Fuller, 2015-03-27 You never know about people Human predictability is the singular thing that mathematicians and scientists cannot calculate with 100% accuracy The human chemistry ebbs and flows from second to second where only one thing is certain and that is unpredictability Just as in one s own decision making where life s twist and turns will eventually dictate your final decision sometimes even when you know it is the wrong choice The time an individual spends on earth is as

small as a tiny pebble tumbling down the Grand Canyon We should spend it as wisely as possible by measuring each day hour minute and second given to us Life is a fleeting spirit and with each breath worthy of congratulations as it is given only by the grace of God We must cherish it and nurture every moment as our transitory time marches to an end An end that man has been studying writing songs creating stories about and trying to beat since the beginning of his existence The tragedy of 9 11 changed many things for Americans that will never be the same In the cloudy days soon thereafter Carla King s husband disappeared without a trace and she was left with their daughter to survive After their divorce she was living a mundane life one day at a time when one night while out with friends she runs into Cutino Grigsby her mister right From the start time spent with Cutino was adventurous and lustful gregarious and fanciful free They danced the Marengo on the Bay of Biscay and flew with the doves over mountains of joy Their impromptu travels to faraway places and gifts from Cutino blinded her from any negative judgments about him His physical appearance was striking and his confidence brought her security and made Carla take a note of admiration But it is his deceit that teaches her the most as her renaissance man will bring changes into her life that she never anticipates She must hang on for the ride towards a crossroad of life which could land her in deep water or even her demise

The Total Joy of Travelling on Public Transport Phil Lowe, 2019-11-12 Ah the total joy of travelling on public transport Do you love travelling with the delightfully varied public and their dubious electronic gadgets and often odious habits Do you mind when the person behind you has a full blown argument on their mobile phone with the speaker positioned at extra loud just so you are sure to get both argumentative sides of the mutual yelling Is it OK for someone to apply their nail polish on a hot bus thereby nearly choking the other passengers to death with the toxic fumes Would special mobile confessionals built into modes of public transport ease the congestion of verbal diarrhoea from total strangers Do you balk at getting up close and personal with the great unwashed Are you the kind of person that finds the joys of travelling on public transport highly amusing or would you rather just throw yourself under a bus
