## **Interests Institutions And Information Domestic Politics And International Relations:**

Interests, Institutions, and Information Helen V. Milner, 1997-09-18 The interaction of the domestic actors preferences given their political institutions and levels of information defines when international cooperation is possible and what its terms will be Several test cases examine how this argument explains the phases of a cooperative attempt the initiation the negotiations at the international level and the eventual domestic ratification *Foreign Policy, Domestic Politics and International Relations* Elisabetta Brighi, 2013-10-01 This book offers a re examination of foreign policy in its relation with domestic politics and international relations IR Bringing together a vast body of literature from IR foreign policy analysis comparative politics and public policy this book systematically reconceptualises foreign policy as a dialectic produced by the interplay of context strategy and discourse It argues that foreign policy defies easy understandings and necessitates a complex framework of analysis introducing the Strategic Relational Model as conceptualised in critical realism for the first time to the field of foreign policy analysis Combining a comprehensive investigation of the last century of Italian foreign policy with an exploration of a key theoretical issue within the field of foreign policy analysis and IR this book analyses key episodes within Italian foreign policy including Italy s Cold War alliance politics colonial interventions fascist foreign policy and Italy s participation in the wars of Kosovo Iraq and Afghanistan It provides a comprehensive and up to date account of the long term historical trajectory of Italian foreign policy from the Liberal age to the Second Republic including all four governments of Silvio Berlusconi Foreign Policy Domestic Politics and International Relations will be of interest to students and scholars of International Relations Foreign Policy Analysis and Italian politics **Domestic Political Change and Grand Strategy** National Bureau of Asian Research (U.S.), 2007 Based upon work supported by the Department of Energy National Nuclear Security Administration under Award Number DE FG52 03SF22724 *The Domestic Politics of Foreign Aid* Erik Lundsgaarde, 2013 This book explains the choices that states make concerning the volume of development aid they provide and what types of priorities are supported with this assistance The core argument of the book is that aid choices are a product of domestic politics in donor countries which involve a variety of actors that differ in character across the donor community International Relations: A European Perspective Mario Telò, 2016-04-22 International Relations A European Perspective presents the main schools of international relations while underlining the added value of the European approach Contrary to US or East Asian perspectives a European viewpoint adopts a critical approach to traditional cleavages The author demonstrates the added value of a European approach to international relations taking into account both the shortcomings and achievements found within European history and current European unity Key themes include the evolution of state sovereignty regional cooperation between previous enemies political impact of economic integration regimes building international rule setting institutionalization of international relations and the weight of ideas and perceptions by transnational cooperation This comprehensive assessment takes into consideration every school of international relations

critically presented from this original perspective and as such makes the book ideal for courses on international relations

*Encyclopedia of Government and Politics* Mary Hawkesworth, Maurice Kogan, 2013-11-07 This is a brand new edition of the critically acclaimed Encyclopedia of Government and Politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium Providing a penetrating analysis of government and politics at a global regional and nation state level the Encyclopedia assesses both traditional and contemporary approaches and projects the paths of future research The articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject Internationally respected contributors have been carefully selected to present contending approaches to related topics both to clarify the political implications of the various methodologies and to enrich the portrayal of political life With its expanded revised and updated coverage Encyclopedia of Government and Politics is more than ever an indispensable tool for students teachers professional analysts and policy makers

**Encyclopedia of Government and Politics** M. E. Hawkesworth, Maurice Kogan, 2004 This is a brand new edition of the critically acclaimed Encyclopedia of Government and Politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium Providing a penetrating analysis of government and politics at a global regional and nation state level the Encyclopedia assesses both traditional and contemporary approaches and projects the paths of future research The articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject Internationally respected contributors have been carefully selected to present contending approaches to related topics both to clarify the political implications of the various methodologies and to enrich the portrayal of political life With its expanded revised and updated coverage Encyclopedia of Government and Politics is more than ever an indispensable tool for students teachers professional analysts and policy makers

*The Oxford Handbook of the American Presidency* George C. Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today

*The European Union and Multilateral Trade Governance* Arlo Poletti, 2012-03-29 What role does the EU play in WTO trade negotiations What are the implications for the EU of the expansion of the international trade agenda that has taken place in the last fifteen years The European Union and Multilateral Trade Governance examines the EU's role in global economic governance and the negotiations of the Doha Round The book provides a comprehensive overview of the EU's role in the Doha Round of multilateral trade negotiations The empirical study is grounded in a theoretically driven discussion in order to understand trade politics dynamics in the present international economic system By providing both conceptual and empirical arguments the volume provides an innovative perspective on the analysis of the EU as a global economic influence The European Union and Multilateral Trade Governance will be of interest to students and scholars of European Union politics and international political economy

**European Union Intergovernmental Conferences** Paul W. Thurner, Franz

Urban Pappi, 2009-05-07 Provides an empirical investigation of foreign policy decision making in the EU 15 The authors examine collective decision making within national governments and in intergovernmental negotiations **Europe United**

Sebastian Rosato, 2010-12-16 The construction of the European Community EC has widely been understood as the product of either economic self interest or dissatisfaction with the nation state system In Europe United Sebastian Rosato challenges these conventional explanations arguing that the Community came into being because of balance of power concerns France and the Federal Republic of Germany the two key protagonists in the story established the EC at the height of the cold war as a means to balance against the Soviet Union and one another More generally Rosato argues that international institutions whether military or economic largely reflect the balance of power In his view states establish institutions in order to maintain or increase their share of world power and the shape of those institutions reflects the wishes of their most powerful members Rosato applies this balance of power theory of cooperation to several other cooperative ventures since 1789 including various alliances and trade pacts the unifications of Italy and Germany and the founding of the United States Rosato concludes by arguing that the demise of the Soviet Union has deprived the EC of its fundamental purpose As a result further moves toward political and military integration are improbable and the economic community is likely to unravel to the point where it becomes a shadow of its former self **Reconstructing the Cold War** Ted Hopf, 2012-04-12 This title explores how the early years of the Cold War were marked by contradictions and conflict It looks at how the turn from Stalin's discourse of danger to the discourse of difference under his successors explains the abrupt changes in relations with Eastern Europe China the decolonizing world and the West **Back to Basics** Martha Finnemore, Judith Goldstein, 2013-04-25 Edited by Martha Finnemore and Judith Goldstein Back to Basics asks scholars to reflect on the role power plays in contemporary politics and how a power politics approach is influential today *Routledge Handbook of Populism and Foreign Policy* David Cadier, Angelos Chrysosgelos, Sandra Destradi, 2025-06-20 This handbook provides a methodical comprehensive and unifying overview of the vibrant yet disparate scholarship on populism and foreign policy By mapping the debates and existing findings as well as presenting the different conceptual and theoretical lenses the handbook provides new insights as to how whether and to what extent populism influences foreign policy Carefully selected international contributors connect their own work to others to offer a thorough theoretically informed and empirically tested academic treatment of the topic across a number of cases where populist actors are or have been in power Divided into four parts Concepts and Theories Factors and Processes Actors and Structures Issues and Policy Areas the diverse and comprehensive insights on the global cross regional and transnational dimensions of populism will be of interest to scholars and students of international relations political science public policy foreign policy political theory populism and area studies This text will also be of interest to those working from the perspectives of Sociology Law and History as well as to the practitioners of international politics **EU and US Foreign Economic Policy Responses to China** Joachim Schild, Dirk Schmidt, 2023-12-19 This book examines EU

and US bilateral trade and investment relations with China their attempts to level the economic playing field and to narrow the reciprocity gap in market openness It explores the extent of EU and US policy change the underlying factors accounting for this change and compares EU and US foreign economic policy answers to an adversary increasingly perceived as an unfair economic competitor and as a systemic rival The book covers a broad range of policy areas from trade wars trade defense instruments their reform and use investment screening and export control to industrial policies It makes eclectic use of different strands of International Relations International Political Economy and Policy Analysis theorizing to account for the extent of and differences in the EU and US responses The People's Republic of China's stellar economic and political rise combined with the resilience of its unfair trade practices its reinforced authoritarian repression at home and its ever more assertive foreign economic policy has triggered a shift in perceptions of China followed by equally profound policy change in the European Union and the US This book expertly charts and explains this significant shift in stance This book will be of key interest to scholars students and practitioners in the fields of EU trade policymaking US foreign foreign economic policy EU China US economic relations European political economy and more broadly to European studies Asian studies International Relations International Political Economy and transatlantic relations

#### **The United States and International Law**

Lucrecia García Iommi, Richard W Maass, 2022-07-26 The United States spearheaded the creation of many international organizations and treaties after World War II and maintains a strong record of compliance across several issue areas yet it also refuses to ratify major international conventions like the UN Convention on the Law of the Sea and the Convention on the Elimination of All Forms of Discrimination Against Women Why does the United States often seem to support international law in one way while neglecting or even violating it in another The United States and International Law Paradoxes of Support across Contemporary Issues analyzes the seemingly inconsistent U S relationship with international law by identifying five types of state support for international law leadership consent internalization compliance and enforcement Each follows different logics and entails unique costs and incentives Accordingly the fact that a state engages in one form of support does not presuppose that it will do so across the board The contributors to this volume examine how and why the United States has engaged in each form of support across twelve issue areas that are central to twentieth and twenty first century U S foreign policy conquest world courts war nuclear proliferation trade human rights war crimes torture targeted killing maritime law the environment and cybersecurity In addition to offering rich substantive discussions of U S foreign policy in each of these areas their findings reveal patterns across the U S relationship with international law that shed light on behavior that often seems paradoxical at best hypocritical at worst The results help us understand why the United States engages with international law as it does the legacies of the Trump administration and what we should expect from the United States under the Biden administration and beyond

The Foreign Policies of European Union Member States Ian Manners, Richard Whitman, 2000 This comparative analysis of the foreign policies of European Union member

states includes comprehensive coverage of the post Maastricht period and the three newest members of the EU In the only comparative study of its kind since 1976 the book analyzes the dual impact of the Maastricht Treaty on the European Union and the post Cold War environment on the foreign policy processes of the EU s member states The book argues for a new approach to the foreign policy analysis of EU states that recognizes the fundamental changes that membership brings after the Cold War but also acknowledges the diverse role of policies which states seek to retain or advance as being special

**Can the World Be Governed?** Alan S. Alexandroff, 2008-02-25 In this book leading international relations experts and practitioners examine through theory and case study the prospect for successful multilateral management of the global economy and international security In the theory section contributors tackle the big questions Why is there an apparent rising tide of calls for reform of current multilateral organizations and institutions Why are there growing questions over the effectiveness of global governance Is the reform of current organizations and institutions likely or possible Case studies include the examination of difficulties facing global development the challenges facing the IMF and the governance of global finance the problems of the UN 2005 World Summit and its failed reform and the WTO and the questions raised by the prolonged Doha Development Round Co published with the Centre for International Governance Innovation Power and Governance in a Partially Globalized World Robert Keohane, 2003-09-02 As one of the most innovative and influential thinkers in international relations for more than three decades Robert O Keohane s groundbreaking work in institutional theory has redefined our understanding of international political economy Consisting of a selection of his most recent essays this absorbing book address such core issues as interdependence institutions the development of international law globalization and global governance The essays are placed in historical and intellectual context by a substantial new introduction outlining the developments in Keohane s thought and in an original afterword the author offers a challenging interpretation of the September 11th attacks and their aftermath Undoubtedly this book is essential reading for anyone with an interest in international relations

**The Responsive Union** Christina J. Schneider, 2019 The EU s perceived lack of responsiveness to ordinary citizens has created a serious crisis of democratic legitimacy that threatens its very survival In this timely book Schneider presents a comprehensive account of how EU governments signal responsiveness to the interests of their citizens over European policies
