pond Kennedy's appetite for trouble is insatiable but when he discovers that he owes 1.4 million dollars in back taxes it seems his outrageous hedonistic lifestyle may not be as sustainable as he thought. Forced to accept a teaching position at sleepy Deeping University where his ex-wife and teenaged daughter now reside, Kennedy returns to England with a paper trail of tabloid headlines and scorned starlets hot on his bespoke heels. However, as he acclimatizes to the quaint campus, Kennedy is forced to reconsider his laddish lifestyle. Incredible as it may seem, there might actually be a father and a teacher lurking inside this preening narcissistic priapic sociopath. A sharp and knowing satire of the film industry, publishing, and academia. *The Guardian*     [The Amateurs](#) John Niven, 2012-05-08 GARY is a sweet and decent man. Only two things would improve his life: having children with his gorgeous wife Pauline and a lower golf handicap. Both are unlikely. PAULINE is wondering how she ended up living in an ugly little house, driving a second-hand car, and making a living dressing up as Tinkerbell. She's planning to leave Gary for a self-made carpet millionaire. FINDLAY, the Carpet King of Scotland, wants to trade in his obese wife for a younger model. But if he goes for a divorce, she'll take him to the cleaners. If only there was some way she could be made to disappear. LEE, Gary's luckless brother, has botched one too many drug deals. Local crime overlord Ranta Campbell gives him one more job, one last chance to get it right. Lee's done some bad things, but murder? When Gary gets smashed on the head by a golf ball and miraculously develops an absolutely perfect swing, everyone finds their fates rest on the final day of the Open Championship.     [Grammar for Grown-ups](#) Katherine Fry, Rowena Kirton, 2012 Agitated about apostrophes, dithering over dangling participles, stumped by the subjunctive. For native English speakers who realise that there's more to good English than meets the eye but don't know where to start, this is a guide to the perils, pitfalls, and problematic aspects of the English language.     **Madness, Distress and the Politics of Disablement** Helen Spandler, Jill Anderson, Bob Sapey, 2015-06-16 An exploration of the relationship between madness, distress, and disability, bringing together leading scholars and activists from Europe, North America, Australia, and India.     *Second Coming of Christ* Nathaniel West, 1879     *America 1844* John Bicknell, 2014-11-01 The presidential election of 1844 was one of the two or three most momentous elections in American history. Had Henry Clay won instead of James K. Polk, we'd be living in a very different country today. Polk's victory cemented the westward expansion that brought Texas, California, and Oregon into the union. It also took place amid religious turmoil that included anti-Mormon and anti-Catholic violence and the Great Disappointment, in which thousands of followers of an obscure preacher named William Miller believed Christ would return to earth in October 1844. Author and journalist John Bicknell details even more compelling interwoven events that occurred during this momentous year: the murder of Joseph Smith, the religious fermentation of the Second Great Awakening, John C. Frmont's exploration of the West, Charles Goodyear's patenting of vulcanized rubber, the near death of President John Tyler in a freak naval explosion, and much more. All of these elements illustrate the competing visions of the American future: Democrats versus Whigs, Mormons versus Millerites, nativists versus Catholics, those who risked the venture westward versus those who

stayed safely behind and how Polk's election cemented the vision of a continental nation      *Publisher and Bookseller* ,1868
