Reimagining Masculinity and Violence in

'Game of Thrones' and 'A Song of Ice and Fire' Tobi Evans,2022-11-15 In this examination of violence and masculinity in George R R Martin's fantasy series A Song of Ice and Fire and its television adaptation Game of Thrones Tobi Evans offers a queer reading that revises the idea that the texts glorify violence Moving from monstrous men characters and sovereigns to female disabled and genderqueer masculinities Violent Fantasies understands the novels and television series to offer a complex and ambiguous negotiation of different types of violence Deploying queer feminist poststructuralist and psychoanalytic approaches to the acts of violence that masculine characters use Evans views hegemonic violence as part of a destructive cycle wherein characters use violence to dominate others but have their violence turned against them in such a way that their bodies become disgusting and they are unable to enter into systems of patriarchal reproduction The only

characters who succeed in proliferating their values and knowledges are those who use violence to care for others These characters are also threatened with a bodily undoing when they use violence but their bodily borders are secured because of their connections to others and their queer kinship bonds Violence transforms the body Evans argues in ways that are both circular and ideologically ambivalent *Narrative Advertising Models and Conceptualization in the Digital Age* Y?lmaz, Recep,2017-02-01 The ubiquity of technology in modern society has opened new opportunities for businesses to employ marketing strategies Through digital media new forms of advertisement creativity can be explored Narrative Advertising Models and Conceptualization in the Digital Age is a pivotal reference source that features the latest scholarly perspectives on the implementation of narration and storytelling in contemporary advertising Including a range of topics such as digital games viral advertising and interactive media this book is an ideal publication for business managers researchers academics graduate students and professionals interested in the enhancement of advertising strategies *Narrative Form* Suzanne Keen,2015-07-28 This revised and expanded handbook concisely introduces narrative form to advanced students of fiction and creative writing with refreshed references and new discussions of cognitive approaches to narrative nonfiction and narrative emotions *Games in Libraries* Breanne A.
