Chapter 11: The Triumphs and Travails of Jeffersonian Democracy (1800-1812)

- **Jefferson's Presidency:** Thomas Jefferson's election in 1800 marked the first peaceful transfer of power between political parties in the U.S. His presidency emphasized a limited federal government and reduced military presence while reversing some Federalist policies.

This decision raised constitutional questions since the power to acquire new territory was not explicitly stated in the Constitution.

- **Marbury v. Madison:** This landmark Supreme Court case established the principle of judicial review, allowing the Court to declare laws unconstitutional, thus strengthening the judiciary.

Beauty seems simple we know it when we see it But of course our ideas about what is attractive are influenced by a broad range of social and economic factors and in Beauty and Business leading historians set out to provide this important cultural context How have retailers shaped popular consciousness about beauty And how in turn have cultural assumptions influenced the commodification of beauty The contributors here look to particular examples in order to address these questions turning their attention to topics ranging from the social role of the African American hair salon and the sexual dynamics of bathing suits and shirtcollars to the deeper meanings of corsets and what the Avon lady tells us about changing American values As a whole these essays force us to reckon with the ways that beauty has been made bought and sold in modern America
