Catechism of the Catholic Church and the Craft of Catechesis Pierre De

Cointet,Petroc Willey,2018-08-22 Foreword by Cardinal Christoph Schoenborn The theme of this book is that the Catechism of the Catholic Church perhaps the most important work on catechesis since the Apostolic Age offers not only a new definitive account for our times of the full teaching of the Catholic faith but also that it is a superbly crafted work from which to learn and to teach the faith This book reveals the pedagogy embedded in the Catechism showing every teacher parent catechist or student how to discover the key principles that enable one to learn from and teach from the Catechism The Compendium of the Catechism of the Catholic Church speaks of the wisdom of the presentation of the Catechism and of the depth of its spirituality These points have rarely been explained in any sustained way and have never before been systematically treated The unique point about this book is that it focuses on these points rather than a simple explanation of the content of the Catechism This book offers a pedagogical approach to the Catechism for handing on the faith of the Catholic Church in any setting whether home school and parish It offers perennially valid teaching points drawn from a perennial text and an explanation of the pedagogy of God which underpins all authentic teaching methods in the Church In this way the book offers a twelve step path to recovery out of unhealthy catechetical addictions and obsessions which have bedeviled the catechetical world It is unique in its origin emerging from a catechetical friendship encouraged by Cardinal Sch nborn between three institutions working in an authentic Catholic catechetical tradition The three authors display a deep trust and love for the words of the Catechism of the Catholic Church words that hold a rich heritage and can be pondered lovingly and searchingly since they are for our good for everyone s good *The Gospel-Driven Life* Michael

Horton,2009-10-01 In his well received *Christless Christianity* Michael Horton offered a prophetic wake up call for a self centered American church With *The Gospel Driven Life* he turns from the crisis to the solutions offering his recommendations for a new reformation in the faith practice and witness of contemporary Christianity This insightful book will guide readers in reorienting their faith and the church s purpose toward the good news of the gospel The first six chapters explore that breaking news from heaven while the rest of the book focuses on the kind of community that the gospel generates and the surprising ways in which God is at work in the world Here is fresh news for Christians who are burned out on hype and are looking for hope Formation for Life Glen Stassen,Rodney L. Petersen,Timothy A. Norton,2013-08-16 From all corners of

the world both inside cities and in the remote countryside the cry for just peace rings out loud and strong But as many will note in this book the cry for just peace isn t enough for just peace requires active faith working hands and willing hearts Gathered in this volume are essays written from a wide variety of perspectives religious traditions nationalities and ages from a sixteen year old high school student to an eighty four year old senior professor that seek to offer insight toward answering one question How are just peacemaking faith formation and discipleship connected within a twenty first century context
