Wilson By Daniel Clowes:

Wilson Daniel Clowes, 2017-02-07 Now a feature film with Woody Harrelson and Laura Dern A new paperback edition of the modern classic timed to the release of the Alexander Payne produced film version Meet Wilson an opinionated middle aged loner who loves his dog and quite possibly no one else In an ongoing quest to find human connection he badgers friend and stranger alike into a series of one sided conversations punctuating his own lofty discursions with a brutally honest self negating sense of humor After his father dies Wilson now irrevocably alone sets out to find his ex wife with the hope of rekindling their long dead relationship and discovers he has a teenage daughter born after the marriage ended and given up for adoption Wilson eventually forces all three to reconnect as a family a doomed mission that will surely inevitably backfire Daniel Clowes one of the leading cartoonists of our time creates a thoroughly engaging complex and fascinating portrait of the modern egoist outspoken and oblivious to the world around him Working in a single page gag format and drawing in a spectrum of styles the cartoonist of Ghost World Ice Haven and The Death Ray gives us Wilson his funniest and most deeply affecting novel to date

Beyond the Story Christina Bieber Lake, 2019-10-31 Beyond the Story American Literary Fiction and the Limits of Materialism argues that theology is crucial to understanding the power of contemporary American stories By drawing on the theories of M M Bakhtin Christian personalism and contemporary phenomenology Lake argues that literary fiction activates an irreducibly personal intersubjectivity between author reader and characters Stories depend on a dignity granting valuation of the particular lives of ordinary people which is best described as an act of love that mirrors the love of the divine Through original readings of the fiction of Philip Roth Cormac McCarthy Lydia Davis Toni Morrison and others Lake enters into a dialogue with postsecular theory and cognitive literary studies to reveal the limits of sociobiology s approach to culture The result is a book that will remind readers how storytelling continually reaffirms the transcendent value of human beings in an inherently personal cosmos This book will be of interest to students and scholars of theology and literary studies as well as a broad audience of readers seeking to engage on a deeper level with contemporary literature

Mullins, Todd Richardson, 2019-04-24 In *Implied Nowhere* Absence in Folklore Studies authors Shelley Ingram Willow G Mullins and Todd Richardson talk about things folklorists don't usually talk about They ponder the tacit aspects of folklore and folklore studies looking into the unarticulated expectations placed upon people whenever they talk about folklore and how those expectations necessarily affect the folklore they are talking about The book's chapters are wide ranging in subject and style yet they all orbit the idea that much of folklore both as a phenomenon and as a field hinges upon unspoken or absent assumptions about who people are and what people do The authors articulate theories and methodologies for making sense of these unexpressed absences and in the process they offer critical new insights into

discussions of race authenticity community literature popular culture and scholarly authority Taken as a whole the book represents a new and challenging way of looking again at the ways groups come together to make meaning In addition to the main chapters the book also includes eight interstitials shorter studies that consider underappreciated aspects of folklore These discussions which range from a consideration of knitting in public to the ways that invisibility shapes an internet meme are presented as questions rather than answers encouraging readers to think about what more folklore and folklore studies might discover if only practitioners chose to look at their subjects from angles more cognizant of these unspoken gaps
