A Short History of Myth Karen Armstrong, 2005 Human beings have always been mythmakers Theologian Armstrong here investigates myth what it is how it has evolved and why we still so desperately need it She takes us from the Paleolithic period and the myths of the hunters up to the Great Western Transformation of the last five hundred years and the discrediting of myth by science The history of myth is the history of humanity our stories and beliefs our curiosity and attempts to understand the world which link us to our ancestors and each other From publisher description [A Short History of Myth \(Myths series\)](#) Karen Armstrong, 2010-10-29 What are myths How have they evolved And why do we still so desperately need them A history of myth is a history of humanity Karen Armstrong argues in this insightful and eloquent book our stories and beliefs our curiosity and attempts to understand the world link us to our ancestors and each other This is a brilliant and thought provoking introduction to myth in the broadest sense from Palaeolithic times to the Great Western Transformation of the last 500 years and why we dismiss it only at our peril **A Short History of Freethought** John M.
