A Song for Lya

The 1974 Hugo Award-winning novella of an alien culture and the young telepath who succumbs to the chilling consequences of its religion ... a man trapped between reality and madness on a lonely deep-space outpost ... a prospector who learns there is no loyalty among the dead ... a hero whose very acts of valor make him a liability ... a football game with an alien race where the outcome can determine the fate of mankind ...

Ten provocative visions of a time beyond our own. Ten worlds where man still searches for reason and meaning. Ten new worlds for you to explore from George R.R. Martin — the creator of the Wild Card series and the best-selling author of *A Game of Thrones*.
