

The background of the book cover is a painting of a man in a dark suit, white shirt, and orange tie, lying face down on a dark surface. His head is resting on his arms, and his hands are flat on the surface. A single chocolate chip cookie lies on the surface near his right hand. A bright, circular light emanates from behind his head, creating a halo effect. The title text is centered over this light.

The Windows of Saint Joseph Claudia Mazzucco,2009-04 Autism is a house without doors but sometimes a window is opened For me that window was religion Too early in my life I was blessed to perceive religion as it really is and though in the very depth of my self I knew that child abuse didn't apply in this case the images that Islam and the Inquisition evoke in me were almost too horrible to bear In a word I was terrified of religion How little we know what a religious experience really is even our own Certainly after two years of meetings and daily masses there was no sense of reality that my mind could provide for the content of Catholic doctrines thereby invalidating them I had never really noticed what the rules of Catholicism were and what typical Catholics experienced However far I fall short of their understanding I think my real trouble was I didn't have a theory of mind thus I concluded that everybody including the priest who had to celebrate mass experienced what I did The theory of the mind runs very deep It underscores the big words the kinds of words that make consciousness possible self

community freedom itself I have indeed become conscious of my freedom How far down would I need to dig to discover the Risen Christ Claudia Mazzucco has published a number of articles on the history of golf in magazines periodical publications and online magazines She has also researched various subjects including the historical background for Roberto De Vincenzo's Biography published in Buenos Aires in 2005 and The Guide of Golf Courses in Argentina Santillana 2003 She has edited more than twenty books on data and statistics about golf and taught history of this game in the PGA of Argentina for several years before deciding to devote full time to writing
