innovative etymological treatment of material from all dialects including Mycenaean A new model of linguistic change in the epic tradition is used to tackle two hotly debated problems metrical irregularities in Homer including muta cum liquida and the double reflex The proposed solution has important consequences for Greek dialect classification and the prehistory of Epic language and meter *Outline of Course of Study* Eastern Michigan University. Training School Dept,1892 The Category of Comparison in Latin Lucie Pultrová,2022-11-14 This book focuses on one of the basic yet still rather neglected in Latin linguistics grammatical categories comparison of adjectives and adverbs Which Latin adjectives and adverbs allow for comparative and superlative forms and which ones do not This question may seem trivial to those working with modern languages but is not at all trivial in the case of a dead language such as Latin that has no native speakers and a limited corpus of written texts Based on extensive data collection the book aims to provide today s readers of Latin with some objective criteria for determining the answer Lexical Semantics D. A. Cruse,1986-09-18 Lexical Semantics is about the meaning of words Although obviously a central concern of linguistics the semantic behaviour of words has been unduly neglected in the current literature which has tended to emphasize sentential semantics and its relation to formal systems of logic In this textbook D A Cruse establishes in a principled and disciplined way the descriptive and generalizable facts about lexical relations that any formal theory of semantics will have to encompass Among the topics covered in depth are idiomaticity lexical ambiguity synonymy hierarchical relations such as hyponymy and meronymy and various types of oppositeness Syntagmatic relations are also treated in some detail The discussions are richly illustrated by examples drawn almost entirely from English Although a familiarity with traditional grammar is assumed readers with no technical linguistic background will find the exposition always accessible All readers with an interest in semantics will find in this original text not only essential background but a stimulating new perspective on the field Language Development Sandra Levey,Susan Polirstok,2010-09-29 Language Development Understanding Language Diversity in the Classroom offers comprehensive coverage of the language development process for pre and in service teachers while emphasizing the factors that further academic success in the classroom including literacy skills phonological awareness and narrative With chapters written by respected specialists in various fields this interdisciplinary text illuminates the impact of language development on learning success and distinguishes between language differences and disorders integrating illustrative case studies as well as helpful classroom strategies that teachers can implement right away *Economics for Consumers* Leland James Gordon,1950
