A Short Course In Intellectual Self Defense:

A Short Course in Intellectual Self Defense Normand Baillargeon, 2011-01-04 What is the relationship between democracy and critical thinking What must a citizen in a democracy know to make the word democracy meaningful In A Short Course in Intellectual Self Defense historian and educator Normand Baillargeon provides readers with the tools to see through the spin and jargon of everyday politics and news reporting in order to decide for themselves what is at stake and how to ask the necessary questions to protect themselves from the manipulations of the government and the media Whether the issue be the call to what we're told will be a bloodless war the debate around Intelligent Design or the meaning of a military expenditure Baillargeon teaches readers to evaluate information and sort fact from official and media spin **A Short Course in Intellectual Self-defense** Normand Baillargeon, 2008 Skilled Interpersonal Communication Owen Hargie, 2016-10-04 There is a fundamental powerful and universal desire amongst humans to interact with others People have a deep seated need to communicate and the greater their ability in this regard the more satisfying and rewarding their lives will be The contribution of skilled interpersonal communication to success in both personal and professional contexts is now widely recognised and extensively researched As such knowledge of various types of skills and of their effects in social interaction is crucial for effective interpersonal functioning Previous editions have established Skilled Interpersonal Communication as the foremost textbook on communication This thoroughly revised and expanded 6th edition builds on this success to provide a comprehensive and up to date review of the current research theory and practice in this popular field of study The first two chapters introduce the reader to the nature of skilled interpersonal communication and review the main theoretical perspectives Subsequent chapters provide detailed accounts of the fourteen main skill areas namely nonverbal communication reinforcement questioning reflecting listening explaining self disclosure set induction closure assertiveness influencing negotiating and interacting in and leading group discussions Written by one of the foremost international experts in the field and founded solidly in research this book provides a key reference for the study of interpersonal communication This theoretically informed yet practically oriented text will be of interest both to students of interpersonal communication in general and to qualified personnel and trainees in many fields **Seven Management Moralities** T. Klikauer, 2012-09-18 For the first time Seven Management Moralities delivers a comprehensive overview of all forms of moral and immoral behaviour displayed by management Utilising Kohlberg's ascending scale of seven moralities the book includes the ethics of Aristotle Kant Utilitarianism Bauman Habermas and Singer *Freedom and Other Keys to Creativity* Joaquim Franch, 2022-06-13 There is a lot of buzz on creativity and there are many ways to look at it but in this book you will not find a methodology for unlocking your inner creative soul Instead you will be immersed in a thought provoking dive into neuroscience philosophy psychology and a variety of references from arts and sciences Creativity takes courage and it also takes time one must take the existential approach of becoming a meaningful engagement with life Enjoy creativity as a

process not as a tool to conquer a goal Most people read one or two books on creativity in a lifetime Joaquim Franch has probably read them all In this book he has broken them down sorted out the common denominators and put them in order to produce a book that is both thought proving and practical An essential read for anyone interested in creativity Ian Gibbs with a degree in astrophysics and a postgrad in education is an entrepreneur working as a learning strategies specialist Author of The Sorites Principle and the 2022 TEDx Talk The Secret Key to Learning Hidden in Plain Sight I consider it of great value that the author has made use of creative parameters to address its nature The result is a useful and original book that undoubtedly helps to take a step further in understanding creativity Matilde Obradors Professor in the Department of Communication at the Pompeu Fabra University Barcelona Author of Creatividad y generaci n de ideas My friend Joaquim is a true generalist and a systems thinker and not surprisingly with this work he has achieved a balanced vision of a widely studied subject in the Anglo American world It s an honest intellectual analysis of diverse sources Pere Mar s former Professor in the Automatic Control Department at the Polytechnic University of Catalonia Barcelona

How to Think Like a Realist Raymond Pawson,2024-05-02 How to Think Like a Realist is Ray Pawson s seminal book on realist social inquiry boldly linking social research to clinical and physical science and challenging many methodological shibboleths This unique book pairs outstanding clarity of detail with an accessible approach exploring the three great methodological challenges in social research how to think about causality objectivity and generality

Against Austerity Richard Seymour,2014-03-19 Five years into capitalism s deepest crisis which has led to cuts and economic pain across the world Against Austerity addresses a puzzling aspect of the current conjuncture why are the rich still getting away with it Why is protest so ephemeral Why does the left appear to be marginal to political life In an analysis which challenges our understanding of capitalism class and ideology Richard Seymour shows how austerity is just one part of a wider elite plan to radically re engineer society and everyday life in the interests of profit consumerism and speculative finance But Against Austerity is not a gospel of despair Seymour argues that once we turn to face the headwinds of this new reality dispensing with reassuring dogmas we can forge new collective resistance and alternatives to the current system Following Brecht Against Austerity argues that the good old things are over it s time to confront the bad new ones

Chomsky Notebook Noam Chomsky,2010 Noam Chomsky is as controversial as he is prolific applying a rational scientific approach to disciplines as diverse as linguistics ethics religion and the strategy of war Chomsky s best known innovations involve a groundbreaking theory of generative and universal grammar major advances in the classification of languages and a radical reformulation of political theory and practice In Chomsky Notebook Norbert Hornstein University of Maryland and Cedric Boeckx Harvard University tackle Chomsky s linguistic theories Akeel Bilgrami Columbia University revisits Chomsky s work on freedom and truth and Pierre Jacob Institut Jean Nicod analyzes his naturalism Chomsky s contributions include an interview and essays on Edward Said and the natural world Altogether these works reveal the penetration of Chomsky s thought into a number of fields within and outside of

academia It is an anthology that proves the power of his rationalism **Media Capitalism** Thomas Klikauer,2022-01-01

This book argues that media and capitalism no longer exist as separated entities and posits three reasons why one can no longer exist without the other Firstly mass media have become indispensable to capitalism due to the media's ability to sell the commodities of mass consumerism Media capitalism also creates pro capital attitudes among a target population and establishes an ideological hegemony Thirdly media capitalism provides mass deception to hide the pathologies of capitalism which include mass poverty rising inequalities and the acceleration of global warming To illuminate this the book's historical chapter traces the emergence of media capitalism Its subsequent chapters show how media capitalism has infiltrated the public sphere society schools universities the world of work and finally democracy The book concludes by outlining how societies can transition from media capitalism to a post media capitalist society **Between Scientists & Citizens** Jean

Goodwin,2012 This volume brings together selected papers from an interdisciplinary conference focused on effective and appropriate communication of science in the often heated controversies characteristic of contemporary democracies The forty essays represent cutting edge work from rhetorical and communication theorists studying the practices and norms of public discourse and science communication philosophers interested in the informal logic of everyday reasoning and in the theory of deliberative democracy and science studies scholars examining the intersections between the social worlds of scientists and citizens Topics include the theory and practice of public participation exercises involving experts and lay publics communication techniques for conveying uncertainty complexity and scale pseudocontroversy and manufactured doubt about science and the maintenance of trust between scientists and citizens Embracing the Wide Sky Daniel Tammet,2009-12-29 A tour of brain science explores the disparity between the brain's seemingly endless capacity and its tendency to fail at even simple tasks in an account by a famous autistic savant that incorporates elements of his own story

Transformative Practice in Critical Media Literacy Steve Gennaro,Nolan Higdson,Michael Hoechsmann,2024-04-16 Transformative Practice in Critical Media Literacy brings together a diverse selection of essays to examine the knowledge production crisis in higher education and the role that news media and technology play in this process This text highlights the importance of radical pedagogy and critical media literacy to fight back and reclaim higher education as the battleground for democracy and the embodiment of citizenship Using a global and social justice lens it explores the transformative potential of critical media literacy in higher education It also provides real examples of current critical media literacy practices around the globe and of successful experiences inside classrooms In an era of fake news this text fulfils the yearning for critical media literacy to permeate higher education by drawing together practitioners and scholars speaking to journalism students teacher candidates and to students scholars and activists across a variety of spaces in higher education This book will be a key resource for scholars students policymakers community members and activists interested in education politics youth studies critical theory intersectionality social justice and peace studies activism critical media

literacy communication or media studies **Media, Populism and Hate Speech** ,2025-02-10 This book offers an interdisciplinary analysis of populism authoritarianism and hate speech integrating theoretical debates with empirical case studies It examines how populist movements can evolve into authoritarian regimes exploring the manipulation of media and democratic institutions The book includes global case studies such as Turkey Hungary and Brazil highlighting the role of media in spreading propaganda and hate speech It also addresses the methodological challenges of studying these phenomena and emphasizes the need for multidisciplinary approaches The book serves as a valuable resource for academics policymakers and activists confronting the rise of populism and authoritarianism *The Ideology of Managerialism* Thomas Klikauer,2025-05-28 The term managerialism is widely used not only in the world of business and government and this book details the theory behind the illusive idea It distinguishes between management and managerialism and highlights the two groups pushing managerialism namely corporate apparatchiks and the apostles of managerialism and outlines twelve key ideas shaping managerialism These twelve ideas range from profits to ideology from economic growth and markets to business ethics and corporate social responsibility from quantification to dehumanisation from exploitation to short termism environmentalism and homogenisation Ultimately this research volume illuminates the pathologies of managerialism and its impact on society business government and the defining issue of our time global warming The objective of this book is to move simply beyond using the term managerialism by creating a better understanding of it This means exploring the theory behind managerialism as well as the ideologies that define it It will be of value to researchers academics practitioners and students looking to gain a deeper understanding of managerialism and how managerialism can be overcome with particular interest to those in the fields of critical management studies leadership corporate governance and organisational studies

Critical Management Ethics T. Klikauer,2010-07-01 Written in the European tradition of Kant s philosophical trilogy on critique and Hegel s concept of ethical life it outlines the great traditions in ethical philosophy Aristotelian virtue ethics Kantian ethics and utilitarianism It presents modern ethics from Nietzsche Adorno and Habermas to Kohlberg s stages of moral development *You Are STILL Being Lied To* Russ Kick,2009-01-01 A must have revised and expanded edition of The Disinformation Company s classic anthology *You Are STILL Being Lied To* contains more than a dozen all new essays from contributors like Norman Solomon Graham Hancock Alex Jones John Major Jenkins Robert Bauval Richard DeGrandpre Alexandra Bruce John Hogue Gregory Davis and Scott Creighton on topics ranging from the misleading marketing of antidepressants to the truth about the North American Union from media consolidation to the New Thought movement Editor Russ Kick s massive collection acts as a battering ram against the distortions myths and outright lies that have been shoved down our throats by the government the media corporations organized religion the scientific establishment and others who want to keep the truth from us An unprecedented group of researchers including Howard Zinn Noam Chomsky Howard Bloom Sydney Schanberg Michael Parenti Riane Eisler Jim Marrs and many many others paint a picture of a world where

crucial stories are ignored or actively suppressed and the official version of events has more holes in it than Swiss cheese A world where real dangers are downplayed and nonexistent dangers are trumpeted In short a world where you are being lied to

The Language of Managerialism Thomas Klikauer,2023-01-24 This book explains how management became Managerialism and how the language of managerialism was developed Providing a comprehensive discussion of the managerialism language interface the book argues that firstly managerialism itself has developed its distinctive language and secondly the two concepts of managerialism and language mutually depend upon each other Written from the critical media studies perspective of the Frankfurt School of Critical Theory the book reaches beyond simple business communication illustrating how the language of managerialism is colonising the non corporate lifeworld The book concludes by offering fresh ideas on how to move beyond the language of managerialism **Quill & Quire** ,2008 Book Review Digest ,2008

Managerialism T. Klikauer,2013-09-05 Most people know what management is but often people have vague ideas about Managerialism This book introduces Managerialism and its ideology as a colonising project that has infiltrated nearly every eventuality of human society
