Encyclopedia of British Poetry, 1900 to the Present James Persoon,2015-04-22 Presents a comprehensive A to Z reference with approximately 450 entries providing facts about contemporary British poets including their major works of poetry concepts and movements , **The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950** George Watson,I. R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **New Territories in Modernism** Laura Wainwright,2018-03-15 Until very recently Welsh literary Modernism has been critically neglected both within and outside Wales This is the first book devoted solely to the study of Welsh literary Modernism revealing and examining eight key Anglophone Welsh writers Laura Wainwright demonstrates how their linguistic experimentation constituted an engagement with the unprecedented linguistic social and cultural changes that were the making of modern Wales and formed the crucible for the emergence of a distinct Welsh Modernism This study of Welsh Modernism challenges conventional literary histories and in more than one sense takes Modernism and Modernist studies into new territories **The Cambridge Companion to British Poetry, 1945-2010** Edward Larrissy,2016 This Companion brings together sixteen essays that explore the full diversity of British poetry since the Second World War Focusing on famous and neglected names alike from Dylan Thomas to John Agard leading scholars provide readers with insight into the ongoing importance and profundity of post war poetry The Poetry of the Forties A. Trevor Tolley,1985 **The English Catalogue of Books Published from January, 1835, to January, 1863** ,1864 **The Oxford Illustrated Literary Guide to Great Britain and Ireland** Dorothy Eagle,Hilary Carnell,Meic Stephens,1992 Complete with over 300 colour and black and white illustrations of writers their homes and the landscapes that inspired them this is a new edition of a perennially popular guide to the literary associations of hundreds of places in Britain and Ireland 105 places have been added to those listed in the acclaimed Oxford Literary Guide while among the 137 extra authors are Mervyn Peake Ivor Gurney Radclyffe Hall John Betjeman and Raymond Chandler *A Companion to Twentieth-Century Poetry* Neil Roberts,2008-06-09 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international

scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite. However, the volume also looks forward to the poetry and readings that the new century will bring. The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries, a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism. Representation of the canonical and the marginal is therefore balanced, including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions. Discussion of context, intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period, whilst a Readings section offers new readings of key selected texts. The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century.

The Golf Club and Chess Society Harold Liberty, 2025-03-21 Step into the captivating world of Bletchley Park where codebreakers not only deciphered enemy messages but also cultivated a vibrant cultural life. The Golf Club and Chess Society, a gentle parody of Government Code and Cipher School, delves into the previously untold stories of the Park's artistic endeavours. Witness the growth of the Musical Society which began with intimate light music shows and small soirees shared among members. As time passed, the society expanded to include distinguished guests from outside the Park and even welcomed renowned professionals who were secretly part of the codebreaking team. Discover the evolution of the BP Drama Group from a small group of enthusiasts to a highly skilled company whose reputation extended far beyond the confines of Bletchley Park. Explore surviving scripts that reveal the creative process behind individual sketches and items and uncover the sources of inspiration for the talented writers. Poetry flourished at BP thanks to the presence of nationally recognized writers while fine art persevered despite wartime shortages. Dance was not only enjoyed for recreational purposes but also as a means of personal improvement. And of course, chess players were legendary figures in the codebreaking scene, but why? Through the use of original and contemporary sources, this account provides a unique insight into the ways in which these gifted artistes enriched their extraordinary universe.
