Bilingual Special Education for the 21st Century: A New Interface Colón, Gliset, Alsace, Tamara O., 2022-05-13 Bilingual students with disabilities have an established right to be educated in their most proficient language. However, in practice, many culturally and linguistically diverse students still do not receive the quality of education that they are promised and deserve. Multilingual learners with disabilities must be acknowledged for the assets they bring and engaged in classroom learning that is rigorous and relevant. *Bilingual Special Education for the 21st Century: A New Interface* addresses the complex intersection of bilingual education and special education with the overlay of culturally and linguistically sustaining practices.
