

**"In this book it is spoken of the Sephiroth and the Paths; of Spirits and Conjurations; of Gods, Spheres, Planes, and many other things which may or may not exist.**

**It is immaterial whether these exist or not. By doing certain things certain results will follow; students are most earnestly warned against attributing objective reality or philosophic validity to any of them.**

**The advantages to be gained from them are chiefly these:**

- (a) A widening of the horizon of the mind.**
- (b) An improvement of the control of the mind."**
