VISION and RE-VISION Beena. G,2019-07-15 How different would mythological narratives be if women voiced their perspectives Amidst great wars superhuman heroes and their glorious victories is there a place for women Are great wars limited to armed conflicts between armies of men on the battlefields Do women have their own battles before after and beyond the confines of wars in the epic narratives of India Both the Ramayana and the Mahabharata have integrated into our social and cultural fabric and permeated into the myriad layers of life across genres and media It is a common practice to revisit mythological landscapes and realign the lenses to look at them afresh from different perspectives Re renderings often bring in multiple interpretations that are creative and critical adding variety and currency to the original narratives Vision and Re vision traces the lives of seven marginalized women from revisionist works against the central motif of war It follows the pursuits of Ganga Surpanakha Uruvi Sita Urmila Satyavati and Draupadi to understand their struggles and victories as women Analyzing textual spaces provided to women it explores their marginalized voices and their resistance patterns These in turn establish new narratives of subversion and reclaim the voices and identities of women from the margins A sound theoretical framework enables a comprehensive understanding of feminism and its distinct Indo centric identity the Postcolonial Nation: Contemporary Indian Voices in English Dr. Priyanka Singla, Dr. Hardeep Singh, 2024-04-12 In recent years the literature of India has seen a remarkable resurgence with writers exploring diverse themes and narratives that reflect the complexity of the postcolonial experience This edited volume Writing the Postcolonial Nation Contemporary Indian Voices in English brings together a collection of essays that delve into the portrayal of postcolonial features in the works of contemporary Indian writers In the realm of literature the impact of colonialism on the cultural and social fabric of a nation is a topic that has garnered much attention and debate The echoes of colonial rule reverberate through the works of contemporary Indian writers in English as they grapple with the legacy of imperialism and its lasting effects on their identities and narratives This edited volume delves into the portrayal of postcolonial features in the works of these authors exploring how they navigate and negotiate the complexities of a postcolonial world The essays in this collection offer a multi faceted analysis of contemporary Indian writing in English examining the various ways in which writers engage with and subvert colonial discourse From reimagining historical events to challenging traditional power structures these authors use their stories to reclaim and redefine their cultural identities in a postcolonial context Through a lens of postcolonial theory

the contributors to this volume shed light on how Indian writers in English interrogate the legacies of colonialism and envision new possibilities for a decolonized future One of the central themes explored in this book is the notion of hybridity a concept that reflects the blending of multiple cultural influences and identities Indian writers in English often navigate this space of hybridity drawing from both indigenous traditions and Western literary forms to create works that are uniquely Indian yet globally resonant By embracing their diverse cultural heritage these authors challenge essentialist notions of identity and offer a nuanced understanding of postcolonial experience Another key focus of this volume is the concept of agency as seen through the portrayal of marginalized voices and perspectives in contemporary Indian literature Through the lens of post colonialism the contributors to this volume analyze how writers empower themselves and their communities through storytelling reclaiming their narratives from the confines of colonial discourse By centering the voices of the marginalized and dispossessed these authors challenge the dominant narratives of power and privilege and offer a counter narrative that speaks truth to power As editors of this volume we hope to contribute to the ongoing conversation surrounding Ritushree Sengupta & Ashish Kumar Gupta, 2021-05-15 Human culture has always weaved myths around its pattern of existence for multiple purposes The interplay of religion and social practices have found their own space within the sphere of mythology It is possible to read mythical texts to probe into the greater picture of human civilization. The contribution of myths towards the shaping of human beliefs behavioural patterns are evident and assessing them often reveals a plethora of cultural histories unexplored and therefore unacknowledged before The contribution of mythopoeia towards the construct of human socio cultural identity has been largely accepted Modern academia has thus taken a strong interest in revisionist literature to understand the hitherto unknown nuances of human civilization In the edited anthology Art and Aesthetics of Modern Mythopoeia Literatures Myths and Revisionism Vol II like the first volume an attempt has been made to anthologize the works of a large number of authors who have talked about pertinent issues in the context of myth making the latent politics of mythopoeia and has taken into account several under explored texts that are rich in mythical content This volume offers a wide range of critical studies involving classical as well as modern myths around the globe *Art and Aesthetics of* Modern Mythopoeia Volume-One Ashish Kumar Gupta, Ritushree Sengupta, 2020-01-01 Mythopoeia has always been a steady proponent in the construct of any socio cultural order In contemporary times owing to the rise of cultural studies a steady interest in revisionist literary texts has also surfaced The association of Indian culture and values with a plethora of mythological narratives have made several scholars curious because they do offer an array of new perspectives of understanding the art aesthetics and also the politics of myths within a larger social religious and cultural context Similarly by exploring the trope of myth it has been possible to look at other countries cultures as well This anthology offers new readings of classical myths across continents and cultures The anthologized essays have collectively explored the various

trends of revisionist literature Sincere attempts have also been made to highlight the ways in which re readings of select literary works can admirably transform set notions and ideas of human existence

Complexion Based Discriminations Dr. Deen Dayal, 2018-06-15 Complexion based discrimination is a harsh prejudice against dark skinned people by fair skinned people that has been prevalent in all countries and continents of the world This book states the unbearable traumas faced by dark skinned people such as Nelson Mandela Martin Luther Jimmy Carter Barack Obama Mahatma Gandhi Bhimrao Ambedkar and the Dalai Lama The book is a harsh whip against the orthodox dogmas that make the lives of dark or black skinned people hell and is a healing balm to restore their stamina in the fight against people who deprive them of their rights It is an effort to strike at the root of superstitions and prejudice Worth is to be based on one s quality talent and hard work not on skin colour National Conference on Contradiction, Conflict and Continuity NHIT,2017-03-29 The title of the conference Contradiction Conflict and Continuity Their Significance in Contemporary Society is generic Contradiction and conflict became tangible from the time when language became the medium of expression The inevitable consequence of such contradictions and conflicts was severe bloodsheds As society developed perceptions towards contradiction and conflict were also changed Some ideologies which were identified as the prevalent customs of the society became the mammoth issues of contradiction and conflicts Sometimes the contradictions were restricted within discussion among the cultured people sometimes it was continued as people holding different

ideologies moved on simultaneously without influencing the other for example between the theist and the atheist and among various isms The same idealism which triggered the ire of conflict and contradiction in different socio political aspects sometimes become the soul guiding force for the development in various trajectories **New Woman in Indian Literature: From Covert to Overt** Dipak Giri, 2018-01-01 Since there was hardly any book written on the concept of New Woman compiling the works of Indian English writers the author had long felt desire to bring out a compact volume in this field The present volume is like a dream come true as it prepares the solid ground for the long cherished desire of the author The book New Woman in Indian English Literature From Covert to Overt is an attempt to combining the varied shapes of new emerging trend of womanhood in Indian English Literature into a single whole The book covers twenty six well explored articles on this recent trend of writing which has been fast growing since last few decades The contributing authors are very deep sincere and reflective in the articulation of their original ideas and views Authors are hopeful that the book will bring into focus many new things and ideas yet to be explored and thus will be useful to critical minds Revolving Around India(s) Juan Ignacio Oliva-Cruz, Antonia Navarro-Tejero, Isabel Sánchez Berriel, 2020-01-21 This book highlights a variety of approaches to the study of contemporary India and offers a transnational gender and social research perspective on the concepts of Indian tradition the representation of the Indian diaspora and the emergent political activisms in India The contributions suggest questions and answers about the various temporal and spatial loci inherent to India and its gender and ethnic differences. The volume analyses different cultural texts and explores how they refer to equality and interculturality or promote discourses of fear and racism The multiple viewpoints and analyses found in this volume will broaden and stimulate both upcoming outcomes and studies on the future of India
