Dear [Mr./Mrs./Ms.] [Hiring Manager's Name],

Upon consideration of your posting for a Corrections Officer at ***, I felt compelled to submit my resume for your review. As an experienced professional and Corrections Officer with comprehensive experience in this field, I believe that my services can contribute to the success of the firm's objectives.

I have the ability to learn the guidelines and policies in a short time frame and interact with all kinds of prisoners, even the ones who have mental agony. Furthermore, I have the cognitive ability to face the pressure and dangers specific to prison facilities. I am sympathetic, patient, and empathetic, yet I am also rational, practical, and assertive. I believe these traits of mine will make me a good fit for the role of Corrections Officer. Consider the following highlights of my qualifications:

- Evaluating incidental and uncertain situations and reacting effectively and reasonably to mitigate any risk and danger.
- Using physical restraints and control on inmates only when absolutely necessary.
- Overseeing everyday operations for the **** Detention Facility for the past 10 years as a Corrections Officer, managing 40-60 inmates every day and effectively managing all the operations to lessen internal occurrences and conflicts.
- Liaising efficiently between corrections staff, courts, law enforcement personnel, parole officers, judges, and wardens.
- Surveying inmates, collecting fingerprints and even DNA samples, storing the collected data, and enabling inmate discharge when it's time.
- Policing and evaluating buildings, yards, and even clothing to assure the welfare, safety, and overall security of all the inmates and security personnel.
- Received a Certificate of Appreciation for ***** at ***** in the year *****.

I am confident that if positioned I would greatly exceed your expectations, and substantially benefit the firm. I look forward to discussing the position and my qualifications in further detail.

Thank you for your time, and consideration.

Sincerely,

[Your Name]

Introduction to Corrections Robert D. Hanser, 2012-10-18

Introduction to Corrections provides students with an understanding of basic concepts in the field of corrections. The book offers comprehensive coverage of both institutional and community corrections with particular emphasis on the perspective of the practitioner. Students taking corrections classes often have wild misconceptions about prison work and the corrections environment; misconceptions typically derived from movies and the news and even current textbooks. In this new text, Robert Hanser uses his own on-the-ground experience to colorfully explain how the corrections system actually works and what it is like to be a part of it. A practitioner scholar and experienced teacher whose research has focused on gangs, domestic violence and corrections, Hanser introduces students to the correctional worker's complex world of sub-cultural norms, the impact of prisoner classification and assessment and both the theory and legal elements affecting corrections systems today.

Corruption in the Division of Corrections Chinyere Udeh, 2019-12-06

Corruption in the Division of Corrections captures the life of a female correctional officer II who was victimized inside the corrupt system of DPSCS from 2015 to 2019. It tells of the magnitude of inhumane treatment she endured, the false medical report that was made against her by the state medical directors intentionally denying of job opportunities, interference with her accumulative leave hours, paychecks, pay increase, illegal termination from the state service. She talks of the frame up she experienced and witnessing some of the treatment made to other correctional officers. The book tells of the corrupt system of DPSCS that everybody knows but nobody talks about the impact the corrupt system has created inside the correctional facilities alongside the sexual exploitation and trading sex for positions and protections. She also talks about the medical condition she suffered as a result of a long-term internalized trauma of depressed mood and adjustment disorder caused by work-related stress. Lastly, she tells of her right to receive therapeutic treatment requested by the psychologist but again the DPSCS intentionally deprived her of it. Instead they

illegally terminated her and left her with nothing to fall back on while she is recovering *Encyclopedia of Community Corrections* Shannon M. Barton-Bellessa, 2012-05 In response to recognition in the late 1960s and early 1970s that traditional incarceration was not working alternatives to standard prison settings were sought and developed One of those alternatives community based corrections had been conceived in the 1950s as a system that might prove more progressive humane and effective particularly with people who had committed less serious criminal offenses and for whom incarceration with constant exposure to serious offenders and career criminals might prove more damaging than rehabilitative The alternative of community corrections has evolved to become a substantial part of the criminal justice and correctional system spurred in recent years not so much by a progressive humane philosophy as by dramatically increasing prison populations court orders to fix overextended prison settings and an economic search for cost savings *Encyclopedia of Community Corrections* explores all aspects of community corrections from its philosophical foundation to its current inception Features a thematic reader s guide in the front matter groups entries by broad topical or thematic areas to make it easy for users to find related entries at a glance a chronology in the back matter helps students put individual events into broader historical context a glossary provides students with concise definitions to key terms in the field a resource guide to classic books journals and web sites along with the further readings accompanying each entry guides students to further resources in their research journeys and appendix offers statistics from the Bureau of Justice **Federal Energy Regulatory Commission Reports** United States.
