A Theology Of The New Testament:

A Theology of the New Testament George Eldon Ladd, 1993-09-02 Ladd's magisterial work on New Testament theology has well served scores of seminary students since 1974. Now this comprehensive standard evangelical text has been carefully revised by Hagner to include an update of Ladd's survey of the history of the field of New Testament theology, an augmented bibliography, and an entirely new subject index. **Biblical Theology of the New Testament** Bernhard Weiss, 1893

What is New Testament Theology? Hendrikus Boers, 1979 Here is a review of the history of New Testament theology as a discipline from its roots in the Reformation era through subsequent developments from Johann Philipp Gabler to Rudolf Bultmann and beyond. Boers encourages the reader to evaluate and understand a variety of theological approaches in keeping with the diverse nature of the New Testament texts. **Theology of the New Testament** Rudolf Bultmann, 2007

Originally published New York: Scribner, 1951. 1955. **New Testament Theology** Leon Morris, 1986 A guide through the theology of the New Testament with the student in mind. chronologically. Companion volume to *A Biblical Theology of the Old Testament*. **New Testament Theology** Frank J. Matera, 2007-01-01 In this systematic book by book exploration of the theology of each New Testament writing, Frank J. Matera explores theological diversity and unity in the writings of the New Testament. After an introduction to the history and method of New Testament theology, he explains and describes the theologies of the Synoptic, Pauline, and Johannine traditions, as well as the rich theology of other New Testament voices: Hebrews, the Catholic Epistles, and the book of Revelation. Integrating both Protestant and Catholic approaches, this work provides students, pastors, and scholars a comprehensive view of the New Testament that is rich in exegetical and theological insight. *The Nature of New Testament Theology* Robert

Morgan, 1973. **The Theology of the New Testament** J. J. Van Oosterzee, 2021-02-16 *Biblical Theology of the New Testament* Revere Franklin Weidner, 1891 **New Testament Theology** G. B. Caird, 1994-06-03 Generations of students have known G. B. Caird as a penetrating and lucid guide to the many questions and problems posed by modern biblical study. His brilliant commentaries on St. Luke, the Book of Revelation, and St. Paul's Prison Epistles, as well as his other studies on theology and the Bible, have won for him a place among the twentieth century's foremost biblical scholars. This new and masterly presentation of New Testament theology, completed and edited since the author's death by Professor L. D. Hurst, takes the unique step of setting up an imaginary debate amongst the various authors of the New Testament themselves. As central concepts—predestination, sin, atonement, the church, sacrament, ethics, eschatology, and christology—are discussed between such figures as Luke, Paul, John, and the author of Hebrews, the work moves to its climax with a presentation of the theology of Jesus himself. The result provides a particularly fresh and illuminating picture of the ideas at the heart of Christianity, deserving a place on the shelf of every serious pastor, theologian, and student of the Bible. **Introducing the New**

Green, Marianne Meye Thompson, 2001-08-10 Explores the literature of the New Testament of the Bible highlighting the many messages contained within the text and outlining issues that can be discussed by heralding these messages Also provides background of the time period and locations in which the New Testament was written

An Introduction to the Theology of the New Testament Alan Richardson, 1958 To present in less than 400 pages excluding the indexes the whole sweep of New Testament thought is an excessively formidable task calling not only for scholarship and learning but also for an artist's sense of proportion and economy of stroke There are few who could have succeeded so well as Dr Richardson Journal of Theological Studies This book will stand for a long time as the indispensable handbook for the theological student who wants both to see the general picture of the apostolic Church's faith and also to have a convenient and reliable digest of what the New Testament says about particular topics such as for example Christology or salvation Church Times Alan Richardson is a theologian whose praise in the gospel is or deserves to be in all the churches on account both of the books which he has written himself and of those which he has edited His latest work An Introduction to the Theology of the New Testament will probably be found more serviceable by students and teachers than anything he has previously produced Theology Alan Richardson who died in 1975 was for many years Professor of Christian Theology at Nottingham University and subsequently Dean of York
