiritual economic and social violence The great turning from violence to nonviolence is the story of Christianity in America There has never been a more urgent time for this revolutionary teaching to be heard understood and lived It is no longer a choice my friends between violence and nonviolence It is either nonviolence or nonexistence Martin Luther King Jr Human beings are now facing the stark choice between survival and destruction amid myriad forms of violence The nonviolent peacemakers within this book can inspire the peacemaker within each of us to cultivate a direct relationship with God and love through contemplation meditation writing and compassionate action based in the life and teachings of Jesus **Double Trouble** J. Phillip Thompson III,2005-12-01 J Phillip Thompson III an insider in the Dinkins administration provides the first

in depth look at how the black mayors of America's major cities achieve social change Black constituents naturally look to black mayors to effect great change for the poor but the reality of the situation is complicated Thompson argues that African American mayors legislators and political activists need to more effectively challenge opinions and public policies supported by the white public and encourage greater political inclusion and open political discourse within black communities Only by unveiling painful internal oppressions and exclusions within black politics will the black community's power increase and compel similar unveilings in the broader interracial conversation about the problems of the urban poor Tracing the historical development and contemporary practice of black mayoral politics this is a fascinating study of the motivations of black politicians competing ideologies in the black community and the inner dynamics of urban social change **Political**

John Stoward Moyes and the Social Gospel

Paul Terracini, 2015-04-28 This book deals with the social gospel and one of its leading proponents in twentieth century Australia the Anglican bishop of Armidale New South Wales from 1929 to 1964 John Moyes It is an investigation and assessment of the career of Bishop Moyes as a study in Christian social engagement It concerns his vision for the role of the church in society and his contribution to that effect It is not a biography of John Moyes Neither is it an exhaustive history of the social gospel movement in Australia or anywhere else although they both feature prominently throughout Bishop Moyes was a highly articulate public debater who participated in several of the critical episodes in Australian history during the twentieth century The reader will find within the pages of this book discussion of highly contentious issues such as the attempt to ban the Communist Party of Australia in 1950 and 1951 the decision to commit Australian troops to the Vietnam War in 1965 and the Christian response to state legitimised violence Moyes is placed in context with some of the most notable Christian spokespeople on social and political issues in the twentieth century such as Walter Rauschenbusch Ernest Burgmann William Temple George Bell Dietrich Bonhoeffer Reinhold Niebuhr Martin Luther King Jr and Andr Trocm It is argued here that John Moyes made intelligent prescient and compassionate contributions to many of the issues to which he turned his mind but that like most others before or since he was unable to find a solution to the theological and moral challenges raised by the perceived threat to Australias sovereignty during World War II This book challenges the view that when national sovereignty is threatened the Christian response must be to support the governments call to war

Moses, Jesus, and the Trickster in the Evangelical South Paul Harvey, 2012-03-01 Paul Harvey uses four characters that are important symbols of religious expression in the American South to survey major themes of religion race and southern history The figure of Moses helps us better understand how whites saw themselves as a chosen people in situations of suffering and war and how Africans and African Americans reworked certain stories in the Bible to suit their own purposes By applying the figure of Jesus to the central concerns of life Harvey argues southern evangelicals were instrumental in turning him into an American figure The ghostly presence of the Trickster hovering at the edges of the sacred world sheds light on the Euro American and African American folk religions that existed alongside Christianity Finally Harvey explores twentieth century renderings of the biblical story of Absalom in William Faulkner s Absalom Absalom and in works from Toni Morrison and Edward P Jones Harvey uses not only biblical and religious sources but also draws on literature mythology and art He ponders the troubling meaning of religious freedom for slaves and later for blacks in the segregated South Through his cast of four central characters Harvey reveals diverse facets of the southern religious experience including conceptions of ambiguity darkness evil and death *Compulsory Compassion* Annalise E. Acorn, 2004 Restorative justice is often touted as the humane and politically progressive alternative to the rigid philosophy of retributive punishment that underpins many of the world s judicial systems Emotionally seductive its rhetoric appeals to a desire for a right relation among individuals and communities an offers us a vision of justice that allows for the mutual healing of victim and offender and with it a sense of communal repair In *Compulsory Compassion* Annalise Acorn a one time advocate for restorative justice deconstructs the rhetoric of the restorative movement Drawing from diverse legal literary philosophical and autobiographical sources she questions the fundamental assumptions behind that rhetoric that we can trust wrongdoers performances of contrition that healing lies in a respectful face to face encounter between victim and offender and that the restorative idea of right relation

Rewriting Exodus Anna Hartnell, 2011-05-06 Exodus as a powerful narrative of liberation has been a central imaginative touchstone in the black American struggle against US racism This book traces the concept in a number of pivotal black thinkers and explores its significance for contemporary America The exodus story is a fitting allegory for the painful experience of exile that disproportionately afflicted African Americans in the aftermath of Hurricane Katrina and it also provides compelling imagery for the triumphant election of Barack Obama in 2008 Building around these themes Anna Hartnell traces the intellectual development of one of the defining narratives of black American thinking on social justice in the United States In placing black America at the centre of the study of US culture *Rewriting Exodus* suggests new ways of thinking about America's relationship with the Middle East and the wider postcolonial world Hartnell's groundbreaking contribution marks a vital new chapter in American cultural and political history
