Film's First Family Terry Chester Shulman,2019-11-12 A fascinating and beautifully written portrait of a tempestuous family that played a pivotal role in the development of American film Vanda Krefft author of *The Man Who Made the Movies* Adultery secret marriages divorce custody battles suicide attempts alcoholism the trials and tribulations of the Costellos were as riveting as any Hollywood feature film Written with unprecedented access to the family's personal documents and artifacts and interviews with several family members this riveting study explores the dramatic history of the Costellos and their significance to the stage and screen This eccentric tragic yet talented clan was one of the twentieth century's most accomplished families of actors second only to the Barrymores with whom they intermarried and begat a film dynasty riddled with jealousy resentment and heartbreak Inevitably the Costellos' brilliant achievements would be eclipsed by their own immutable penchant for self destruction Patriarch Maurice Dimples Costello was considered the first screen idol until his career marked by accusations of spousal abuse drunkenness and physical assault abruptly ended His daughter Dolores married John Barrymore arguably the most famous man in Hollywood at the time and their son would carry on the Barrymore name to successive generations of actors Costello's other daughter Helene was the first actress to star in an all talking picture *The Lights of New York* However her career was wracked by scandal in 1932 during her very public divorce from actor director Lowell Sherman who testified that his wife was a drunk and an avid reader of pornography The original members of this pioneering family may be gone but the name and legacy of the Costellos will live on through their accomplishments films and descendants most notably actress Drew Barrymore and through this sweeping biography with enough juicy material to have filled several volumes Leonard Maltin [PC Mag](#) ,1988-11-29 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology
