The Shattering of the Self Cynthia Marshall,2003-05-22 In The Shattering of the Self Violence Subjectivity and Early Modern Texts Cynthia Marshall reconceptualizes the place and function of violence in Renaissance literature During the Renaissance an emerging concept of the autonomous self within art politics religion commerce and other areas existed in tandem with an established popular sense of the self as fluid unstable and volatile Marshall examines an early modern fascination with erotically charged violence to show how texts of various kinds allowed temporary release from an individualism that was constraining Scenes such as Gloucester s blinding and Cordelia s death in King Lear or the dismemberment and sexual violence depicted in Titus Andronicus allowed audience members not only a release but a shattering as opposed to an affirmation of the self Marshall draws upon close readings of Shakespearean plays Petrarchan sonnets John Foxe s Acts and Monuments of the Christian Martyrs and John Ford s The Broken Heart to successfully address questions of subjectivity psychoanalytic theory and identity via a cultural response to art Timely in its offering of an account that is both historically and psychoanalytically informed The Shattering of the Self argues for a renewed attention to the place of fantasy in this literature and will be of interest to scholars working in Renaissance and early modern studies literary theory gender studies and film theory

*Better a Shrew than a Sheep* Pamela Allen Brown, 2018-08-06 In a study that explodes the assumption that early modern comic culture was created by men for men Pamela Allen Brown shows that jest books plays and ballads represented women as laugh getters and sought

out the laughter of ordinary women Disputing the claim that non elite women had little access to popular culture because of their low literacy and social marginality Brown demonstrates that women often bested all comers in the arenas of jesting gaining a few heady moments of agency Juxtaposing the literature of jest against court records sermons and conduct books Brown employs a witty entertaining style to propose that non elite women used jests to test the limits of their subjection She also shows how women s mocking laughter could function as a means of social control in closely watched neighborhoods While official culture beatified the sheep like wife and disciplined the scold jesting culture often applauded the satiric shrew whether her target was priest cuckold or rapist Brown argues that listening for women s laughter can shed light on both the dramas of the street and those of the stage plays from The Massacre of the Innocents to The Merry Wives of Windsor to The Woman s Prize taught audiences the importance of gossips alliances as protection against slanderers lechers tyrants and wife beaters Other jests ballads jigs and plays show women reveling in tales of female roguery or scoffing at the perverse patience of Griselda As Brown points out some women found Griselda types annoying and even foolish better be a shrew than a sheep
