Whats So Great About Christianity By Dinesh DSouza:

What's So Great About Christianity Dinesh D'Souza, 2008-11-04 Is Christianity true Can educated thinking people really believe the Bible Or do the athiests have it right Has Christianity been disproved by science and discredited as a guide to morality Best selling author Dinesh D Souza What s So Great About America approaches Christianity with a skeptical eye but treats the skeptics with equal skepticism The result is a book that will challenge the assumptions of doubters and affirm that there really is indeed something great about Christianity Dinesh D'Souza's What's So Great About America Harold Palmer, 2016-04-15 Is America a nation like any other with a past marked by injustice and oppression Or is America a shining city on a hill marked by exceptionalism one where the lamp of liberty and democracy burns brightly Dinesh D Souza has written What s So Great About America to respond to America s critics who deny that there is anything unique about America These critics include multiculturalists who allege historical racism and the oppression of minorities Western leftists who see America as a force of evil Third World intellectuals who deplore the legacy of colonialism and Islamic fundamentalists who view America as culturally decadent and morally corrupt In answering these critics D Souza argues that America is not only good but that it is great indeed it is the embodiment of freedom s ideal D Souza makes a strong case for America arguing that it is a free and prosperous society with unlimited opportunity for those seeking a better life Yet despite his enthusiasm for America his treatment of America s sins is unsatisfactory one sided and does not result in the vindication of America from the claims of her critics In his response to Dinesh D Souza s What s So Great About America Harold Palmer highlights America s three great sins i the oppression of the Native Americans ii slavery and iii historic discrimination of African Americans and other minorities Mr Palmer argues that D Souza fails to adequately respond to the accounts of America s critics with respect to any of these great sins or to the views of cultural conservatives who deplore America as culturally decadent and morally degenerate Finally in this volume Mr Palmer argues that D Souza fundamentally misunderstands the meaning of greatness In his constant repetition of the fact that America permits for economic opportunity D Souza forgets that greatness is not about material prosperity but about virtue temperance and justice Notwithstanding D Souza s incessant focus on wealth greatness can only ever be an attribute of a virtuous and upright society regardless of its material prosperity What's So Great about God Dinesh D'Souza, 2013-09-13 For a lot of people the biggest question about God is not surprisingly enough whether He exists Instead it is about whether God is truly good Dinesh D Souza in his debates with leading atheists quickly realized that many of those debates revolved around the question of evil in this world how God could create a world that allowed such suffering and evil In What s So Great about God Dinesh D Souza takes these questions head on Does God act like a tyrant Is God really responsible for the evil in this world Why is there suffering in the world For the first time ever Dinesh D Souza approaches this apologetic topic with historical and scientific proof and presents to the reader why God is truly worthy of our worship and love Previously published as Godforsaken **Christianity's Dangerous Idea** Jonas E. Alexis, 2010 Today many

in Hollywood and the media have declared open warfare on the family education and Christianity in general Intellectuals have labeled religion particularly Christianity as mere wish fulfillment or a virus of the mind something to be eradicated at all costs In Christianity s Dangerous Idea Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been fabricated in order to attack Christianity and the people who promote those fallacies This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history science experience common sense and final destiny More importantly Alexis subjects the rivals of Christianity to the same rigorous testing Christianity s Dangerous Idea clearly demonstrates the destructive nature of popular atheistic and anti Christian philosophies spread throughout Western culture by such famous people as Friedrich Nietzsche Sigmund Freud Carl Jung David Cronenberg Steven Spielberg Alan Moore William S Burroughs Philip K Dick Bruce Lee Ayn Rand Bart D Ehrman Richard Dawkins and many more In a scholarly yet readable fashion Alexis shows that what the ancient Greeks often referred to as the cult of Dionysus has become mainstream in our modern age

Scoffing at Scripture Frank Bolger Kelly,2011-02 A former Roman Catholic Frank Bolger Kelly has long wondered why thinking humans as a whole in the 21st century have not yet been able to disenthral themselves from the demonstrable falsehoods and sectarian nonsense of organized religion A few years ago Kelly

decided to sit down with the sacred scriptures of several of the world's major religions the alleged bedrocks of these various creeds in a last ditch effort to achieve holy inspiration Instead he became wholly disenchanted and Scoffing at Scripture A Commoner Reads the World's Holy Writ and Rejects Traditional Religion is the result Far from representing that all elusive Word of God creedal scripture the world over it seems to Kelly merely cloaks the tribal agendas and cultural designs of the world's priestly and virtually allmale elites With the general reader in mind the author has grouped together a series of compact discussions of religion and scripture for cross cultural comparative reference Kelly's intent is to facilitate critical analysis of the world's holy writ and in particular to encourage younger skeptical readers of a secular mind to confront the doctrinal scriptural and ritual absurdities of those faiths into which they were born and continue to be indoctrinated Frank Bolger Kelly grew up in an Irish Catholic family in the Bronx New York matriculated to a noted Jesuit college in New England and subsequently did time at a prestigious non sectarian institution of higher learning in the Midwest It was during his enlightening time at the latter that Kelly first began seriously to question not only his own religious upbringing but the scriptural bases of all the world's major religions Kelly was quickly convinced that the vast majority of the faithful the world over commoners like himself just might reconsider their religious roots and motivations in a new light if they actually bothered to immerse themselves for a time in their own sacred scriptures rather than merely fake familiarity with them Actually to read scripture in all its antiquated tendentious sectarian absurdity Kelly reasoned is to take a first giant step in renouncing irrational creeds of all kinds Thus was born Scoffing at Scripture A Commoner Reads the World's Holy Writ and Rejects Traditional Religion a book from which the author hopes the open minded reader will draw a secularly pure spiritual sustenance

Morality Without God? Walter Sinnott-Armstrong, 2009-07-02

Walter Sinnott Armstrong argues that God is not only not essential to morality but that our moral behavior should be utterly independent of religion *The Case Against Moral Atheism* Ken Wheeler, 2014-09-26 What if you decided today that God did not exist Would that change your morality Would you still turn in an honest tax return Why If you are a single mother having a difficult time making ends meet would you steal from the cash drawer at work to buy food for your baby Why not If an adult decided to prey on young children why would that be morally different than a crocodile feasting on a baby monkey at the watering hole in the jungle Why has the law of the jungle changed just because the jungle is now Wall Street and the Internet If humanity evolved from primordial slime pools who gets to declare that the pedophile is a criminal and the croc is just functioning according to his evolved DNA Why should a person adopt moral values if he believes a Creator God does not exist Does the Chaos Theory provide an answer to that question or is it just an attempt by the Atheist to fill in the blank with anything but God while avoiding the obvious and logical challenges produced by the concept of a Godless morality The Case Against Moral Atheism challenges anyone who does not believe in a moral law giver above mankind to consider why they should live moral lives if this life is all there is *Themelios, Volume 45, Issue 3* D. AFA Journal ,2005 *The New Atheism, Myth, and History* Nathan Johnstone,2018-06-11 This book examines the misuse of history in New Atheism and militant anti religion It looks at how episodes such as the Witch hunt the Inquisition and the Holocaust are mythologized to present religion as inescapably prone to violence and discrimination whilst the darker side of atheist history such as its involvement in Stalinism is denied At the same time another constructed history that of a perpetual and one sided conflict between religion and science rationalism is commonly used by militant atheists to suggest the innate superiority of the non religious mind In a number of detailed case studies the book traces how these myths have

long been overturned by historians and argues that the New Atheism's cavalier use of history is indicative of a troubling approach to the humanities in general. Nathan Johnstone engages directly with the God debate at an academic level and contributes to the emerging study of non-religion as a culture and an identity.
