*A Short History of French Literature* George Saintsbury, 1897      **A Short History of French Literature (Classic Reprint)** L. E. Kastner, 2017-10-17

Excerpt from *A Short History of French Literature*: In writing this volume, it has been the authors' ambition to fill the gap that is felt by many to exist between the numerous primers of French literature and such larger works as those of Saintsbury and Dowden. While the requirements of candidates for examination have throughout been steadily kept in view, the authors have no less earnestly endeavoured to make this short sketch a thoroughly reliable introduction to the study of French literature for all who desire to become acquainted with the subject. No attempt has been made to secure an illusory completeness by the mere enumeration of names of third and fourth rate importance. On the other hand, those of the first rank are dealt with at considerable length, while such writers of lesser importance as the authors have, for various reasons, felt compelled to include, are treated in a smaller type. Which serves the double purpose of indicating their relative position and of economizing considerable space. Biographies of the principal authors and brief summaries of the contents of the more important works are likewise given in the smaller type.
