How do you arrive at a plan that works for you MEET THE AUTHOR Valerie Fulton is an award winning writer with experience in a wide variety of genres from poetry to screenplays to academic and grant writing A graduate of Colby College she holds an M A in English from the University of Virginia She lives in Austin Texas EXCERPT FROM THE BOOK Know the difference between a good deal and a thrifty purchase How many of us have purchased fruit or vegetables from the local warehouse store at a fantastic price only to have much of that produce eventually spoil in the refrigerator No matter how low the unit price is if we are buying more than we can use the reality is that we are paying the bulk price for a much smaller amount of food and would have been better off buying the same item at a higher per unit price at the grocery store This principle applies to many things We may enjoy building a bookshelf by hand but if the materials cost more than a similar bookshelf advertised on Craigslist or available through your local freecycle it is not a frugal activity we have wasted both raw materials and our time We may purchase a deeply discounted gym membership that goes unused or a dress from the sales rack that goes unworn True thrift involves not only knowing the market value of things and learning how to obtain them for less it involves the ability to buy only those items we will use regardless of how hard it can be to resist a good sale or bargain price CHAPTER OUTLINE Thrifty Living Frugal Tips for Living on Less Introduction Approaching and Adapting a Frugal Lifestyle Incorporating Thrifty Practices into Daily Life When Thrift Ends Up Costing You and much more **Frugal but Fabulous: How to Live Large on a Small Budget** Margaret Light,2024-12-11 Frugal but Fabulous How to Live Large on a Small Budget is an empowering guide to achieving a life of style joy and abundance without overspending This book redefines luxury showing readers how to savour life s pleasures through creativity resourcefulness and intentional choices From elegant entertaining and affordable travel to savvy shopping and DIY decor each chapter provides practical tips for living well while saving money Celebrate the art of mindful spending build financial confidence and embrace a lifestyle that balances frugality with fabulousness Discover how to thrive on any budget and create a life that feels rich in every way
