Instrumental parts available for rental. ***A Dictionary of Music Titles*** Adrian Room, 2024-10-15 The title of a great musical composition is not always a clear or simple matter. An allusive title, particularly in a foreign language or a title that does not seem related to the work, can confuse even the most devoted music lover. Here are histories of the creation of 3,500 titles for symphonies, operas, oratorios, ballets, orchestral works, choral works, chamber music, keyboard compositions, and songs ranging from the popular to the obscure. Each entry, arranged by English, French, German, Italian, or Spanish title, includes alternate titles where appropriate, the composer's name, date of composition, and first performance, opus number where appropriate, a description of the work, and the origin of the title or any story behind it. A bibliography and an index conclude the work. ***Gay Artists in Modern American Culture*** Michael S. Sherry, 2007-09-10 Today it is widely recognized that gay men played a prominent role in defining the culture of mid-twentieth century America, with such icons as Tennessee Williams, Edward Albee, Aaron Copland, Samuel Barber, Montgomery Clift, and Rock Hudson defining much of what seemed distinctly American on the stage and screen. Even though few gay artists were out, their sexuality caused significant anxiety during a time of rampant antihomosexual attitudes. Michael Sherry offers a sophisticated analysis of the tension between the nation's simultaneous dependence on and fear of the cultural influence of gay artists. Sherry places conspiracy theories about the homosexual international taking control and debasing American culture within the paranoia of the time that included anticommunism, anti-Semitism, and racism. Gay artists, he argues, helped shape a lyrical, often nationalist version of American modernism that served the nation's ambitions to create a cultural empire and win the Cold War. Their success made them valuable to the country's cultural empire, but also exposed them to rising antigay sentiment, voiced even at the highest levels of power, for example by President Richard Nixon. Only late in the twentieth century, Sherry concludes, did suspicion slowly give way to an uneasy accommodation of gay artists' place in American life. ***Critical Companion to Tennessee Williams*** Greta Heintzelman, Alycia Smith Howard, 2014-05-14 One of the greatest American dramatists of the 20th century, Tennessee Williams is known for his sensitive characterizations, poetic yet realistic writing, ironic humor, and depiction of harsh realities in human relationships. His work is frequently included in high school and college curricula, and his plays are continually produced. *Critical Companion to Tennessee Williams* includes entries on all of Williams's major and minor works, including *A Streetcar Named Desire*, *Cat on a Hot Tin Roof*, *The Glass Menagerie*, a novel, a collection of short stories, two poetry collections, and personal essays, places and events related to his works, major figures in his life, his literary influences, and issues in Williams scholarship and criticism. Appendixes include a complete list of Williams's works, a list of research libraries with significant Williams holdings, and a bibliography of primary and secondary sources. ***Modern American Literature and Contemporary Iranian Cinema*** Morteza Yazdanjoo, 2022-12-29 As an endeavor to contribute to the burgeoning field of comparative literature, this

monograph addresses the dynamic yet understudied intertextual dialogism between modern American literature and contemporary Iranian Cinema pinpointing how the latter appropriates and recontextualizes instances of the former to construct and inculcate vestiges of national gender identity on the silver screen Drawing on Louis Montrose's catchphrase that Cultural Materialism foregrounds the textuality of history and the historicity of texts this book contends that literary texts are synchronic artifacts prone to myriad intertextual and extra textual readings and understandings each historically conditioned The recontextualization of Herzog Franny and Zooey The Glass Menagerie A Streetcar Named Desire and Death of a Salesman into contemporary Iran provides an intertextual avenue to delineate the textuality of history and the historicity of texts
