Sasser, Craig Roberts, 2004-07-01 From the jungles of Vietnam to the unforgiving deserts of Afghanistan and Iraq one breed of soldier has achieved legendary status in the arena of combat the sniper From the authors of the classic sniper chronicle One Shot One Kill comes a new generation of true tales from some of the most expert and deadly marksmen in the world

Meet Adelbert Waldron II whose 109 confirmed kills in Vietnam made him the most successful sniper in American military history and Tom Moose Ferran who coined the term Fetch whereupon the infantry would retrieve the sniper's dead quarry. Also included are stories from snipers in Beirut the Bosnian conflict and both wars with Iraq including the feat of Sergeants Joshua Hamblin and Owen Mulder who took down thirty two enemy soldiers in a single day outside Baghdad in 2003. The military sniper has evolved into one of the most dangerous and highly skilled warrior professions. They suffer through weather terrain and enemy action lay unmoving for days on end and take out their targets with unerring accuracy proving that the deadliest weapon in any battle anywhere in the world is a single well aimed shot. *America's Martyrs* Richard Hodgkinson, 2008-02-01 Across the nation terrorists are attacking using a new and dangerous strategy. After kidnapping the families of seemingly ordinary Americans they are forcing them to commit terrorist acts. When the terrorists kill a Seattle police officer they use his family to force convicted felon Carey Rent to assassinate a high profile United States Senator. Instead of carrying his mission through Rent makes the ultimate gamble and kidnaps the Senator. It doesn't take Rent long to realize that in order to save this family he may have to murder the Senator. His choice thrusts him into a race against time to discover the true nature of the terrorist attack. Don't miss *America's Martyrs* the pulse pounding novel that will keep you on the edge of your seat until the very last page. *Special Agent Man* Steve Moore, 2012 For decades movies and television shows have portrayed FBI agents as fearless heroes leading glamorous lives but this refreshingly original memoir strips away the fantasy and glamour and describes the day to day job of an FBI special agent. The book gives a firsthand account of a career in the Federal Bureau of Investigation from the academy to retirement with exciting and engaging anecdotes about SWAT teams counterterrorism activities and undercover assignments. At the same time it challenges the stereotype of FBI agents as arrogant case stealing suit wearing stiffies by portraying the real people who carry badges and guns. With honest self deprecating humor Steve Moore's narrative details his successes and his mistakes the trauma the job inflicted on his marriage his triumph over the aggressive cancer that took him out of the field for a year and his return to the Bureau with renewed vigor and dedication to take on some of the most thrilling assignments of his career. *Field & Stream*, 1972-01 FIELD STREAM America's largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations.
