## acquaintance rape on trial

"The sexual violence to which we stand that the notion of looking to one's partner about sex is treated off and being shared victims are many in proportion. But thanks to Sunday's focus on better understanding of the social and cultural forces that lie behind that violence... it's between committing a sexual assault that increases both how far the rape rape discussion is to go and how far it has already come."

**Athletes, Sexual Assault, and Trials by Media** Deb Waterhouse-Watson, 2013-02-11 Since footballer sexual assault became top news in 2004 six years after the first case was reported much has been written in the news media about individual cases footballers and women who have sex with them Deb Waterhouse Watson reveals how media representations of recent sexual assault cases involving Australian footballers amount to trials by media trials that result in acquittal The stories told about footballers and women in the news media evoke stereotypes such as the gold digger woman scorned and the predatory woman which cast doubt on the alleged victims claims and suggest that they are lying Waterhouse Watson calls this a narrative immunity for footballers against allegations of sexual assault This book details how popular conceptions of masculinity and femininity inform the way footballers bodies team bonding women sex and alcohol are portrayed in the media and connects stories relating to the cases with sports reporting generally Uncovering similar patterns of narrative grammar and discourse across these distinct yet related fields Waterhouse Watson shows how these discourses are naturalised with reports on the cases intertwining with broader discourses of football reporting to provide immunity Despite the prevalence of stories that discredit the alleged victims Waterhouse Watson also examines attempts to counter these pervasive rape myths articulating successful strategies and elucidating the limitations built into journalistic practices and language itself

**Sexual Assault in Canada** Elizabeth A. Sheehy,2012-09-29 Sexual Assault in Canada is the first English language book in almost

two decades to assess the state of sexual assault law and legal practice in Canada. Gathering together feminist scholars, lawyers, activists, and policy makers, it presents a picture of the difficult issues that Canadian women face when reporting and prosecuting sexual violence. The volume addresses many themes, including the systematic undermining of women who have been sexually assaulted, the experiences of marginalized women, and the role of women's activism. It explores sexual assault in various contexts, including professional sports, the doctor-patient relationship, and residential schools. And it highlights the influence of certain players in the reporting and litigation of sexual violence, including health care providers, social workers, police, lawyers, and judges. *Sexual Assault in Canada* provides both a multi-faceted assessment of the progress of feminist reforms to Canadian sexual assault law and practice and articulates a myriad of new ideas, proposed changes to law, and inspired activist strategies. This book was created to celebrate the tenth anniversary of Jane Doe's remarkable legal victory against the Toronto police for sex discrimination in the policing of rape and for negligence in failing to warn her of a serial rapist. The case made legal history and motivated a new generation of feminist activists. This book honours her pioneering work by reflecting on how law, legal practice, and activism have evolved over the past decade and where feminist research and reform should lead in the years to come. Published in English.

**Youth Violence** I. M. Rachia, 1999. This bibliography comprises a selection of Library of Congress catalog records for some 1,500 books, periodicals, and websites related to youth violence. Anyone wanting such a bibliography could probably compile it from the Library of Congress web site, and the deficiencies in conception and design of this product defy understanding. A brief preface sounds an alarm: no one should be surprised that youth violence lurks behind every schoolhouse door, but sets forth no criteria for selection of citations, no indication of time frame, purpose, or audience. Entries are arranged alphabetically by title within chapters on school violence, guns, and youth gangs, campus violence, dating and violence, and periodicals and Web sites. Unforgivably primitive alphabetic sorting puts all titles beginning with 'The' together, the same with other articles, and in addition, those titles are indexed together. Though the title indicates the presence of abstracts, there are none except the summaries supplied by Library of Congress for juvenile titles, of which there are many. Cross-referencing and indexing, except by title, are absent. The compiler's credentials, motivation, and orientation are not cited. Furthermore, with better design, the contents would have consumed half the number of pages, and a few typeface variations would have eased scanning. **Women at the Center** Peggy Reeves Sanday, 2002. Contrary to the declarations of some anthropologists, matriarchies do exist. Peggy Reeves Sanday first went to West Sumatra in 1981, intrigued by reports that the matrilineal Minangkabau, one of the largest ethnic groups in Indonesia, label their society a matriarchy. Numbering some four million in West Sumatra, the Minangkabau are known in Indonesia for their literary flair, business acumen, and egalitarian, democratic relationships between men and women. Sanday uses her repeated visits to West Sumatra in the closing decades of the twentieth century as the basis for a new definition of matriarchy. From the vantage point of daily life in villages, especially one

where she developed close personal ties Sanday's narrative is centered on how the Minangkabau conceive of their world and think humans should behave along with the practices and rituals they claim uphold their matriarchate Women at the Center leaves the reader with a solid sense of the respect for women that permeates Minangkabau culture and gives new life to the concept of matriarchy

**Jews and Feminism** Laura Levitt, 2013-09-05 By interrogating America's promise of a home for Jews as citizens of the liberal state Jews and Feminism questions the very terms of this social contract Maintaining that Jews women and Jewish women are not necessarily secure within this construction of the state Laura Levitt links this contractual construction of belonging and acceptance to legacies of marriage as a contractual home for Jewish women Exploring the immigration of Jews from Eastern Europe for America as well as their desire to make this country their permanent home Levitt raises questions about the search for stability in specific Jewish religious and cultural traditions which is linked to the liberal academy as well as feminist study thus offering an account of an ambivalent Jewish feminist embrace of America as home
