The Pale King

The Pale King By David Foster Wallace

Philip Sayers

The Pale King By David Foster Wallace:

The Pale King David Foster Wallace, 2012 The character David Foster Wallace is introduced to the banal world of the IRS Regional Examination Center in Peoria Illinois and the host of strange people who work there in a novel that was unfinished at the time of the author's death The Pale King Wallace David Foster 3m Company, 2014-06-05 The agents at the IRS Regional Examination Center in Peoria Illinois appear ordinary enough to newly arrived trainee David Foster Wallace But as he immerses himself in a routine so tedious and repetitive that new employees receive boredom survival training he learns of the extraordinary variety of personalities drawn to this strange calling And he has arrived at a moment when forces within the IRS are plotting to eliminate even what little humanity and dignity the work still has The Pale King remained unfinished at the time of David Foster Wallace's death but it is a deeply compelling and satisfying novel hilarious and fearless and as original as anything Wallace ever undertook It grapples directly with ultimate questions questions of life's meaning and of the value of work and society through characters imagined with the interior force and generosity that were Wallace's unique gifts Along the way it suggests a new idea of heroism and commands infinite respect for one of the most daring writers of our time **The Cambridge Companion to David Foster Wallace** Ralph Clare, 2018-09-20 A compelling comprehensive and substantive introduction to the work of David Foster Wallace

Corporeal Narrative in David Foster Wallace's Fiction Xiaomeng Wan, 2025-07-13 This book serves as a critical examination of contemporary American literature by examining David Foster Wallace's incorporation of corporeal narrative techniques in his novels with a particular focus on *The Broom of the System* *Infinite Jest* and *The Pale King* By employing corporeal narratology as a conceptual framework it sheds light on Wallace's profound exploration of the human body and its societal implications Through detailed analysis the book reveals how Wallace's narratives serve as a critique of contemporary issues such as self-alienation consumerism and the dehumanizing effects of modern society Designed for scholars and students of literature cultural studies and narrative theory this book provides a comprehensive understanding of Wallace's literary legacy and his keen observations on the complexities of human existence in the modern world *David Foster Wallace: Fiction and Form* David Hering, 2016-09-08 In *David Foster Wallace Fiction and Form* David Hering analyses the structures of David Foster Wallace's fiction from his debut *The Broom of the System* to his final unfinished novel *The Pale King* Incorporating extensive analysis of Wallace's drafts notes and letters and taking account of the rapidly expanding field of Wallace scholarship this book argues that the form of Wallace's fiction is always inextricably bound up within an ongoing conflict between the monologic and the dialogic one strongly connected with Wallace's sense of his own authorial presence and identity in the work Hering suggests that this conflict occurs at the level of both subject and composition analysing the importance of a number of provocative structural and critical contexts ghostliness institutionality reflection to the fiction while describing how this argument is also visible within the development of Wallace's manuscripts comparing early drafts with published material to offer a career-long framework of

the construction of Wallace's fiction The final chapter offers an unprecedentedly detailed analysis of the troubled decade long construction of the work that became *The Pale King* **Approaches to Teaching the Works of David Foster Wallace**

Stephen J. Burn, Mary K. Holland, 2019-08-01 Offers pedagogical techniques for teaching the works of David Foster Wallace's novels short stories and essays Includes considerations of Wallace's literary techniques philosophy and literary ethics Gives syllabus suggestions for undergraduate and graduate courses in American literature surveys first year composition courses world literature surveys and high school courses **David Foster Wallace in Context** Clare Hayes-Brady, 2022-12-01

David Foster Wallace is regarded as one of the most important American writers of the twentieth and twenty first centuries This book introduces readers to the literary philosophical and political contexts of Wallace's work An accessible and useable resource this volume conceptualizes his work within long standing critical traditions and with a new awareness of his importance for American literary studies It shows the range of issues and contexts that inform the work and reading of David Foster Wallace connecting his writing to diverse ideas periods and themes Essays cover topics on gender sex violence race philosophy poetry and geography among many others guiding new and long standing readers in understanding the work and influence of this important writer [The Legacy of David Foster Wallace](#) Samuel Cohen, Lee Konstantinou, 2012-04-15

Considered by many to be the greatest writer of his generation David Foster Wallace was at the height of his creative powers when he committed suicide in 2008 In a sweeping portrait of Wallace's writing and thought and as a measure of his importance in literary history *The Legacy of David Foster Wallace* gathers cutting edge field defining scholarship by critics alongside remembrances by many of his writer friends who include some of the world's most influential authors In this elegant volume literary critics scrutinize the existing Wallace scholarship and at the same time pioneer new ways of understanding Wallace's fiction and journalism In critical essays exploring a variety of topics including Wallace's relationship to American literary history his place in literary journalism his complicated relationship to his postmodernist predecessors the formal difficulties of his 1996 magnum opus *Infinite Jest* his environmental imagination and the social life of his fiction and nonfiction contributors plumb sources as diverse as Amazon.com reader recommendations professional book reviews the 2009 *Infinite Summer* project and the David Foster Wallace archive at the University of Texas's Harry Ransom Center The creative writers including Don DeLillo Jonathan Franzen George Saunders Rick Moody Dave Eggers and David Lipsky and Wallace's Little Brown editor Michael Pietsch reflect on the person behind the volumes of fiction and nonfiction created during the author's too short life All of the essays critical and creative alike are written in an accessible style that does not presume any background in Wallace criticism Whether the reader is an expert in all things David Foster Wallace a casual fan of his fiction and nonfiction or completely new to Wallace *The Legacy of David Foster Wallace* will reveal the power and innovation that defined his contribution to literary life and to self understanding This illuminating volume is destined to shape our understanding of Wallace his writing and his place in history **David Foster Wallace's Balancing Books**

Jeffrey Severs, 2017-01-03 What do we value Why do we value it And in a neoliberal age can morality ever displace money as the primary means of defining value These are the questions that drove David Foster Wallace a writer widely credited with changing the face of contemporary fiction and moving it beyond an emotionless postmodern irony Jeffrey Severs argues in David Foster Wallace's *Balancing Books* that Wallace was also deeply engaged with the social political and economic issues of the twentieth and twenty first centuries A rebellious economic thinker Wallace satirized the deforming effects of money questioned the logic of the monetary system and saw the world through the lens of value's many hidden and untapped meanings In original readings of all of Wallace's fiction from *The Broom of the System* and *Infinite Jest* to his story collections and *The Pale King* Severs reveals Wallace to be a thoroughly political writer whose works provide an often surreal history of financial crises and economic policies As Severs demonstrates the concept of value occupied the intersection of Wallace's major interests economics work metaphysics mathematics and morality Severs ranges from the Great Depression and the New Deal to the realms of finance insurance and taxation to detail Wallace's quest for balance and grace in a world of excess and entropy Wallace showed characters struggling to place two feet on the ground and restlessly sought to balance the books of a chaotic culture Explaining why Wallace's work has galvanized a new phase in contemporary global literature Severs draws connections to key Wallace forerunners Don DeLillo Thomas Pynchon and William Gaddis as well as his successors including Dave Eggers Teddy Wayne Jonathan Lethem and Zadie Smith interpreting Wallace's legacy in terms of finance the gift and office life

The Market Logics of Contemporary Fiction Paul Crosthwaite, 2019-07-18 Contemporary British and American fiction is defined by financial markets power over the global publishing industry and the global economy

Scale in Literature and Culture Michael Tavel Clarke, David Wittenberg, 2017-12-04 This collection emphasizes a cross disciplinary approach to the problem of scale with essays ranging in subject matter from literature to film architecture the plastic arts philosophy and scientific and political writing Its contributors consider a variety of issues provoked by the sudden and pressing shifts in scale brought on by globalization and the era of the Anthropocene including the difficulties of defining the concept of scale the challenges that shifts in scale pose to knowledge formation the role of scale in mediating individual subjectivity and agency the barriers to understanding objects existing in scalar realms different from our own the role of scale in mediating the relationship between humans and the environment and the nature of power authority and democracy at different social scales

The Unspeakable Failures of David Foster Wallace Clare Hayes-Brady, 2016-02-25 This book examines the writing of David Foster Wallace hailed as the voice of a generation on his death Critics have identified horror of solipsism obsession with sincerity and a corresponding ambivalence regarding postmodern irony and detailed attention to contemporary culture as the central elements of Wallace's writing Clare Hayes Brady draws on the evolving discourses of Wallace studies focusing on the unifying anti teleology of his writing arguing that that position is a fundamentally political response to the condition of neo liberal America She argues that Wallace's work is most unified by its resistance to closure

which pervades the structural narrative and stylistic elements of his writing Taking a broadly thematic approach to the numerous types of failure or lack of completion visible throughout his work the book offers a framework within which to read Wallace s work as a coherent whole rather than split along the lines of fiction versus non fiction or pre and post Infinite Jest two critical positions that have become dominant over the last five years While demonstrating the centrality of failure the book also explores Wallace s approach to sincere communication as a recurring response to what he saw as the inane self absorbed commodification of language and society along with less explored themes such as gender naming and heroism Situating Wallace as both a product of his time and an artist sui generis Hayes Brady details his abiding interest in philosophy language and the struggle for an authentic self in late twentieth century America *Mathematics in Postmodern American Fiction* Stuart J. Taylor,2024-04-23 This book delivers an innovative critical approach to better understand U S fiction of the information age and argues that in the last eighty years fiction has become increasingly concerned with its representations of mathematical ideas images and practices In so doing this book provides a fuller transnational account of the place of mathematics in understanding mathematically informed novels Literature and science studies have acknowledged and situated historical points of cultural crossover by emphasising mathematics within this larger intellectual context and not as an unlikely and alien adjunct to post war culture this monograph clarifies how mathematically informed postmodern fictions work in a cognate fashion to other fields undergoing structuralist revolutions This is especially evident in fiction by the key mathematically literate Postmodern authors upon whom this study focuses namely Thomas Pynchon Don DeLillo and David Foster Wallace through which recent the technological revolutions facilitated by mathematics manifest in cultural discourse *David Foster Wallace and "The Long Thing"* Marshall Boswell,2014-07-31 Of the twelve books David Foster Wallace published both during his lifetime and posthumously only three were novels Nevertheless Wallace always thought of himself primarily as a novelist From his college years at Amherst when he wrote his first novel as part of a creative honors thesis to his final days Wallace was buried in a novel project which he often referred to as the Long Thing Meanwhile the short stories and journalistic assignments he worked on during those years he characterized as playing hooky from a certain Larger Thing Wallace was also a specific kind of novelist devoted to producing a specific kind of novel namely the omnivorous culture consuming encyclopedic novel as described in 1976 by Edward Mendelson in a ground breaking essay on Thomas Pynchon s Gravity s Rainbow David Foster Wallace and The Long Thing is a state of the art guide through Wallace s three major works including the generation defining Infinite Jest These essays provide fresh new readings of each of Wallace s novels as well as thematic essays that trace out patterns and connections across the three works Most importantly the collection includes six chapters on Wallace s unfinished novel The Pale King which will prove to be foundational for future scholars of this important text *Labour of Laziness in Twentieth-Century American Literature* Zuzanna Ladyga,2019-07-04 This text argues that major twentieth century American writers such as Gertrude Stein Ernest

Hemingway John Barth Donald Barthelme and David Foster Wallace provocatively challenge the ethos of productivity by filtering their ethical interventions through culturally stigmatised imagery of laziness

Understanding David Foster Wallace Marshall Boswell, 2020-09-30 Since its publication in 2003 *Understanding David Foster Wallace* has served as an accessible introduction to the rich array of themes and formal innovations that have made Wallace's fiction so popular and influential. A seminal text in the burgeoning field of David Foster Wallace studies, the original edition of *Understanding David Foster Wallace* was nevertheless incomplete as it addressed only his first four works of fiction: namely the novels *The Broom of the System* and *Infinite Jest* and the story collections *Girl with Curious Hair* and *Brief Interviews with Hideous Men*. This revised edition adds two new chapters covering his final story collection *Oblivion* and his posthumous novel *The Pale King*. Tracing Wallace's relationship to modernism and postmodernism, this volume provides close readings of all his major works of fiction. Although critics sometimes label Wallace a postmodern writer, Boswell argues that he should be regarded as the nervous leader of some still unnamed and perhaps unnamable third wave of modernism. In charting a new direction for literary practice, Wallace does not seek to overturn postmodernism nor does he call for a return to modernism. Rather, his work moves resolutely forward while hoisting the baggage of modernism and postmodernism heavily but respectfully on its back. Like the books that serve as its primary subject, Boswell's study directly confronts such arcane issues as postmodernism, information theory, semiotics, the philosophy of Ludwig Wittgenstein, and poststructuralism, yet it does so in a way that is comprehensible to a wide and general readership—the very same readership that has enthusiastically embraced Wallace's challenging yet entertaining and redemptive fiction.

Fictions of Finance at the End of an American Century Richard Godden, 2023 Addressing the emergence and decline of US Fordism, this volume examines how an economy determines the language of those who live among its imperatives. It studies how the complexities of words and their histories derive from and register the organizing contradictions of an industrial economy and of its failure.

American Literature in Transition, 2000-2010 Rachel Greenwald Smith, 2017-12-28 *American Literature in Transition 2000-2010* illuminates the dynamic transformations that occurred in American literary culture during the first decade of the twenty-first century. The volume is the first major critical collection to address the literature of the 2000s, a decade that saw dramatic changes in digital technology, economics, world affairs, and environmental awareness. Beginning with an introduction that takes stock of the period's major historical, cultural, and literary movements, the volume features accessible essays on a wide range of topics, including genre fiction, the treatment of social networking in literature, climate change fiction, the ascendancy of Amazon and online booksellers, 9/11 literature, finance and literature, and the rise of prestige television. Mapping the literary culture of a decade of promise and threat, *American Literature in Transition 2000-2010* provides an invaluable resource on twenty-first-century American literature for general readers, students, and scholars alike.

Authorship's Wake Philip Sayers, 2020-12-10 *Authorship's Wake* examines the aftermath of the 1960s critique of the author epitomized by Roland Barthes's essay "The

Death of the Author This critique has given rise to a body of writing that confounds generic distinctions separating the literary and the theoretical Its archive consists of texts by writers who either directly participated in this critique as Barthes did or whose intellectual formation took place in its immediate aftermath These writers include some who are known primarily as theorists Judith Butler others known primarily as novelists Zadie Smith David Foster Wallace and yet others whose texts are difficult to categorize the autofiction of Chris Kraus Sheila Heti and Ben Lerner the autotheory of Maggie Nelson These writers share not only a central motivating question how to move beyond the critique of the author subject but also a way of answering it by writing texts that merge theoretical concerns with literary discourse Authorship's Wake traces the responses their work offers in relation to four themes communication intention agency and labor *David Foster Wallace: Fiction and Form* David Hering, 2016-09-08 In *David Foster Wallace Fiction and Form* David Hering analyses the structures of David Foster Wallace's fiction from his debut *The Broom of the System* to his final unfinished novel *The Pale King* Incorporating extensive analysis of Wallace's drafts notes and letters and taking account of the rapidly expanding field of Wallace scholarship this book argues that the form of Wallace's fiction is always inextricably bound up within an ongoing conflict between the monologic and the dialogic one strongly connected with Wallace's sense of his own authorial presence and identity in the work Hering suggests that this conflict occurs at the level of both subject and composition analysing the importance of a number of provocative structural and critical contexts ghostliness institutionality reflection to the fiction while describing how this argument is also visible within the development of Wallace's manuscripts comparing early drafts with published material to offer a career long framework of the construction of Wallace's fiction The final chapter offers an unprecedentedly detailed analysis of the troubled decade long construction of the work that became *The Pale King*

Right here, we have countless ebook **The Pale King By David Foster Wallace** and collections to check out. We additionally have enough money variant types and then type of the books to browse. The standard book, fiction, history, novel, scientific research, as competently as various other sorts of books are readily within reach here.
