Anderson,Judy Anderson,2010-03-30 This illustrated history chronicles electric and hybrid cars from the late 19th century to today s fuel cell and plug in automobiles It describes the politics technology marketing strategies and environmental issues that have impacted electric and hybrid cars research and development The important marketing shift from a woman s car to going green is discussed Milestone projects and technologies such as early batteries hydrogen and bio mass fuel cells the upsurge of hybrid vehicles and the various regulations and market forces that have shaped the industry are also covered **Latin Elegiac Verse** A.M. Devine,Laurence D. Stephens,2024-05-20 A striking feature of Latin elegiac verse is its very free word order One gets the impression that the word order is just random or that the rules of Latin syntax have been suspended for metrical convenience Combining ample philological documentation with an overall theoretical stance this book argues that these impressions are wrong and proceeds to analyze the syntax of Latin verse as a coherent system generated by the application of a small set of derivational rules While these rules are independently available syntactic mechanisms like scrambling stranding and verb raising their systematically regular application both at the clausal and at the phrasal level is remarkable Not only complete constituents but also partial constituents are constantly attracted towards the left edge of the phrase that contains them The cumulative effect of this is to narrow the extent and attenuate the weight of the nuclear assertion which reduces its processing domain and the span of its prosodic correlate This book will be of interest both to Classicists and to linguists it aims to solve an old problem in Classical philology while at the same time working out a configurational syntax for a language with extreme free word order [DK Guide to Space](#) DK,2016-07-01 Take a star studded tour through the solar system and beyond with DK Guide to Space With photographs from the Hubble Space Telescope and NASA s space probes you will see the birth of new stars and distant worlds and find out all the latest discoveries about planets moons and galaxies Did you know that a Mars day lasts 25 hours or that Saturn is the only planet that would float in a bucket of water Learn all about space shuttles and space travel Explore the wonders of the solar system and beyond and learn hundreds of amazing facts about space with DK Guide to Space [The Car Book 2007](#) Jack Gillis,Amy Curran,David Iberkleid,2007 **Kiplinger's Personal Finance** ,2007 **Government Reports Announcements & Index** ,1983-11 **Kiplinger's Personal Finance** ,2006-12 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics **Saturn's**
